About Saint Xavier University

Saint Xavier University was founded in Chicago by the Sisters of Mercy in 1846, holding the distinctions of being Chicago's first Catholic university as well as the first Mercy institution of higher learning in the world. Initially serving as a higher education institution for women and the poor, today the four-year, private Catholic institution serves a diverse population of men and women who seek a Mercy education that prepares them to become successful, productive and compassionate members of society.

University Mission Statement

Saint Xavier University, a Catholic institution inspired by the heritage of the Sisters of Mercy, educates persons to search for truth, to think critically, to communicate effectively and to serve wisely and compassionately in support of human dignity and the common good.

Approved by the Saint Xavier University Board of Trustees, October 12, 2005, and by the Members of the Corporation, the Sisters of Mercy, on October 20, 2005. Reaffirmed by the Saint Xavier University Board of Trustees, September 11, 2017. Updated by the Saint Xavier University Board of Trustees, September 30, 2020.
University Core Values

As it engages in a search for truth and knowledge, the Saint Xavier University community commits itself to practicing eight core values, both for personal enhancement and to understand and improve our world.

**Respect** moves us to understand the gifts and unique contributions of every person in the University community and to value diverse perspectives.

**Excellence** commits us to challenge ourselves to utilize our God-given gifts: intellectual, social, physical, spiritual and ethical.

**Compassion** compels us to stand with and embrace others in their suffering that, together, we may experience God's liberating and healing presence.

**Service** calls us to use our gifts, talents and abilities to advance the genuine well being of our community and those we encounter.

**Hospitality** draws us to do our daily work with a spirit of graciousness that welcomes new ideas and people of all backgrounds and beliefs.

**Integrity** gives us the ability to realize the greater good in our actions and programs, and challenges us to look at our work and ourselves holistically and as one united with others across the globe.

**Diversity** builds a community that fosters a climate that is open and welcoming to diverse people, ideas and perspectives; that promotes a constructive discourse on the nature of diversity; and that engages faculty, staff and students in activities that promote the University's core values.

**Learning for Life**, in the liberal arts tradition, encourages us to pursue knowledge and truth throughout our lives in ways that improve our communities and ourselves and that strengthen our understanding of each other.
University History

Saint Xavier University is a comprehensive, coeducational, Catholic institution sponsored by the Sisters of Mercy of the Americas through the Conference for Mercy Higher Education. Founded by the Sisters of Mercy in 1846 and chartered in 1847, Saint Xavier's historic roots make it Chicago's oldest college, one of the first institutions of higher learning in Illinois as well as the first Mercy institution of higher learning in the world.

The University currently serves a diverse population of students through a selection of undergraduate and graduate programs offered through the College of Liberal Arts and Education and the College of Nursing, Health Sciences and Business.
Vision of Our Catholic and Mercy Identity

Saint Xavier University, founded and sponsored by the Sisters of Mercy, extends the teaching ministry of Jesus Christ to those seeking higher education. As an officially recognized ministry of the Catholic Church, the University grounds its core activities of teaching, learning, scholarship, and service in Catholic theological principles that affirm the goodness and value of all creation and posit a view of human persons as created in the image of God and thus free, rational, relational and endowed with inherent dignity.

As a Catholic university, Saint Xavier University challenges all the members of its community to search for truth, especially religious truth, and to engage in a dialogue between faith and reason that ultimately leads toward the contemplation of God’s creation and social action for the common good. This search for truth demands careful observation, critical analysis, vigorous debate, personal and communal theological reflection, and ethical and engaged decision-making leading toward a life that respects both the inherent dignity of another and the worth of all creation.

Setting the context for the search for truth, the University encourages its community, especially its students, to become familiar with the richness of the Catholic intellectual tradition and the imperatives of Catholic social teaching. Respecting academic freedom, the University strives to be a place where the vigorous discussion of ideas can occur, especially as they relate to its mission as a Catholic university. In the spirit of respectful and critical discourse, the University welcomes the breadth of the Catholic tradition as well as the voices of other religious and non-religious communities.

As a Mercy university, Saint Xavier University challenges its community members to teach, learn, research, and act not only for themselves but also for others. Thus, a seminal characteristic of the University is its commitment to service. Ideally, such service, whether direct or through the University’s efforts to understand and remediate unjust systems, reflects the spirituality of Catherine McAuley, the founder of the Sisters of Mercy. This spirituality is grounded in the theology of the Incarnation, animated by the life, death and resurrection of Jesus, and expressed through acts of compassion that embody the spiritual and corporal works of mercy**. In particular, the University community expresses special concern for those who are economically poor, especially women and children. In so doing, the University goes beyond simply passive expressions of heartfelt concern, and even willingness to stand with those who suffer. It seeks to right what is wrong and restore what is broken, thereby promoting human dignity, justice and the common good.

Saint Xavier University signifies and celebrates its Catholic and Mercy heritage in its symbolic, sacramental and liturgical expressions, and in its communal and collegial ethos. The University offers many opportunities to reflect, pray, worship and access the sacraments. It symbolizes its rich faith tradition through the appropriate placement of religious symbols and artwork. Further, it observes liturgical seasons and feasts central to its Catholic and Mercy heritage, and provides orientation and mentoring programs that educate the community about this identity.

Recognizing that the search for God and the celebration of God’s presence is ubiquitous, the University provides opportunities for those of other faith traditions and those on a personal journey of faith to study, to express, to worship, to celebrate and to discuss their religious beliefs in a climate that is respectful, hospitable and open to all.

Offering the opportunity for higher education within a Catholic and Mercy context, Saint Xavier University honors Jesus Christ whom it recognizes as “the Way, the Truth and the Life,” the motto of the University inscribed on its coat of arms.

Approved by the Board of Trustees - March 30, 2008. Reaffirmed by the Board of Trustees - September 11, 2017.

**Based largely on the gospel of Matthew, chapter 25, the works of mercy are as follows: Spiritual Works of Mercy:
The Sisters of Mercy

Founders and sponsors of Saint Xavier University, the religious congregation of the Sisters of Mercy originated in Dublin, Ireland. Today, more than 6,000 Sisters of Mercy, along with more than 5,000 Mercy Associates and Companions, serve in more than 30 countries around the world on every continent except Antarctica.

Within that global Mercy community, the Institute of the Sisters of Mercy of the Americas accounts for more than 2,200 Sisters and some 3,000 Mercy Associates and Companions working in almost a dozen Central and South American nations, the Caribbean, Guam, the Philippines, and the United States. Through its Conference for Mercy Higher Education, the Sisters of Mercy of the Americas sponsor or co-sponsor 17 colleges and universities in the United States, including Saint Xavier University. These Mercy institutions of higher education serve over 34,000 undergraduate and graduate students.

A Brief History

Founded in 1831 by Mother Mary Catherine McAuley, and quickly dubbed "the walking Sisters," the congregation of Roman Catholic women now known as the Sisters of Mercy moved beyond convent walls to walk amid and serve the poor, the sick and the uneducated of their day. Such "secular" work outside the convent was unusual at the time because most communities of women religious were cloistered, working only within convent walls. The availability of these new Sisters of Mercy, to carry the works of mercy to those in need, caused the congregation to spread with unusual rapidity. These were women "capable of combining personal spirituality with a pioneering spirit of initiative and independence," as the American founder Mother Frances Xavier Warde once put it.

In 1843, seven Sisters of Mercy left Ireland for Pittsburgh, the first Mercy Foundation in the United States. In 1846, the educational needs of Irish immigrants and others drew the Sisters of Mercy from Pittsburgh to Chicago.

Under the guidance of Mother Frances Xavier Warde, for whom the Warde Academic Center at Saint Xavier University is named, five Sisters of Mercy, all under the age of 25, arrived in a diocese that was barely three years old. The first and only group of women religious in Chicago for the next 10 years, the Sisters quickly established St. Francis Xavier Female Academy, the forerunner of Saint Xavier University and Mother McAuley Liberal Arts High School.

Within eight years of their arrival, all but one of the original group of SXU founders had died, most as a result of the nursing care they gave to victims of the epidemic diseases that periodically swept through the city. But other women had joined the Sisters of Mercy, devoting themselves to spreading the Good News of the Gospel by their good example, their prayer, their tireless acts of compassion and hospitality, and their institutional ministries.

Since 1846, Saint Xavier University has benefited from the continuous support of the Sisters of Mercy. The names of the Chicago Mercy pioneers and the Sister of Mercy Presidents are inscribed in the Mercy Heritage Walk leading into McDonough Chapel. These names recall the respect, compassion, hospitality, service and excellence with which the Sisters of Mercy have endowed SXU. Today, together with their lay faculty and staff colleagues, who increasingly and most ably share the responsibility for grounding the teaching and learning mission at Saint Xavier University in its Catholic and Mercy heritage, the Sisters of Mercy continue their mission of serving "the poor, the sick and the uneducated" in the name of Jesus Christ.

University Celebrations of Mercy

Spirit of Mercy Day: September

Catherine McAuley opened the original House of Mercy in Dublin, Ireland on the September 24, 1827, the Feast of Our Lady of Mercy. Mercy institutions and ministries throughout the world recognize this day when Catherine McAuley realized her dream of creating a place where the poor, especially women and young girls, would find safe lodging and instruction in their faith and in skills that would lead to honorable employment. This work at the House of Mercy eventually led Catherine to establish the Sisters of Mercy in 1831.

Each year Saint Xavier University brings together the traditional opening of a new academic year Liturgy of the Holy Spirit with this foundational feast of the Sisters of Mercy and creates a Spirit of Mercy Day. Liturgy and programs scheduled for the day highlight the values central to Mercy heritage. Hospitality extended to and by Sisters associated with the University is a part of each Spirit of Mercy Day at SXU. Service, especially the service of leadership, is honored and encouraged with the formal commissioning of representative leaders from all segments of the University community-
sponsors, trustees, administrators, faculty, staff, students and alumni. The Spirit of Mercy Day leadership commissioning takes place alongside the Academy Bell, a campus site richly symbolic of the Mercy spirit. Pre-dating the Chicago fire in 1871, the Academy bell regularly called the Sisters of Mercy to prayer and to teaching during Saint Xavier’s early years as an Academy. Left behind but secretly salvaged by a savvy Sister of Mercy, the Academy bell was returned to Saint Xavier University and installed near the main entrance of the Warde Academic Center in 2004.

