

SXU Online Tutoring - Smarthinking

Smarthinking is an online tutoring program for SXU students.

1. You can access Smarthinking on [SXU Canvas](#).
2. Clicking on any of your courses on canvas.
3. Click on the **Smarthinking Online Tutoring** tab on the left column (See Figure 1)

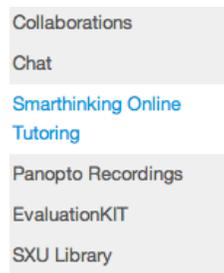

Figure 1

Note: If it gives you this page (See Figure 2):

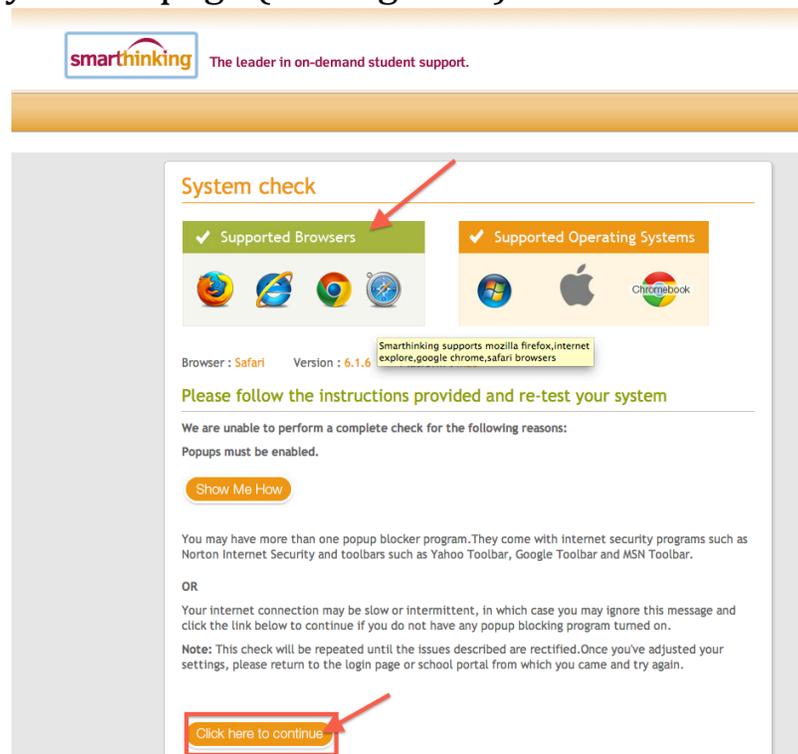

Figure 2

Check to see if you have a compatible browser and select the orange **Click here to continue** button.

4. Smarthinking has online tutors to help you with a wide variety of subjects (See Figure 3).

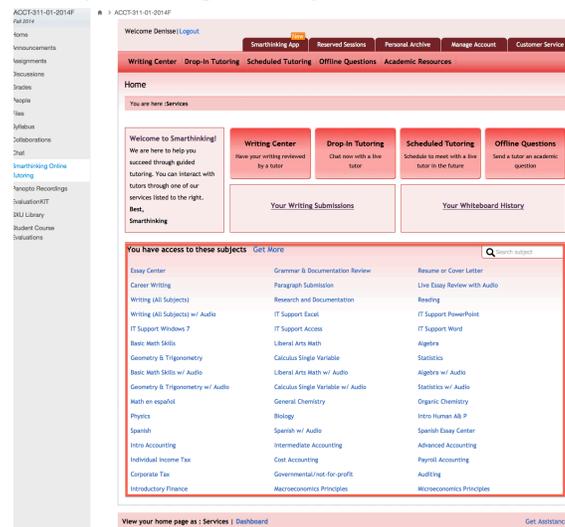

Figure 3

5. There are four main options to choose from to obtain the help in the subject you may need (See Figure 4).

Figure 4

a) The **Writing Center** is a great tool to use to have your essays reviewed before you turned it in. Turn in a well-reviewed essay by having an online tutor review what you are struggling with the most By clicking on the **Writing Center** option, it will take you to an online form that needs to be filled out with information on the essay.

Note: Make sure to submit the essay to be reviewed with enough time before it is due.
Smarthinking tutors can help you with up to 2 main areas you may have concerns about in the essay (See Figure 5).

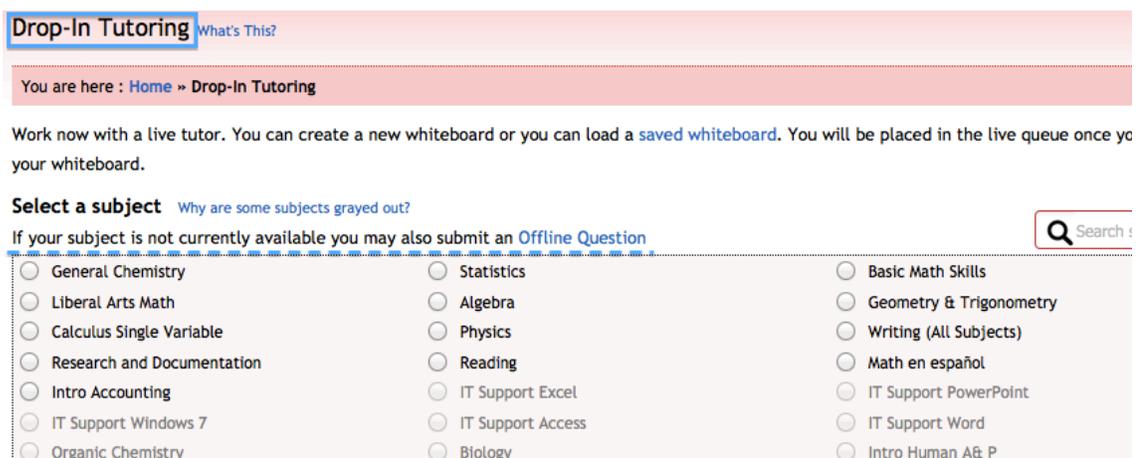

Select up to **two areas** in which you need help * :

- Main Idea/Thesis
- Content Development
- Organization
- Introduction/Conclusion
- Use of Resources
- Transitions
- Grammar & Mechanics
- Sentence Structure
- Word Choice

b) The **Drop-In Tutoring** option is a great tool to use if you need in-the-moment help with a subject. There is an online tutor that will be available to help with any questions you may have. When clicking on the **Drop-In Tutoring** option, it will ask you to select the subject you need help with.

Note: If the subject you are looking for is not currently available (gray lettering), you can submit an **Offline Question** (See Figure 6).

After selecting the subject, a WhiteBoard will open up where you can input your questions and interact with a tutor.

Note: Make sure you allow pop-ups in your browser in order for the WhiteBoard to appear. Once finished, you can click on the **Exit** button on the top right of the screen. It will give you options before you close out as to what you want to do with the information on the WhiteBoard (See Figure 7).
