

Saint Xavier University

Office of Admission

Affidavit of Financial Support

All international applicants must show proof of financial sponsorship through 1.) an affidavit of support form and 2.) a bank statement. The purpose of the affidavit of support is to establish the identity of the financial sponsor(s) and their relationship to the applicant. The bank statement identifies the funds available in the sponsor's personal checking or savings account to support the applicant financially. All documents must be notarized. (Note: Funds must be liquid and not subject to fluctuations in financial markets; therefore, investment accounts and business accounts are not accepted.) A student can have multiple sponsors – an affidavit and bank statement are required for each sponsor.

STUDENT: Complete this section.

I understand that I am required to have financial sponsorship to cover my expenses throughout my stay at Saint Xavier University. I hereby certify that the financial information provided is true and correct. I fully understand that the presentation of false information will result in the denial of my application for admission.