Mission Day: March
The University annually honors Mother Frances Xavier Warde, the founder of the Sisters of Mercy in America in 1843 and the woman who brought the Sisters of Mercy to Chicago in 1846. Each year’s ceremonies include a Eucharistic liturgy and the annual Mission Awards ceremony. This is a day whereby all members of the University community reflect on and renew their commitment to an educational mission that has persisted through 175 years of changing curricula and diversifying student populations. Mission Heritage Day weaves the strands of history into the current moment challenging the University community to celebrate its past and honor its legacy into the future. In keeping with that conviction, Mission Heritage day puts particular focus on the culminating phrase of the Saint Xavier Mission Statement: “to serve wisely and compassionately in support of human dignity and the common good.” A centerpiece of the day includes the presentation of awards in recognition of outstanding contributions to the life and mission of the University:

- The Mother Paulita Morris, R.S.M., Student Mission Award
- The Sister Isadore Perrigo, R.S.M., Staff Mission Award
- The Saint Xavier University Faculty Mission Award
University Seal

From its earliest design honoring the Blessed Virgin Mary, to the Coat of Arms seal of today, the seal of Saint Xavier University, symbolizes a proud history of Catholic education in Chicago.

This seal, designed by founding art department chairperson and faculty member Sister Mary Solina Hicks, R.S.M., includes a black and white checkerboard and diagonal gold bars from the family coat of arms of Saint Francis Xavier; red and gold bars and a white Jerusalem cross taken from the shield of the Sisters of Mercy of the Americas; an open book to represent education; and the Scripture verse, “Via, Veritas, Vita,” “I am the Way, and the Truth, and the Life.” (John 14:6).

Saint Xavier University continues to use this seal as a symbol of its heritage and mission.
SXU Philosophy Statement

Saint Xavier University continues to build upon the ideals of its founders and sponsors, the Sisters of Mercy, who in 1846, inspired by their Catholic faith and its mandate of union and charity, established an academy defined by intellectual rigor in the tradition of the liberal arts, the encouragement of religious faith, and action in solidarity with the economically poor of the world, especially women and children.

Consistent with this tradition, the University offers challenging undergraduate, graduate and professional programs, characterized by a collegial alliance of faculty, students, staff, administration and community members who are committed to providing coursework, resources, activities and instructional facilities that support excellence in teaching and learning. While chiefly concerned with students' intellectual development, the University also supports their moral and spiritual growth, and enhances their capacity for leadership through co-curricular programs.

At the heart of the academic mission is the University's commitment to a strong general education program that introduces students to college life and learning, broadens their knowledge in the arts and sciences, helps them integrate learning and community concerns, and prepares them for success in their major fields of study and life after graduation. In all programs of study, the University encourages the examination of fundamental questions of human concern, respectful dialogue in the context of diverse points of view and experience, as well as the search for truth and justice.

In an atmosphere of intellectual rigor made possible by academic freedom, University faculty develop and teach courses in their areas of advanced study, extend research in their disciplines, produce scholarly and creative work and serve the University and community. Faculty are also responsible for academic policies and the design and content of the University curriculum. In teaching, scholarship and service, faculty represent one of the most visible examples of the intellectual life of the University.

Students at Saint Xavier encounter a wide range of coursework, co-curricular activities, community experiences and support services designed to enhance their learning at all levels, and to help them develop more fully as confident, contributing citizen leaders of an ever-increasingly complex and global community. The University seeks students of diverse talents, experiences, knowledge, interests and cultures who are willing and prepared to learn and to seek excellence in themselves and others.

Vital to the success of teaching and learning are the dedicated members of variously skilled academic support services and the administrative leadership charged with fostering strategic planning, institutional assessment and effective stewardship and deployment of University resources.

The enduring fellowship of alumni, emeriti faculty, Sisters of Mercy sponsors, trustees and other friends and contributors in the community at large demonstrates their continuing faith in the central mission of Saint Xavier through various acts of giving, prayer and support.

Infusing this community of shared concern are the distinctive qualities and values of Saint Xavier University, including the belief that faith and reason can interact in mutually fruitful ways. Therefore, the University membership encourages a full search for truth, including religious truth, while respecting freedom of personal expression. It also promotes a vigorous and compassionate dialogue among the various faith traditions, and between them and the academic disciplines. At its foundation, teaching and learning at Saint Xavier are premised upon and committed to the fundamental dignity and unique worth of each human person.

Accepted by Faculty Senate, March 28, 2006
Approved by the Board of Trustees, May 10, 2006
Approved by the Corporate Member, May 25, 2006

Reaffirmed by The Board of Trustees, September 11, 2017.
Degrees Awarded

The University by its charter of 1847 is authorized "to confer on such persons as may be considered worthy, such academic or honorary degrees as are usually conferred by similar institutions."

Saint Xavier University awards undergraduate students Bachelor of Arts (B.A.), Bachelor of Business Administration (BBA), Bachelor of Music (B.M.), Bachelor of Science (B.S.) or Bachelor of Science in Nursing (BSN) degrees.

Graduate students are awarded Master of Arts (M.A.), Master of Arts in Teaching (MAT), Master of Science (M.S.), Master of Science in Exercise Science (MSES) or Master of Science in Nursing (MSN) degrees.
Campus

Saint Xavier’s seventy-four acre Chicago campus is nestled in a residential neighborhood in southwest Chicago, consisting of several higher education classroom buildings including the Warde Academic Center, Graham School of Management, Driehaus Center, the Andrew Conference Center, and the off-campus Visual Arts Center. Surrounded by beautiful grounds and outdoor spaces, the Warde Academic Center, at 290,000 square feet, is the largest building on campus and houses numerous classrooms, science and computer laboratories, the McGuire Hall auditorium, the Robert and Mary Rita Murphy Stump Library, wireless internet Diner and Coffee Cats, a coffee kiosk.

The Urso Outdoor Sports Center is adjacent to the recently expanded Bruce R. Deaton Memorial Field, where Cougar football and soccer teams play. A new synthetic running track was installed around the football field in summer 2017 and the football field artificial turf was replaced in summer 2018. The 85,000 square foot Shannon Center is home to the Athletic Department, a 6,000 square foot fitness center, 1/8th-mile indoor running track, racquetball court, a large intramural practice gym and Bob Hallberg Court, where volleyball and basketball teams play. Every year the University holds the commencement ceremonies in the Shannon Center.

The WXAV radio station and The Xavierite newspaper operate out of the Campus Media Center near the softball field, home to the Cougars softball team. Richard R. Ferrell Memorial Field on the northwest side of campus is home to Cougar baseball. Clinical facilities for Speech and Learning Disabilities are located on the lower level of Pacelli Hall. Chapel Services are held in the 210 seat McDonough Chapel in the Mercy Ministry Center.

Lake Marion, a small lake surrounded by a lighted walking trail, is in the center of the campus and provides a scenic backdrop to many campus activities. Pacelli Hall is a traditional style residence hall for freshmen. Additionally, there are four “apartment-style” residence halls: O’Brien, Rubloff, Morris and McCarthy, which are centered on the expansive Schmitt Quadrangle. McCarthy and Morris halls have 50 apartments, with the majority of the units consisting of two bedrooms, two bathrooms, a living room and kitchenette. Inside Morris Hall is a Starbucks with wireless internet accessibility. Rhubarb's is a convenience store located within McCarthy Hall. Rubloff Hall was the first Leadership in Energy and Environment Design (LEED) residence hall to be built for higher education in Illinois. This “green” building is five stories with 26 apartments, offices for Residence Life and two expansive lounge or conference room spaces. This state-of-the-art environmentally sensitive complex received the U.S. Green Building Council LEED Gold certification. O’Brien Hall is also a “LEED” building. Both O’Brien Hall and Rubloff Hall have “green” roofs. These roofs align both buildings with many other sustainable, environmentally friendly operations.

Saint Xavier has 13 parking lots spread along the border of the campus. Parking Lot 6, located north of McCarthy Hall, is a 98-space pervious-paver parking facility, keeping with the University’s commitment to environmental sensitivity. A campus shuttle also operates on and off campus for convenience and ease of transportation.

The University was gifted a tract of property along the south side of 103rd Street, the Driehaus Center, which includes Gilhooley’s Grande Saloon, a traditional Irish Pub and former storefronts with parking situated one block west of the Graham School of Management. The red-brick Southside pub and eatery consists of architectural artifacts of cut glass, stained glass, oak fretwork, gas lamps and original poster artworks from the American Poster Golden Age between 1890 and 1910. The storefronts have been converted into a counseling center, two classrooms, faculty offices, and the newly renovated Health Center.
Access to Student Information

The Family Educational Rights and Privacy Act of 1974 (FERPA)

Annually, Saint Xavier University informs students of the Family Educational Rights and Privacy Act of 1974, as amended. This Act, with which the University intends to comply fully, was designated to protect the privacy of educational records, to establish the rights of students to inspect and review the educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by Saint Xavier University for compliance with the provisions of the Act. Copies can be obtained from the Dean of Students Office and the Office of Records and Registration. Questions concerning the Family Education Rights and Privacy Act may be directed to these offices. It is also printed in the Student Handbook. Please see the Access to Student Information section in the Student Handbook for complete details.

Authorization to Withhold Directory Information

The following is considered "directory information" at Saint Xavier University and will be made available to the general public unless the student notifies the Office of Records and Registration in person or in writing before the last day to add classes:

A student's name, chosen name, address, photo ID, date and place of birth, major, honors, awards, participation in recognized activities and sports, height and weight of athletes, class level, dates of enrollment, degrees conferred, dates of conferral, institutions attended immediately prior to admission, email address and photo ID.

Under the provisions of the Family Educational Rights and Privacy Act of 1974, you have the right to withhold disclosure of such directory information. Should you decide not to release any of this information, any requests for such information from Saint Xavier University will be refused.

You can download additional forms on our FERPA webpage.
Accreditation and Memberships

Accreditation

The University is accredited at the institutional level by the Higher Learning Commission of the North Central Association of Colleges and Schools (230 South LaSalle Street, Suite 7-500, Chicago, Illinois 60604-1411; 1-800-621-7440 or 1-312-263-0456).

The baccalaureate degree program in nursing and master's degree program in nursing at Saint Xavier University are accredited by the Commission on Collegiate Nursing Education (CCNE).

The baccalaureate programs in the Graham School of Management are accredited by the Association to Advance Collegiate Schools of Business (AACSB).

All programs in the Education Division are approved by the Illinois State Board of Education (ISBE) and the Illinois Board of Higher Education (IBHE). For state accreditation of programs in education, see the catalog section under the Education Division.

Programs in music are accredited by the National Association of Schools of Music (NASM).

The master's (M.S.) education program in Speech-Language Pathology (residential) at Saint Xavier University is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association (ASHA), 220 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700.

Saint Xavier University is a school approved to train veterans and eligible persons under Title 38, U.S. Code.

Memberships

The University holds membership in the American Council on Education (ACE), the Associated Colleges of the Chicago Area (ACCA), the Association of Catholic Colleges and Universities (ACCU), the Conference for Mercy Higher Education (CMHE), the Council of Independent Colleges (CIC), the Federation of Independent Illinois Colleges and Universities (FICU), the Lilly Fellows Program (LFP), the National Association of Independent Colleges and Universities (NAICU), the Alliance for Hispanic Serving Institution Educators (AHSIE), the Hispanic Association of Colleges and Universities (HACU), the Illinois Council on Continuing Higher Education (ICCHE) and The Council of Graduate Schools. Saint Xavier University is also recognized as a Hispanic Serving Institution (HSI).

