Shared Governance Presentation Viewing

As part of our ongoing efforts to enhance the principles of shared governance, for those who were unable to attend Dr. Michael Boyd's the May 12th presentation, we will offer a showing of his discussion. As you may recall, upon recommendation of HLC, we connected with Dr. Boyd, President and CEO of Kankakee Community College, to guide us through the concepts of shared governance in higher education. You will find the accompanying power point presentation available on the mySXU portal, which will be handy to have available as you watch the video.

02:30 pm — Discussion
