

MASTER OF BUSINESS ADMINISTRATION

WHY STUDY FORENSIC ACCOUNTING?

The demand for accounting students who have specialized qualification in fraud and forensic accounting has grown significantly and various studies indicate that the demand for well-trained fraud and forensic accountants is extremely likely to continue to grow.

This program would not only prepare students for the Certified Fraud Examiner (CFE) certification but would also assist them to complete the needed hours to sit for the CPA exam.

Accreditation

Saint Xavier's Graham School of Management business programs are accredited by AACSB International (The Association to Advance Collegiate Schools of Business).

The Saint Xavier University's Graham School of Management MBA Concentration and Certificate in Forensic Accounting is an advanced degree, designed to provide you with the superior knowledge and skills you need to excel in a wide range of accounting and business roles.

DEVELOP AN EYE FOR DETAIL

Develop an eye for detail with a background in accounting basics and legal concepts while you learn from faculty experts. Prepare yourself for specific accounting practices:

- Investigating mergers and acquisitions
- Tax investigations
- Economic crime investigations
- Civil litigation support
- Specialized audits
- Terrorism investigation

INVESTIGATE AND DEFEND AGAINST FRAUD

Students in the Graham School of Management's campus-based and online forensic accounting program gain an understanding of:

- The characteristics of fraud, fraud prevention and detection, investigative techniques and asset recovery.
- How forensic accounting and fraud examination are applied in civil and criminal cases.
- How to review, detect and investigate possible financial statement fraud.
- How to use the latest technology to help detect and investigate white-collar crimes.