The College of Liberal Arts and Education holds membership in the Council of Colleges of Arts and Sciences (CCAS). The Education Division holds membership in the American Association of Colleges for Teacher Education (AACTE) and the Illinois Association of Colleges for Teacher Education (IACTE).

The College of Nursing, Health Sciences and Business holds membership in the American Association of Colleges of Nursing (AACN), the Illinois Association of Colleges of Nursing (IACN), the National League for Nursing (NLN), the National Organization of Nurse Practitioner Faculties (NONPF), the National Strength and Conditioning Association (NSCA), the Council of Academic Programs in Communication Sciences and Disorders (CAPCSD), Beta Gamma Sigma and accreditation from the Association to Advance Collegiate Schools of Business (AACSB International).
Athletics and Recreation

Women may compete in basketball, bowling, cross country, golf, soccer, softball, track and field and volleyball. Men may compete in baseball, basketball, bowling, cross country, football, golf, soccer, track and field and volleyball. Cheerleading and the dance team are also part of the Athletic Department.

Football competes in the Mid-States Football Association (MSFA). All others compete in the Chicagoland Collegiate Athletic Conference (CCAC). The entire Saint Xavier athletic program belongs to the National Association of Intercollegiate Athletics (NAIA).

Attendance at home games is free to Saint Xavier University students with a valid current SXU ID card. Students with a current Saint Xavier ID card also may enjoy the facilities at the Shannon Center free of charge.
Campus Ministry

Campus Ministry provides resources and opportunities for religious and spiritual growth to the Saint Xavier University community. Grounded in the Catholic faith and immersed in the heritage of the Sisters of Mercy, Campus Ministry seeks to preach the gospel of Jesus Christ while also affirming the diversity of traditions within our faith community. All are welcome, regardless of faith tradition, to participate in liturgy and prayer, faith formation and spiritual reflection, service and social justice projects, retreats and faith sharing, student ministerial leadership and residence hall ministry.

Sunday mass is celebrated in McDonough Chapel of the Mother of Mercy at 7 p.m. during the academic year. Noontime masses are celebrated on Wednesdays during the academic year. Check the university calendar for the most accurate mass times. McDonough Chapel is open year-round for private prayer and meditation.

Campus Ministry offices are located in the Mercy Ministry Center and Rubloff Hall. Contact Campus Ministry at 773-298-3419 or campusministry@sxu.edu; visit Campus Ministry for more information.
Center for SUCCESS at SXU

The Center for SUCCESS uses a holistic approach to foster student development and success both in college and after graduation. The Center provides services, both in-person and virtually, across a variety of topics including academic and career development, student success, leadership, success coaching, and employer engagement. Our pledge is to:

- Support you with resources to keep you on a path to completion;
- Use a holistic advising approach to tend to your individual need;
- Coach you through choosing a major and learning about various careers;
- Connect you with opportunities to develop lifelong skills valued by employers;
- Encourage your involvement in service and leadership opportunities to create meaningful lives and achieve career success;
- Shape your future with graduate and professional opportunities; and
- Suggest networking opportunities, including events and mentorships

Academic Advising

At Saint Xavier University, we believe that academic advising is a pivotal component of the educational experience, used to empower students to think critically, and to explore and identify academic and career interests. Through guidance and mentorship, advising encourages academic excellence and accountability, and helps students to realize their full potential.

Academic advising is a shared responsibility between student and advisor. Advisors, whether staff or faculty, work to inspire students by building relationships, empowering self-awareness and reflection, connecting students with appropriate resources, fostering personal development, and supporting various college-to-career pathways. Although advisors provide guidance and recommendations, students are ultimately responsible for making academic decisions and satisfying degree requirements.

The Center for SUCCESS provides initial academic advising for all incoming first-year students during Via (New Student Orientation). Academic and career resource advisors then provide continued academic advising services for undecided/exploring and pre-clinical nursing students, along with, math, computer science and computer information systems majors. Undecided/exploring and pre-clinical nursing students remain with the Center for SUCCESS until they are ready to fully move into their major. At that time, they will be assigned to a faculty advisor in their respective programs. All other students are assigned to a faculty advisor during their first semester with the exception of math, computer science and computer information systems students who will continue to be advised by the Center for SUCCESS.

- Academic Advising Resources for Advisors

Career Development

The Center for SUCCESS supports students in their search for meaningful career paths through self-assessment and career planning, internship resources, alumni networking opportunities and job-search-skills training. Programming is focused on helping students prepare for the world of work through personal career counseling and assessment, hands-on workshops, career information panels and opportunities for students to connect with potential employers and graduate school options.

The Center for SUCCESS integrates career development best practices into the services, workshops and appointments provided to help Saint Xavier University students achieve career readiness across competencies including career development, self-development, communication, critical thinking, equity and inclusion, leadership, professionalism, teamwork, and technology.

Student Leadership

Inspired by Catherine McAuley and the Sisters of Mercy, Saint Xavier University students participate in leadership and service activities to strengthen their communities while cultivating meaningful co-curricular experiences that elicit the development of life-long skills valued by employers.
Staff within the Center for SUCCESS help students identify the importance of service and leadership in the overall development of the person as well assist students in articulating these experiences to employers both in interviews and in employment applications. Center for SUCCESS highlight the importance of engagement in leadership activities such as Cougars LEAD, the Synergy Leadership Summit, and X-Factor. Additionally, Center for SUCCESS staff participate in the Scarlet and Gray Awards Ceremony which recognizes Saint Xavier University student leaders for their successes and accomplishments.

Champ’s Kitchen
Champ’s Kitchen is an on-campus food pantry located within the Center for SUCCESS aimed to alleviate hunger on campus for students, staff, and faculty. The food pantry is located in Room L-208 in the Warde Academic Center and is open Monday through Friday, 8:30 a.m. to 4:30 p.m. For more information regarding Champ’s Kitchen, please visit the Champ’s Kitchen page or email champsKitchen@sxu.edu.

The Robert and Mary Rita Murphy Stump Library

The Robert and Mary Rita Murphy Stump Library fulfills the course-related information needs of students through its electronic and print collections and research assistance. The library’s search interface allows students to find journal articles, books, videos and more from the library and libraries around the world. Students can access more than 40,000 online journals, 60,000 books, and 6,000 DVDs. Students can also stream over 100,000 music tracks, and 2,500 videos. The library has over 30 desktop computers, printers, scanners, quiet and group study rooms.

Through the library’s interlibrary loan service, students may also borrow items from over 90 academic libraries in Illinois.

Library staff can assist students with their research papers and projects.

No food is allowed anywhere in the library. Drinks with covers are permitted.

Holiday Closings
The Robert and Mary Rita Murphy Stump Library observes all University-approved holiday closings.

Library Hours
Library Hours can be found on the Library website.
Bookstore

In a continuing effort to offer cost savings and convenience to our students, Saint Xavier University has partnered with Akademos, an industry leading provider of affordable textbooks, supplies and Cougar apparel. The SXU Bookstore is 100% virtual and available 24 hours a day, 7 days a week, and 365 days a year.

The SXU virtual bookstore is a complete online store that offers competitively priced new/used/rental textbooks, software, supplies, sportswear, gifts, alumni items and more. Visit it often to buy required textbooks and supplies and to view the newest Cougar spirit wear collection.

Log into the SXU Bookstore website, or access your Canvas account to view your personalized semester course list and corresponding course materials. The online bookstore offers a variety of low-cost buying options, a peer-to-peer marketplace, free shipping on select orders and access to year-round guaranteed online buyback.

After placing an online textbook or merchandise order, you will receive an email confirmation and a second email when the order has been shipped to you. The online SXU Campus Bookstore ships textbooks and merchandise directly to you. Digital course material access is emailed directly to your student email address.

The bookstore accepts credit/debit cards and financial aid.
The mission of the Center for Accessibility Resources at Saint Xavier University is to ensure that qualified individuals with disabilities are afforded an equal opportunity to participate in and benefit from the programs, services, academic resources, and activities of the University. This will be enacted through the identification of reasonable modifications to institutional policies, procedures, and educational services and the provision of effective auxiliary aids and services.

In accordance with the provisions of Section 504 of the Rehabilitation Act of 1973, Title III of the Americans with Disabilities Act of 1990 (ADA), and the ADA Amendments Act of 2008 (ADAAA), Saint Xavier University determines and provides reasonable accommodations on a case-by-case basis for qualified students who have demonstrated a need for these services. All accommodation requests are the responsibility of the student. If you suspect that a student has a disability or discloses a disability to you without presenting an official accommodation plan, please discuss your concern with the student and have him or her contact the staff in the Center for Accessibility Resources as soon as possible.

Reasonable accommodations are individualized and based on the nature of the documented disability and the requirements of specific courses. Accommodations are designed to meet the needs of students without fundamentally altering the nature of the University's instructional programs.

The accommodations process is an interactive partnership between students, faculty, and the Center for Accessibility Resources. All accommodation requests must be submitted in a timely manner. The student is ultimately responsible for being a self-advocate and discussing accommodation requests with instructors. Students who wish to disclose their disabilities may receive various academic accommodations, which are coordinated through the Center for Accessibility Resources in L-108. Some accommodations available to students include (but are not limited to):

- Extended time for tests
- A distraction-reduced testing environment
- Preferential classroom seating
- Priority Registration
- Books in an alternative format
- Readers and scribes
- Permission to record class lectures to supplement note-taking
- Note-takers
- Use of word-processors for tests
- Use of assistive technology

Testing accommodations for students with disabilities must be the sole responsibility of each student and be arranged in accordance with the faculty member and the staff in the Center for Accessibility Resources prior to the testing date. The student must present each faculty member with a testing accommodation form at least three, preferably five days in advance of the scheduled exam. The instructor should return the completed form (along with the test to be completed and any specific instructions) to the Center for Accessibility Resources in L-108 at least two days prior to the exam. The Center for Accessibility Resources is not a general testing center and does not proctor tests except for students with documented disabilities.

In collaboration with faculty and staff, the Center for Accessibility Resources’ primary goal is to engage the University community to empower students, enhance equity, and to respect and value the diversity of our students by being inclusive of their needs.

For additional assistance regarding the Center for Accessibility Resources or for students with disabilities who wish to request accommodations, please contact the director of this department, Margaret Rose McDonnell, at 773-298-3308 or by email at mcdonnell@sxu.edu. Belicia Espinal, coordinator for the Center for Accessibility Resources, may also be reached at 773-298-3956 or by email at espinal@sxu.edu for further help. The Center for Accessibility Resources is located in L-108 (of the Warde Academic Center).
Information Technology (IT)

Contact us at 773-298-HELP (4357) or visit The Hub.

