

Nurse Update Course

Saint Xavier University Center for Nursing Scholarship Announces

An RN Update Course to be offered at Saint Xavier University beginning October 15 and ending November 21, 2009. Class is on Thursday from 11 a.m.- 5 p.m. Skills lab is held on Saturday from 8 a.m. – 2 p.m. Clinical experiences will be held on Saturday and Sunday from 7 a.m. – 3 p.m.

Course Overview

This course is for **currently licensed** Registered Professional Nurses preparing to re-enter nursing practice. The theory focuses on the discussion of common adult medical and surgical issues seen by the nurse in general practice. Pharmacology for the conditions discussed will be integrated within the theory and clinical components. A five day clinical practicum will allow the students an opportunity to apply their knowledge to hospitalized clients.

- ☛ Classroom sessions will be offered on the Chicago campus on October 15, 22, 29, November 5, 12, & 19. Three skills labs will be held on October 17, 24, & 31.
- ☛ Five clinical experiences will be held on November 7, 8, 14, 15 & 21 at a local hospital.

Admission Requirements

- Current, active Illinois Registered Professional Nurse License
- Completed health requirements including proof of immunizations/identified titers
- Current CPR Card

Cost

- Fee of \$1400 payable in 3 installments
- Cost of suggested textbooks