Mission
The Saint Xavier University Information Technology Department provides an effective and efficient information technology environment by continuously improving the quality of technical services to enhance teaching and learning and to support University administrative functions.

Self-Service
Self-Service, found in the mySXU portal, offers a variety of self-service functions, including: search for classes, registration, schedule changes, make a payment, check financial aid and account status, check academic history and grades and petition for graduation.

Anyone can search for classes using Self-Service. Some features of Self-Service require a netID and a password that are given to you when you become an admitted student. For the initial registration, all undergraduate students and all graduate students in the Education Division or the College of Nursing, Health Sciences and Business must have the electronic approval of their advisors. Anyone applying to SXU can retrieve financial aid award information and admit status via Self-Service using assigned login information.

Email
Each registered student receives an SXU email account which requires a University netID and password to access. This information is initially sent to all newly registered students via their personal email address of record. Students are encouraged to use this resource because the University communicates important information through this channel. If you did not receive your netID and password, or if you have questions about accessing your SXU email, please contact The Hub or call 773-298-HELP (4357). You are welcome to stop by the Warde Academic Center for assistance. All faculty, staff, and students must adhere to the Acceptable Use of Technology policy.

Software, Internet and Printer Access
Windows and Mac OS computers, networked printers and Internet access are available in the technology labs. Students use their netIDs and passwords to access lab computers, software applications, the Internet and the printers.

Printing documents in the labs requires an SXU identification card (Cougar Card) with sufficient print funds. Instructions for accessing these services can be viewed on mySXU.

There are various technology labs on the Chicago campus, some of which are dedicated to classroom instruction. The University also has computers on wheels that can convert any classroom into a technology lab.

The Hub - Schedule
The Hub is the first point of contact for technology assistance. Support is available during business hours, and trained staff can help with your campus computer, printer, network connections and access questions.
Counseling Center

The Counseling Center offers a broad range of services delivered by a highly trained team of licensed professionals. Short-term, solution-focused personal counseling supports the mental and emotional health of Saint Xavier University students. Appropriate referrals are made when necessary. Wellness awareness is also served through outreach programming, such as screening days, social media and alcohol and other drug educational programming.

With respect for the needs of each individual student, the Counseling Center works with a diverse student body and assists them to develop the skills they need to make responsible and satisfying life decisions and choices and to achieve their personal and professional goals.

For more information, please call 773-298-4045 or stop by our office at 3911 W. 103rd Street (Dreihaus Center adjacent to the University Health Center).
University-Sponsored Student Surveys Policy

Saint Xavier University is committed to the continuous improvement of services, facilities and other resources that support student learning and enhance the quality of the student experience. To this end, the University will gather information from students on a regular basis regarding their opinions, perceptions and needs both inside and outside of the classroom. All student surveys and evaluations sponsored by Saint Xavier University will be coordinated or administered through the Office of Institutional Research.

Methods will include but are not limited to: University-sponsored surveys, interviews, focus groups and other means. Participation in research-based assessment activities is always voluntary, and individual responses are kept entirely confidential. Additionally, before any research activities are conducted at Saint Xavier University, the Institutional Review Board evaluates and approves the entire process. The University encourages full participation, as it is in the best interests of students to share their ideas with those who may be in a position to effect positive changes.
Graduate Studies

Graduate study is an essential dimension of the expressed mission and purpose of Saint Xavier University. Graduate programs are built on sustainable strengths of the University, coupled with long-term community needs. The graduate programs at Saint Xavier University prepare students to assume positions of leadership in professional areas such as health care, business, technology and education. Leadership in the profession implies the application of science and the exercise of art in addressing human and social problems of considerable complexity. Therefore, graduate education is designed to foster critical understanding within each field of study, with students expected to synthesize knowledge from their disciplines with current theory and practice in their professions.

Each program is designed to guide students toward advanced levels of: analysis and argument, written discourse, reflective practice and inquiry. Graduate education supports original thinking in each student's field of study, with a research perspective, thus encouraging students to develop lifelong questions about their areas of study. Graduate students are expected to demonstrate expanded leadership skills by initiating activities designed to contribute to the advancement of the profession and fostering changes within organizations.

Responsibility for standards in graduate studies rests with the provost, college deans and with directors of the graduate programs in education, exercise science, nursing and speech-language pathology.
Learning Center/Writing Studio

The Learning Center/Writing Studio provides a variety of academic resources and services to help students develop educational strategies and skills that will assist them on their path to graduation.

Located on the Chicago campus in L-110 of the Warde Academic Center, the Learning Center/Writing Studio offers the following services free of charge to currently enrolled SXU students:

- Peer Academic Tutoring
- Writing Studio
- Supplemental Instruction
- Learning Assistants

Peer Academic Tutoring

The Learning Center/Writing Studio has tutors for over 50 courses at SXU. Students meet with tutors to check their understanding of course content, review difficult material, prepare for exams and quizzes, and hone study skills relevant to the course. SXU tutors have all taken the courses that they tutor at SXU and have performed well in those courses, ensuring that they provide accurate information to students on what/how to study for the course at hand.

Writing Studio

All students are welcome to visit the Writing Studio for assistance and feedback on written assignments. Trained writing consultants frequently help students with grammar, development, organization, research, formatting, and a host of other writing-related topics. Students are welcome to bring in any genre of writing (research, creative pieces, analysis, argumentative essays) at any stage in the writing process. Consultants welcome and are trained to work with all students, including English language learners, graduate students, adult learners, and traditional undergraduate students.

Supplemental Instruction (SI)

The Supplemental Instruction (SI) program provides peer-facilitated study sessions for SXU's most difficult courses. In SI students compare notes, discuss readings, develop organizational tools, and predict test items. Students learn how to integrate course content with study skills, led by two students who performed exceptionally well in the class in the past, and who were nominated by the instructor of the course. SI sessions are open to all students enrolled in courses with SI available. Sessions are typically 50-minutes and are offered twice weekly in classrooms around campus. There's no need to sign up, students simply attend as many or as few sessions throughout the semester as they'd like. If SI is available for a course, a Learning Center representative will visit the class during the first two weeks to provide the locations and times of the SI sessions.

Learning Assistants (LA)

A learning assistant works alongside the course instructor during specific allotted times and offers academic support and assistance to students in a targeted class. The course instructor is present and works alongside the LA during class or at specific times and are a requirement of the course. To find out if your class has an LA, or if you'd like to become one, please contact the Learning Center.

Additional Resources

Additional resources available at the Learning Center/Writing Studio:

- Computers and printers
- Reference materials such as MLA and APA style guide

Public Safety/Campus Police

Public Safety, working with the other service components of the University, is committed to the highest quality of protective services in order to maintain and improve our unique educational environment and quality of life. The campus is patrolled 24-hours a day by state-certified armed police officers with county-wide jurisdiction and additional trained security staff. Public Safety also provides:

- Security staff in all residence halls
- Shuttle transportation, protective escort service, vehicle registration and parking enforcement
- A Campus Emergency and Information Telephone System
- Emergency alerts
- On-campus dispatch center
- Emergency management
- Vehicle lockout, car battery jumps, lost and found

Office of Public Safety
Police, Security and Emergency Management
CSC-100, Campus Service Center
773-298-3541 (Non-emergency)
773-298-3911 (Emergency)

773-298-3950 (Office/Administration)
publicsafety@sxu.edu

*Available 24 hours a day
Administration

Staff members are reflected as of July 1, 2023, since the Saint Xavier Catalog is updated each July. Current staff members can be found in the Campus Directory.

President’s Office
Maggie Eaheart (1992)
Associate Vice President, Strategic Initiatives
M.A. in Religious Studies
Miami University

Erin Mueller (2016)
Chief of Staff
M.A. in History
Marquette University

Academic Affairs
Charlene Bermele (2003)
Associate Dean
College of Nursing, Health Sciences and Business
DNP
Loyola University, Chicago

Greg Coutts (1987)
Associate Dean
College of Liberal Arts and Education
Ph.D. in Music Theory
Northwestern University

Khaled El-Zayyat (2022)
Director, Computer Science
College of Nursing, Health Sciences and Business
Ph.D. in Electrical Engineering
University of Nevada

Gwendolyn George (2020)
Dean
College of Nursing, Health Sciences and Business
Ph.D. in Nursing
University of Tennessee

Indranil Ghosh (2008)
Director, Graham School of Management
College of Nursing, Health Sciences and Business
Ph.D. in Economics
Southern Methodist University

Brad Leshinske (2018)
Coordinator, Exercise Science and Sports and Fitness Administration Programs
College of Nursing, Health Sciences and Business
Ph.D. in Health Sciences
Rocky Mountain University Health Professions

Imelda Macias (2015)
Title V Director
MBA in Marketing and Internet and Social Media Marketing
Saint Xavier University

John M. McDonald (1992)
Interim Director, Robert and Mary Rita Murphy Stump Library
M.A., Library and Information Science
Dominican University

Chief Diversity Officer
Ed.D. in Education
Northern Illinois University

Saiib Othman (2022)
Provost
Ph.D. in Mathematics
University of Iowa

Gina Rossetti (2002)
Interim Dean
College of Liberal Arts and Education
Ph.D. in English
University of Tennessee

Alexandra Santau (2022)
Director, Education
College of Liberal Arts and Education
Ph.D. in Teaching and Learning
University of Miami

Caroline K. Wilson (2011)
Director, FNP Program
College of Nursing, Health Sciences and Business
DNP
DePaul University

Athletics
Ken Alston (2022)
Interim Athletics Director
M.A. in Sports and Fitness Administration
Grambling State University

Tracy Baker (2022)
Head Cheerleading Coach
Bachelor of Music
Saint Xavier University

Travis Brewster (2021)
Head Women's Basketball Coach
B.A. in Speech and Drama
Charleston Southern University

C. Leman Daniels (2022)
Head Esports Coach
MBA
Ohio University

Kate DeGaetano (1999)
Head Athletic Trainer
M.A. in Education
Saint Xavier University

Mike Feminis (1999)
Head Football Coach
M.S. in Physical Education
University of Illinois at Chicago

Robert Ford (2021)
Head Men's Basketball Coach
M.A. in Higher Education Administration
Salem University

Chris Gbur (2009)
Sports Information Director
B.A. in Recreation, Sport and Tourism Management
University of Illinois

James Harkness (2022)
Head Women's Soccer Coach
Eastern Illinois University

Robert Heersema (1987)
Head Women's Volleyball Coach
B.S. in Physical Education
University of Illinois at Chicago

Michael Kay (2016)
Head Men's and Women's Bowling Coach
M.A. in Education
National Louis University

Ryan Leifker (2022)
Director, Facilities and Game Day Operations
B.S. in Sports Management
DePaul University
Alan Lynn (2022)
Head Men's and Women's Golf Coach
B.A. in Business Administration
Saint Xavier University

Bill McKeon (2016)
Assistant Football Coach
B.S. in Elementary Education
Saint Xavier University

Erin Mollohan-Corrao (2016)
Head Softball Coach
M.A. in Education
Saint Xavier University

Jeffery Orluck (2022)
Spirit Coordinator/Head Dance Coach

Dan Piet (2006)
Athletic Trainer
M.A. in Athletic Training
Illinois State University

Addison Rouse (2020)
Head Baseball Coach
M.S. in Sports Administration
Henderson State University

Tom Ryan (2018)
Head Men's Volleyball Coach
MBA in Finance
Quincy University

Enrique Torres (2020)
Head Men's and Women's Cross Country, Track and Field Coach
B.A. in Organizational Management
Calumet College of St. Joseph

Head Men's Soccer Coach
B.A. in Business Administration
Lewis University

Mark Yanule (1999)
Assistant Football Coach
B.A. in Communications
University of St. Francis

Lecturer of Education
Ph.D. in Educational Leadership
University of St. Francis

Patricia Lee (1988)
Associate Professor of Music
M.M. in Performance
DePaul University

Brad Leshinske (2018)
Assistant Professorial Lecturer in Exercise Science
Director of Interdisciplinary Health Science
Ph.D. in Health Sciences
Rocky Mountain University of Health Professions

Cheryl Luczak (2008)
Associate Professor
Graham School of Management
Ph.D. in Marketing
University of Illinois, Chicago

Gregg Mallett (2020)
Assistant Professorial Lecturer
Ph.D. candidate
Rocky Mountain University of Health Professions

Troy Martin (1991)
Professor of Religious Studies
Ph.D. in Bible
University of Chicago

Eileen McCann (2010)
Clinical Nurse Educator,
Associate Professor of Nursing
DNP
Rush University

Steven McComis (2022)
Lecturer in Biology

Kathleen McNelis Carey (2007)
Associate Professor of Sociology
Ph.D. in Sociology
University of Chicago

Thomas McNichols (2018)
Faculty Specialist - Music Ensemble
M.M. in Vocal Performance
North Park University

Stephanie Mead (2020)
Assistant Professor
Graham School of Management
M.A. in Financial Accounting
Cleveland State University

Jean Mehta (1987)
Professor of Computer Science
D.A. of Mathematics and Computer Science
University of Illinois at Chicago

W. Bradford Mello (2014)
Professor of Communication
Ph.D. in Communication
University of Oklahoma

Sandra Mendez (2022)
Assistant Professorial Lecturer in Art
MFA in Art
Governors State University
Hamid Mohammadi (1989)
Professor
Graham School of Management
Ph.D. in Management Sciences
Illinois Institute of Technology

Ricardo Monzon (2007)
Associate Professor of Biology
Ph.D. in Biology
Northwestern University

Kelsey Moreno (2022)
Assistant Professor in Psychology
Ph.D. in Brain and Behavior Psychology
University of Southern Mississippi

Associate Professor of Philosophy
Ph.D. in Philosophy
University of Cincinnati

Mary Murphy-Smith (2005)
Clinical Nurse Educator,
Associate Professor of Nursing
DNP
Rush University

Gregory Myers (2022)
Assistant Professorial Lecturer in Mathematics
M.S. in Mathematics
Purdue University Calumet

Giselle Núñez (2018)
Assistant Professor of Communication Sciences and Disorders
Ph.D. in Special Education
University of Illinois at Chicago

Colleen O’Hearn (2021)
Assistant Professorial Lecturer in Nursing
DNP
Rush University

Michael E. O’Keefe (1997)
Associate Professor of Religious Studies
Ph.D. in Theology
University of Notre Dame

Lisa Osier (2020)
CNT Faculty of Communication Sciences and Disorders
M.S. in Communication Sciences and Disorders
Rockhurst University

David Parker (2013)
Associate Professor of Business Law
J.D.
Birmingham School of Law

Nathan Peck (2001)
Professor of Art and Design
MFA in Intermedia
University of Iowa

Forrest Perry (2009)
Associate Professor of Philosophy
Ph.D. in Philosophy
Vanderbilt University

Megan Pet (2019)
Assistant Professor of Nursing
Doctor of Nursing Practice
Saint Francis Medical College

Angela Pirlott (2015)
Associate Professor of Psychology
Ph.D. in Social Psychology
Arizona State University

Faisal Rahman (1981)
Professor
Graham School of Management
Ph.D. in Economics
Saint Louis University

Stacie Raymond (2010)
Faculty Specialist of Biology
D.C.
Palmer College of Chiropractic

Jeanine Reilly (2018)
Assistant Professorial Lecturer of Nursing
M.S. in Nursing
Saint Xavier University

Julie Reinhart (2009)
Professor
Ph.D. in Instructional Systems Technology
Indiana University

Jennifer Rogoz (2022)
Assistant Professorial Lecturer of Nursing
M.S. in Nursing
Chamberlain University

Gina Rossetti (2002)
Professor of English
Ph.D. in English
University of Tennessee

Catherine Ruggie Saunders (1983)
Professor of Art and Design
SXU Gallery Director
MFA in Art
University of Wisconsin-Madison

Iman Saca (2004)
Professor of Anthropology
Ph.D. in Anthropology
University of Illinois at Chicago

Shawn Salmon (2013)
Faculty Specialist - Music Ensemble
D.A. in Guitar Performance
Ball State University

William Santus (2022)
Assistant Professor in Biology
Ph.D. in Translational and Molecular Medicine
University of Milano-Bicocca

Kristina Simak (2022)
Assistant Professorial Lecturer/Clinical Supervisor of Communication Sciences and Disorders
M.A. in Speech, Language, Hearing Sciences
University of Illinois at Urbana-Champaign

Kathleen Soso (2018)
Faculty Instructor in Nursing
M.S. in Nursing
Benedictine University

Nat Soti (2022)
Assistant Professorial Lecturer of Art
Georgetown University

Melissa Stefanko (2022)
Assistant Professorial Lecturer in Education
Ph.D. in Education Administration
Indiana State University

Tatiana Tatum (2006)
Professor of Biology
Ph.D. in Molecular-Cytogenetics
University of Illinois

Raymond Taylor (1996)
Associate Professor of History
Ph.D. in History
University of Illinois
Faculty Emeriti

Kathleen Alaimo, Ph.D.
Professor Emeritus of History

Ruth Ann Althaus, Ph.D.
Professor Emeritus of Business

James Aman, Ph.D.
Associate Professor Emeritus of Computer Science

Phyllis Anderson-Meyer, Ph.D.
Associate Professor Emeritus of Chemistry

David Appel, M.A.
Associate Professor Emeritus of History

Florence A. Appel, D.A.
Professor Emeritus of Computer Science

Patricia D. Army, D.A.
Associate Professor Emeritus of Mathematics

Phyllis Baker, Ed.D.
Associate Professor Emeritus of Nursing

Michael Bathgate, Ph.D.
Professor Emeritus of Religious Studies

Susan Beal, Ph.D.
Professor Emeritus of Mathematics

Barbara Becker, D.A.
Associate Professor Emeritus of Mathematics

Mary Ann Bergfeld, R.S.M., MFA
Associate Professor Emeritus of Art

Jan Bickel, D.M.A.
Professor Emeritus of Music

Margaret Bogacz, D.A.
Professor Emeritus of Mathematics

C. Thomas Brockmann, Ph.D.
Professor Emeritus of Anthropology

Stanley Boyer, Ph.D.
Professor Emeritus of Biology

William J. Buckley, Ph.D.
Associate Professor Emeritus of Physiology

Linda J. Burke, Ed.D.
Associate Professor Emeritus of Education

Sandra Burkhardt, Ph.D.
Professor Emeritus of Psychology

Nancy M. Cahill, R.S.M., Ed.D.
Associate Professor Emeritus of Education

Mary B. Campbell, Ph.D.
Professor Emeritus of Education

Christopher Chalokwu, Ph.D.
Professor Emeritus of Geochemistry and Physical Science

Avis Clendenen, Ph.D.
Professor Emeritus of Religious Studies

Frances Mary Crean, R.S.M.
Associate Professor Emeritus of Chemistry

Karen Czarnik, Ph.D.
Professor Emeritus of Communication Sciences and Disorders

Arunas Dagys, D.A.
Professor Emeritus of Mathematics

Mary Janet Dahm, Psy.D.
Associate Professor Emeritus of Nursing

Julie Deisinger, Ph.D.
Professor Emeritus of Psychology

Margaret Douglas, M.S.
Associate Professor Emeritus of Nursing

John E. Eber, Ed.D.
Professor Emeritus of Business

David L. Elmendorf, Ph.D.
Associate Professor Emeritus of Biology

Dale Fast, Ph.D.
Professor Emeritus of Biology
Ann Filipski, Psy.D.
Associate Professor Emeritus of Nursing

Rosalie Fitzpatrick, R.S.M., M.A.
Associate Professor Emeritus of Mathematics

Michael Flahive, Ph.D.
Professor Emeritus of Communication Sciences and Disorders

Alison Fraunhar, Ph.D.
Associate Professor Emeritus of Art and Design

Peg A. Gallagher, Ed.D.
Associate Professor Emeritus of Nursing

Mary Anne Gaynor, M.S.
Associate Professor Emeritus of Nursing

Monte Gerlach, M.S.
Associate Professor Emeritus of Art

Nancy Goodfellow, Ed.D.
Associate Professor Emeritus of Biology

Jo Ann M. Gruca, Ph.D.
Associate Professor Emeritus of Nursing

James Hagen, Ph.D.
Professor Emeritus Graham School of Management

Susan Hampson, M.S.
Associate Professor Emeritus of Nursing

Constance Hardy, DNP
Associate Professor Emeritus of Nursing

Gail Harris-Schmidt, Ph.D.
Professor Emeritus of Communication Sciences and Disorders

Nelson Hathcock, Ph.D.
Professor Emeritus of English

Joan Hau, Ed.D.
Associate Professor Emeritus of Nursing

Jayne Hileman, MFA
Associate Professor Emeritus of Art

**Refund and Withdrawal Information**

In order to accommodate our diverse population, Saint Xavier University is committed to offering courses in a variety of formats and timelines. The following table reflects refund policies based on the start date of the section:

Contact the Office of Records and Registration in room A-203 of the Warde Academic Center on the Chicago Campus or call 773-298-3501 for information on specific courses.

Students who register for a class are responsible for tuition unless they officially drop their course either in the Office of Records and Registration or through Self-Service on mySXU according to the refund schedule listed below. Fees are not refundable. Notifying the instructor or ceasing to attend the class does not constitute an authorized withdrawal.
A student may withdraw from a course without **academic penalty** until the 3/4 point of the semester or term. (Dates to be determined and published each semester by the Office of Records.) A grade of W will appear on the record for any class dropped after the official refund date. For students using U.S. Department of Veterans Affairs educational benefits, if your withdrawal results in an overpayment, you will need to work with the Office of Student Accounts/Office of Financial Aid to pay any outstanding balance for tuition and fees.

Admission of Graduate Students

General Admission Procedures

To begin the application process, a completed online application for admission must be submitted. Further information may be obtained from the Office of Graduate Admission. The application process is completed when the applicant has submitted the following:

1. A completed online application;
2. A completed personal statement, if required;
3. A resume, if required;
4. Completed recommendation forms, if required;
5. The results of the appropriate graduate admission test, if required;
6. Official transcript(s) sent directly from the registrar of accredited colleges or universities, as required by the program to which the applicant is applying.

Students are encouraged to review the Graduate Admission Requirements and Process page for individual program requirements.

Completed applications will be reviewed by the appropriate program director and the student will be notified with an admission decision and/or next steps.

Please see the additional catalog pages below for more information.

- Admission Policy
- Admission Classifications
- Stop Out/Readmission Policy
- International Admission
- Advanced Standing for Graduate Students
- Students-at-Large
- Veterans Admission Process

Disclaimer: Applicants to Saint Xavier University certify that the information submitted is complete and correct to the best of their knowledge and understand and acknowledge that the submission of false or incomplete information is grounds for denial of the application, withdrawal of any offer of acceptance, cancellation of enrollment or any appropriate disciplinary action. Additionally, the University reserves the right to deny or rescind admission if it learns at any time that the applicant has engaged in disrespectful, dishonest, or unethical behavior inconsistent with the University’s Core Values.
Admission Policy

Saint Xavier University admits qualified students without regard to race, religion, age, sex, color, national or ethnic origin; the University does not discriminate against handicapped persons who are otherwise qualified to participate in the intellectual and social life of the University.
Admission Classifications

Degree-Seeking Students

The following classifications are made for degree-seeking students:

1. Admit with full status: All admission criteria are met; minimum grade-point average of 3.0, or the equivalency established by the individual graduate programs; bachelor's degree conferred by a regionally accredited institution; receipt of required supporting materials by the Office of Graduate Admission.

2. Admit on probation: Status used when a component of the admission criteria is not met. When 12 credit hours of coursework (6 credit hours for MSN) at Saint Xavier have been completed, the student's progress will be reviewed by the program director. If a 3.0 grade-point average, with grades of A and B, has been achieved, the student will be admitted with full status.

3. Admit on conditional status: Student may attempt a certain number of credit hours, as determined by the program, while meeting the conditions of admission. Such conditions include, but are not limited to:
   - student taking undergraduate prerequisites (see individual departments for required undergraduate prerequisites)
   - supplying final transcripts

4. Defer: The student may need to retake a graduate exam or complete 6 credit hours at SXU as a student-at-large, if approved by program director. The student's progress will be reviewed.

5. Deny admission: Student has not met the admission requirements. Denied applicants are not allowed to register for classes. Denied applicants may not reapply to the same program for at least one year.

Non-Degree-Seeking Students

Non-degree-seeking students may enroll as:

1. Student-at-Large: The dean/director of the graduate program may grant permission for students to enroll in graduate courses. Students-at-large should be aware of the limits on courses that may be taken, as described in the policy on students-at-large later in this document.

2. Students enrolled in professional development workshops.

Admission of International Students

International students (those not holding United States citizenship or permanent residency) must submit the following to the Office of Graduate Admission at Saint Xavier University:

1. A completed online application.

2. Completed recommendation forms if required for the program of interest.

3. Official results of the appropriate graduate admission test.

4. A completed and notarized SXU Affidavit of Support (PDF) and a notarized bank statement or bank letter verifying the amount of $40,000 U.S. dollars. An alternative to submitting the aforementioned documents is a scholarship letter confirming coverage of all educational costs.

5. Currency must be converted to U.S. Dollars, and the letter must be written in English.

6. Non-native English speaking applicants must submit official test scores from the Test of English as a Foreign Language (TOEFL) or official results from the International English Language Testing System (IELTS), or proof of completion of ELS course level 112.

7. A "course-by-course" transcript evaluation report by an approved educational credential evaluator, for all colleges or universities attended abroad to determine U.S. equivalency. The Office of Graduate Admission can recommend companies that provide these services.

8. Copies of the identification and expiration pages of the student's passport. Copies of existing immigration paperwork (visa, current I-20, I-94, etc.) should also be provided, if applicable.

9. Additional requirements may apply, depending on program.

After the admission process is completed and the student is admitted to Saint Xavier University, the Form I-20 will be issued to the student.
Upon arriving at the University campus, all international students must contact the Center for International Education at 773-298-3780 or reidy@sxu.edu to confirm their arrival and learn of next steps. It is the student’s responsibility to attend SXU on a full-time basis and to notify the Center for International Education of any change in status, including withdrawal. This is imperative in order to maintain F1 Visa status.

Note: International students are not permitted to register as students-at-large, nor are they eligible for financial aid.
Stop Out/Readmission Policy

Admitted graduate students in good standing who stop out for fewer than three consecutive semesters must contact their program director for more information and next steps if they wish to continue their program.

Admitted graduate students in good academic standing who stop out from Saint Xavier University for more than one year must follow the steps below to initiate readmission. Readmission into a program is subject to academic department approval.

- Fill out a graduate application and include updated contact and employment information
- Official transcript(s) from any/all schools attended after leaving Saint Xavier University, if applicable

No application fee is required. Readmitted students are bound by the provisions of the University catalog that is current at the time of readmission.

For further information about applying, please contact the Office of Graduate Admission at 773-298-3053 or graduateadmission@sxu.edu.
Advanced Standing

Transfer Credit From Other Accredited Institutions
A maximum of 6 credit hours may be accepted for transfer credit in the graduate education, nursing and speech-language pathology programs. A maximum of 9 credit hours may be accepted for transfer credit in the business and computer science graduate programs. For information about transfer credits in master’s programs not mentioned, please contact the program director.

Acceptance of transfer credit is contingent upon the following:

1. The hours were in graduate-level coursework at an appropriately accredited institution.
2. The credit was earned with a grade of A or B.
3. The course was taken no more than five years prior to the start of the Saint Xavier University graduate program for which the candidate is now applying.
4. The course has been approved by the director of the program to which the student is applying.

Exceptions may be granted at the discretion of the dean/graduate program director. While hours may transfer and be counted as either elective or equivalent credit, cumulative grade-point averages do not transfer between schools.

Once enrolled in a graduate program at Saint Xavier University, students are generally not permitted to take graduate courses at another institution. Students must petition the dean or program director for written permission to do so. Only grades of B or better are transferable; such credits are not considered in the computation of the cumulative grade-point average.

Acceptance of Saint Xavier University Credit
If a student takes graduate work at Saint Xavier University before admission, not more than four courses or 12 credit hours may be applied to degree requirements. The director of the appropriate graduate program will evaluate these courses in terms of applicability to the program. Courses completed five or more years prior to admission will not be accepted as partial fulfillment of the degree requirements in any graduate program.
Graduate Students-at-Large

A limited number of graduate programs offer a student-at-large option, in which the student's enrollment is not that of a fully, officially admitted, and/or degree seeking, student. Students-at-large are not eligible for financial aid.

Interested students must complete a short application which requests information on the desired course, as well as the student's rationale for wishing to take the course. Once submitted, the application will be forwarded to the appropriate program director within the graduate program being applying to. An enrollment decision is then sent to the applicant within 2-3 weeks. Once accepted, a student-at-large must register in person. However, it is the responsibility of the student to provide verification of an earned bachelor’s degree. Further, the student must recognize that taking a course (or courses), as a student-at-large does not guarantee admission to any graduate program. In addition, students should familiarize themselves with the requirements of their program and the maximum number of credits that may be accepted for transfer. If a student has been denied admission to a graduate program at Saint Xavier University, registration for classes is not permitted.

For more information on the application process and program availability for graduate students-at-large, please contact the Office of Graduate Admission at 773-298-3053 or at graduateadmission@sxu.edu.

A student denied admission to Saint Xavier University or dismissed from Saint Xavier University may not register as a student-at-large.
Veteran Admission Process

The Office of Admission is committed to assisting veterans through the application and admission process. Saint Xavier University operates on rolling admission (no deadlines except for nursing applicants) for undergraduate programs for the spring (January), fall (August) and summer (June) semesters. Deadlines and start terms for graduate students vary per academic program.

Graduate Veteran Student Admission Application Process

The application process and admission procedures for our many graduate programs varies by program. Please contact the Office of Graduate Admission, at 773-298-3053 or graduateadmission@sxu.edu for information on the application process for graduate veteran students based on the program of your choice.

Service Member Readmission Process

Per Chapter 3 of Volume 2 of the Federal Student Aid Handbook, and in line with the Department of Defense (DoD) Voluntary Education Partnership Memorandum of Understanding (MOU), Saint Xavier University will readmit service members and reservists if they are unable to attend class or have to suspend their studies due to service requirements. Accommodations may include options such as withdrawal or leaves of absences, as well as readmission at the conclusion of active duty. Details regarding the accommodations made will be based on a student's specific military obligation.

The Office of Admission at Saint Xavier University serves students on a rolling basis, and in this manner, students can seek readmission at frequent intervals throughout the year. At the time of readmission, the service member will be admitted at the same enrollment status, with the same credit hours previously completed, and with the same academic standing, into the next available class or classes in the student's program beginning after the student provides notice of intent to re-enroll, unless a later date is requested. If the exact program is no longer offered, admittance will be offered to the program that is most similar to that program unless the student requests or agrees to admission to a different program.

If the student is admitted to the same program, for the academic year in which the student returns the University shall assess fees and tuition consistent with the provisions of 34 CFR 668.18(a)(2)(iii)(E)(1). If the student is admitted to a different academic program, and for subsequent academic years for a student admitted to the same program the University shall assess tuition and fees consistent with the provisions of 34 CRF 668.18(a)(2)(iii)(E)(2). The University is not required to readmit the student on the student's return if:

1. After reasonable efforts by the University, the University determines that the student is not prepared to resume the program at the point where the student left off;
2. After reasonable efforts by the University, the University determines that the student is unable to complete the program; or
3. The University determines that there are no reasonable efforts the University can take to prepare the student to resume the program at the point where the student left off or to enable the student to complete the program.

Service members are encouraged to contact the veteran compliance advisor at SXU for assistance with initiating specific procedures regarding withdrawals, leaves of absence, readmission, and information regarding other policies that may be particularly applicable to students in the military. The veteran compliance advisor will notify the Office of Records and Registration and, upon return, the service member will meet with an academic advisor to discuss resuming their studies.
Financial Aid Information

Office of Financial Aid
Saint Xavier University is committed to making your college education affordable. Each year we distribute over $85 million in federal, state and institutional aid. More than 60% of our graduate students receive some form of financial aid.

Students interested in applying for financial assistance must complete a Free Application for Federal Student Aid (FAFSA). Detailed in this catalog are the financial aid programs available to Saint Xavier University graduate students.

Additional information can be found online at the Financial Aid webpages or on the catalog pages linked below.

- Federal
- State
- Institutional

Office of Student Accounts
Please view the catalog pages below for information about tuition and fees, payments, bills, fines, etc.

- Tuition and Fees
- Payment Plans
- Financial Clearance
- Tuition and Fee Refunds
- Unpaid Bills and Fines
- Graduation Policy
Federal Financial Aid

**Federal Direct Unsubsidized Loan**: Federal loan available to all graduate students who have filed for financial aid using the FAFSA, regardless of financial need; interest begins to accrue immediately after disbursement. Students may borrow up to $20,500 per academic year. This loan has a variable, fixed interest rate, which readjusts annually on July 1 for loans borrowed in the upcoming academic year. Principal and interest are deferred from payment until six months after the student is no longer enrolled at least part-time. Students have the option to pay interest while in school or defer interest until the loan goes into repayment.

**Federal Work-Study**: Federally funded work program. Students work part-time and wages are paid jointly by federal funds and the University. Students have the option of using their checks to make payments on their balance or to keep as personal spending money.

**Federal GRAD PLUS Loan**: Federal credit-based loan, with a variable, fixed interest rate that readjusts annually on July 1 for loans borrowed in the upcoming academic year. May borrow up to the cost of education less other financial aid. [Apply online.](#)

**Nurse Faculty Loan Program**: Federal loan for full-time graduate nursing students intending to become faculty members. Up to 85 percent of loan may be forgiven while serving as full-time nursing faculty after graduation. Contact the College of Nursing, Health Sciences and Business for further information.

**Federal TEACH Grant (Teacher Education Assistance for College and Higher Education)**: A federal grant program that provides grants of up to $4,000 per year to students who intend to teach in a designated high-need field at a public or private elementary or secondary school that serves students from low-income families. If service obligation is not met, TEACH grant funds convert to a Federal Direct Unsubsidized Loan. First year graduate students must have a cumulative transcript GPA of 3.25 and then are required to maintain a GPA of 3.25. To apply, a [TEACH Grant Initial and Subsequent Counseling and TEACH Grant Agreement to Serve](#) must be completed annually.
State Financial Aid

Minority Teachers of Illinois Scholarship Program: A state-funded scholarship for designated minority students enrolled at least part-time in a teacher education program or seeking initial teacher certification. Must maintain a minimum 2.5 grade-point average. A teaching commitment is required, and, if not satisfied, the scholarship converts to a loan. Award amount is a maximum of $7,500 per year.
Institutional Financial Aid

Graduate Scholarships: Institutionally-funded academic scholarships determined by individual departments. Students must maintain a 3.0 grade-point average or better, along with all other minimum standards of Satisfactory Academic Progress. Award amounts vary.

Assistantships/Fellowships: Contact the dean or director of the appropriate graduate program for more information about department assistantships and fellowships.
Tuition and Fees

Full payment of tuition and fees is to be made upon receiving the first billing statement each term. Students view and pay their bill online through Self-Service or in person at the Office of Student Accounts. Students can enroll in payment plans online or pay in the Office of Student Accounts, A-227.
Payment Plans
For students who are unable to pay tuition in full by the first day of classes, the University offers a payment plan.

Cougar Payment Plan
The Cougar Payment Plan allows you to spread all or part of your semester’s tuition expenses over five equal interest-free monthly payments. Each monthly payment will be due on the 5th of the month.

Semester Enrollment includes:

- $65 Enrollment Fee
- Five Month Payment Plan
- **Fall:** August 5 - December 5
- **Spring:** January 5 - May 5

Employer Reimbursement Payment Plan
The Employer Reimbursement Payment Plan is available to:

- Students who qualify for tuition reimbursement with an employer.
- Graduate nursing students whose employers offer 100% tuition reimbursement.

Chicago Police Department (CPD) Tuition Deferment Program
The Chicago Police Department (CPD) Tuition Deferment Program is for Chicago police officers enrolled at SXU that will be reimbursed by the City of Chicago for their tuition charges.

We also offer a First Responder Discount.
Financial Clearance

The Office of Student Accounts requires that every Saint Xavier University student receive financial clearance each semester. Financial clearance is the recognition that you have made appropriate arrangements to pay each semester’s charges. If you fail to obtain financial clearance, you will be unable to obtain a valid ID card or move into the residence hall. In addition, students who do not obtain financial clearance before the end of the first week of classes each term will be assessed a $100 late-clearance fee.

Ways you can obtain financial clearance:

- Your total financial aid (minus any loan-processing fees) meets or exceeds your charges for the semester (including approved federal PLUS or alternative loans).
- You have an active payment plan in the current term in good standing.
- You pay your semester’s charges in full when you receive your initial statement through Self-Service.
Tuition and Fee Refunds

Students are financially obligated for all tuition and fees associated with registration. Failure to meet financial obligation may result in a cancellation of your registration.

Students who register for classes must pay all tuition and fees as billed unless they officially withdraw on Self-Service or in the Office of Records and Registration (A-203) by the withdrawal deadline. The University will not initiate withdrawals; a student must either drop a class or officially withdraw from the University within the published time period to be eligible to receive a tuition refund or adjustment.

Room charges are not refundable. Under exceptional circumstances, the Dean of Students may approve a room refund, on a prorated basis.

If, after registration, a student decides not to return to the University for the subsequent semester, he or she should withdraw from classes in the Office of Records and Registration or on Self-Service.
Unpaid Bills and Fines

It is the policy of the University to report unpaid bills and fines to the Office of Records and Registration at the end of each semester. Grades and transcripts will be withheld, and the student will not be permitted to return to the residence hall, to register or to attend classes in subsequent semesters unless these obligations are met. Students will be assessed late fees and interest will be charged on past due balances.

For students using U.S. Department of Veterans Affairs educational benefits, if your withdrawal results in an overpayment, you will need to work with the Office of Student Accounts/Office of Financial Aid to pay any outstanding balance for tuition and fees. In Compliance with 38 USC 3679(e), and despite any policy to the contrary, Saint Xavier University will not take any of the four following actions toward any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch.33) or Vocational Rehabilitation and Employment (Ch. 31) benefits while their payment from the United States Department of Veterans Affairs is pending to the educational institution:

• Prevent their enrollment;
• Assess a late penalty fee to;
• Require they secure alternative or additional funding;
• Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

• Produce the VA’s Certificate of Eligibility by the first day of class;
• Provide written request to be certified;
• Provide additional information needed to properly certify the enrollment as described in other institutional policies (see our VA School Certifying Official for all requirements).

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website.
Graduation Policy
The University encourages students to participate in their graduation ceremony. Students who have an outstanding balance will not receive transcripts or diploma until their student account balance is paid in full.
Academic Policies and Procedures
Below are the academic policies and procedures that all students must follow while attending Saint Xavier University.

• Academic Advising
• Academic Catalog Policy
• Academic Dismissal and Appeal Process
• Academic Integrity
• Academic Misconduct
• Academic Standing for Graduate Students
• Amnesty
• Auditing of Courses

Academic Advising

Upon admission into a graduate program, a graduate student is assigned an advisor from the academic department to which the student has been admitted. Students are encouraged to maintain regular contact with their advisors on matters of academic planning and progress, during posted office hours or by appointment.

The ultimate responsibility for making decisions about educational plans that are consistent with University policies rests with the student. All students in the Education Division and the College of Nursing, Health Sciences and Business are required to have a signature and/or electronic approval from their advisor, program director or the associate dean of graduate studies each time they register, regardless of the number of hours for which they intend to enroll.
Academic Catalog Policy

Full- and part-time graduate students enrolled in a continuous program must adhere to the respective program requirements stated in the catalog at the time of their admission to the University. If any change in the program occurs during the continuous enrollment, students may elect to follow the new program requirement.

The only exception to this practice occurs when external agencies change requirements and require a definite time frame for implementation. Students who stop out of the University for two or more consecutive semesters must adhere to the program requirements in effect at the time of their readmission.
Academic Dismissal and Appeal Process

A graduate student who has been notified of dismissal for academic reasons and seeks to be reinstated must submit a written request for review by the appropriate dean or graduate program director. If not satisfied, the student may request that the provost review the dismissal. The request, stating the reason for review, must be submitted in writing to the provost within 15 business days of the denial of readmission. The provost shall seek a recommendation from the graduate program director or dean. The provost's decision will be sent to each party to the appeal within 20 business days after receipt of the written request for review. Graduate students of the Education Division might be dismissed if they do not meet program requirements stated in the Education Division section of this catalog.
Academic Integrity

A commitment to academic integrity is at the heart of Saint Xavier's mission as an intellectual community, dedicated, in the words of the University Philosophy Statement, to the examination of fundamental questions of human concern, respectful dialogue in the context of diverse points of view and experience, as well as the search for truth and justice. For faculty and students alike, the scholarly enterprise requires clear and rigorous argument, acknowledging the sources of our ideas, the quality of the evidence that supports them and taking responsibility for the errors we have made.

The efforts of students to cultivate these academic skills and intellectual virtues in turn requires formative evaluation, accurately and justly assessing student progress. In order to achieve this, instructors must be certain that students' work is their own and that all records of accomplishment are authentic and reliable. In this context, when students misrepresent their knowledge or abilities, they are more than simply breaking the rules of academic conduct. Such behavior undermines not only the student's own academic progress, but the integrity of academic evaluation itself. For that reason, it may result in failure for the assignment, failure for the course, suspension from the University or permanent dismissal from the University.

The principles of academic integrity should govern all forms of academic work, from the content of papers, projects and presentations to one's conduct before and during examinations. These principles -- and thus the very possibility of honest evaluation -- can be jeopardized by a number of actions, including but not limited to:

- **Cheating** on an examination, including but not limited to, using cheat sheets or unauthorized materials, copying from peers or obtaining copies of tests through unauthorized means;
- **Unauthorized collaboration** with one's peers on assignments, exams, projects or presentations;
- **Plagiarizing**, which may include:
  - copying phrases or sentences word for word from a source without enclosing the copied words in quotation marks and indicating the actual source;
  - changing the wording of a source slightly, but still incorporating all the ideas of the source without indicating the source;
  - altering the wording significantly but still incorporating the main ideas from other sources without indicating, through standard forms of documentation, which sources have been used, thereby implying that the ideas are one's own;
- **Unacknowledged and unauthorized resubmission** of work completed in other courses;
- **Using unauthorized or falsified instruments of identification** with the intent of academic fraud: supplying false academic records (transcripts, grade reports, etc.) to any official of the University; forging, altering or making unauthorized use of University records or documents;
- **Hindering one's peers** by removing, misplacing or defacing library or other instructional materials.

Faculty and administrators who discover such violations should compile evidence sufficient to document the incident and may impose penalties appropriate to their purview. When the offense and proposed penalty entail suspension or dismissal from the University, the violation must be addressed in consultation with the appropriate dean and the provost.

Students who believe they have been wrongly accused and penalized may initiate a Course Grade Grievance, as described in the Course Grade Grievance Procedure.
Academic Misconduct

Students are expected to conduct themselves in compliance with the Code of Student Conduct. Because "determination of whether a student is being disruptive in class is left to the sole discretion of the faculty member leading the class" (Student Handbook), faculty have the right to dismiss a disruptive student from a particular class meeting without prior notification. In cases of repeated disruptive behavior on the part of the same student, a faculty member may recommend to the program director, division director or school dean, in writing, that the student be removed from the course for the remainder of the current semester. The division director, program director or school dean will attempt to mediate the situation between the student and faculty member.

In the College of Arts and Sciences, if the program director or division director agrees with the faculty member's recommendation that the student be removed from the course, he or she will notify the dean of the school. The dean will attempt to mediate the situation between the student and faculty member within a reasonable period. In all schools, if the dean affirms the recommendation to remove the student from the course, the dean should forward the recommendation and a summary of the reasons to the provost. The provost should attempt to resolve the matter through discussion with the concerned persons. The provost will notify the student by traceable mail either of his/her removal from the class, and the reasons, or the conditions under which he/she may remain in class. Should the determination be removal from class, the provost will notify the director of records and registration services, director of financial aid, dean of students and the student's academic advisor.

The student may appeal this decision in the following manner:

1. The student may submit a written grievance to the provost within five days.
2. The provost then constitutes a Student Academic Grievance Committee (SAGC). The SAGC is composed of three members: two faculty members and a student. One faculty member will be serving on and selected by the academic policies committee, another will be appointed by the provost and the student will be selected by the dean of students, from among the members of the Student Government Association. The academic policies committee representative will serve as chair of this committee.
3. The provost then forwards the grievance, and the SAGC must notify the faculty member and the student and hold a hearing. The SAGC must submit its written recommendations to the provost within 15 working days after its formation.
4. Within five days after the provost has received the decision of the committee, the provost must announce the decision to the student and faculty member.
Academic Standing for Graduate Students

Graduate students are required to maintain a cumulative grade-point average of 3.0 (out of a possible 4.0 points). Any admitted student whose cumulative grade-point average has fallen below 3.0 will be notified, in writing, of academic probation by the respective graduate program. Probationary status will be removed when the student's cumulative grade-point average reaches or exceeds 3.0.

A student whose cumulative grade-point average remains below 3.0 for a second term is subject to dismissal from the program by the respective dean, associate dean or graduate program director. Individual schools reserve the right to exercise specific dismissal policies.
Amnesty

Graduate students transferring programs within Saint Xavier University are eligible to apply for the amnesty policy. Students seeking readmission within a program may also be eligible for amnesty.

A student may request that prior academic coursework (five or more years old) at Saint Xavier University not be counted toward credit hour requirements or the cumulative grade-point average. Such a request should be forwarded in writing to the executive director of Records and Registration Services.
Auditing of Courses

A student wishing to audit a course instead of taking it for credit must obtain written permission from the instructor of the course at the first class meeting and then register for the class in the Office of Records and Registration (WAC A-203). A student wishing to change from audit to credit must do so within the first three weeks of class. Students changing from credit to audit must do so no later than Monday of mid-term week and must secure the written permission of the instructor.

Students changing from credit to audit after the official institutional refund date are responsible for the full course tuition. A fee of $125 is charged to audit a course. Students who take courses at Saint Xavier University and earn grades of D, F or W, or who audit courses, are not permitted to earn CLEP credit as a replacement.

Alumni of Saint Xavier University are entitled to audit credit courses free of charge. There is a $25 registration fee. Information on this privilege may be obtained from Office of Alumni Relations. Alumni who take advantage of this benefit must pay any and all fees (exclusive of tuition) associated with the course.
Class Absences

Punctual and regular class attendance is expected of all students. Students are directly responsible to notify instructors of a class absence and can request the Dean of Students Office (773-298-3123 or deanofstudents@sxu.edu) to notify instructors of an illness or emergency.

Excessive absence, even for serious reasons, may disqualify a student from receiving academic credit. In the event of foreseeable absence, the student should make suitable arrangements with instructors regarding work in advance. Reported absences do not relieve the student of academic responsibilities nor do they guarantee approval for an excused absence. The student should take responsibility to obtain class notes and assignments. It is up to the discretion of the instructor to approve the opportunity to make-up any missed course activity. For prolonged absences, students are encouraged to contact an academic advisor or the Dean of Students Office, in addition to instructors.

Excused Absences

Participating in University sponsored events such as academic conferences or athletic events, as well as the observance of religious holidays not officially observed by the University, for example, the Muslim holidays of Eid al-Fitr and Eid al Adaha, is considered an excused absence. An excused absence may not be counted as a missed class in a course in which attendance is a measure of academic performance. Reasonable extensions of time must be given for missed assignments and exams must be reasonably rescheduled without academic penalty. Students must inform their instructor reasonably well in advance in writing of their planned absence. Students are responsible for obtaining class notes and assignments and working with their instructor to complete any missed work.
Commencement Policy

Participation in Saint Xavier University's commencement ceremony held in spring is limited to the following groups of students:

- Students who completed their degree requirements in the fall semester that immediately precedes the current spring semester.
- Students completing their degree requirements in the spring semester in which the commencement ceremony is held.
- Students who will be completing their degree requirements in the upcoming summer term (must be registered for summer courses).

Students finishing degree requirements in December 2023, May 2024 and August 2024 are invited to participate in the May 2024 ceremony. Diplomas will continue to be issued three times a year for those completing degree requirements in December, May and August. Students are encouraged to view their program evaluation through Self-Service on a regular basis and address deficiencies with their academic advisor. It is the responsibility of each student, along with guidance from his or her advisor, to complete all general education, major, minor (when applicable) and institutional requirements prescribed for each degree.

Students must petition for graduation for the term in which they are completing their degree requirements. Potential graduates must complete a Petition to Graduate online through Self-Service by the appropriate posted deadlines: August 1 through October 15 for May graduates and January 1 through March 15 for August and December graduates. Students who petition after the deadline will be charged an additional $100 late fine and must fill out a paper petition in the Office of Records and Registration (A-203/x3501).

All students are charged a $175 Graduation fee (Undergraduate students at 90 hours; Graduate students at 24 hours). Students will receive a diploma after all financial obligations to the University have been met, and the Office of Records and Registration has fully verified the student's eligibility to academically graduate. Diplomas and transcripts with degree posted will be available approximately 6 weeks after the degree date.

Course Grade Grievance Procedure

An eligible course grade grievance results from an allegation of improper academic evaluation.

Improper academic evaluation includes evidence of instructor error in calculating or reporting a final grade; evidence that the evaluation criteria noted in the syllabus were not followed; evidence that the evaluation criteria noted in the syllabus were not followed consistently when grading students in the same class.

Academic evaluation that is not eligible includes dissatisfaction with the evaluation criteria noted in the syllabus; dissatisfaction with the level of difficulty or work load associated with the course; objections regarding the style or quality of the instructor's teaching.

Step 1: Resolution at the School Level

A student who wishes to question a final course grade is expected to discuss the matter first with the course instructor within the first 20 business days of the term subsequent to the term in which the disputed course grade was awarded. This discussion can take place in person, in writing or via University email account. It is anticipated that, in most cases, this discussion will suffice and the matter will not need to be carried further. Colleges will require students to meet with the division director of the program prior to Step 2.

Step 2: Mediation

If the student grievance is not resolved through discussion with the instructor, the student may submit a Course Grade Grievance Form (hereinafter referred to as the "grievance form"), along with any documents that the student believes support the grievance. The grievance form and supporting documents must be submitted to the dean's office. The grievance should be filed in the school, in the office of the dean in which the course is being offered within the first 20 business days after the completion of Step 1.

Note: The grievance forms will be housed in the dean’s office of the College of Liberal Arts and Education and the College of Nursing, Health Sciences and Business.

Once the grievance form is received by the dean, the formal course grade grievance process begins and the dean sends the paperwork to a mediator, selected by the dean for the case (a mediator may serve more than once). The mediator has 15 business days from receipt of the grievance form in which to complete Step 2.

If the mediator determines that a student grievance is not eligible to be resolved under this course grade grievance policy, the mediator indicates "Ineligible" on the grievance form, completes the rationale section and distributes copies of the form to the student, the faculty member, the faculty member’s immediate administrative superior and the dean.

The student can provide a written appeal of the mediator’s decision to the dean if applicable. The dean will either uphold the mediator’s decision or grant the appeal and begin Step 3. The dean will send official notification of the decision to the student, the faculty member, the faculty member’s immediate administrative superior and the mediator.

Eligible Course Grade Grievance

If the student submits a grievance that is eligible to be resolved under this course grade grievance policy, the mediator should inform the student of the course grade grievance process.

The mediator sends a copy of the student's grievance form and the supporting documents to the faculty member, so that the faculty member can respond to the grievance. The mediator is expected and encouraged to converse with the student, the faculty member and any other individual that might need to be included to help resolve the grievance. The mediator is encouraged to bring those specifically involved in the grievance together when the mediator believes such a meeting will help resolve the issue. The mediator has the latitude to request documentation and set deadlines for receipt of such documentation, as deemed necessary.

If the grievance is resolved, the mediator describes the resolution on the grievance form and distributes copies of the completed form to the student, faculty member, the faculty member’s immediate administrative superior and the dean.
If the grievance is not resolved, the mediator indicates "not resolved: requires an Ad Hoc Committee review" on the grievance form and copies the student, faculty member, the faculty member's immediate administrative superior and the dean. At that point, the mediator is no longer involved. As a courtesy, the mediator would be notified of the outcome at the conclusion of the process.

**Step 3: Ad Hoc Course Grade Grievance Committee**
The role of the Ad Hoc Course Grade Grievance Committee is to make a final decision on all course grade grievances that are not successfully resolved at the mediation level. The Ad Hoc Course Grade Grievance Committee will hereinafter be referred to as the Ad Hoc Committee.

**Structure of the Ad Hoc Committee**

**Formation of the Ad Hoc Committee**
The dean will form an Ad Hoc Committee (only after step 2 has been completed) within 10 business days of receiving the grievance form. Within these 10 business days, the dean will send the provost a notice of the committee formation and will send each committee member the following:

- written notice of the committee formation, date of the formal charge, date by which the committee should have its recommendation formulated, names and contact information of committee members;
- a copy of the grievance file that was established at the mediation level;
- written description of the Ad Hoc Committee function, timeline and process, as excerpted from the faculty and student handbooks.

Upon confirmation of willingness to serve by the three ad hoc committee members, the dean will formally charge the committee with the task of reviewing the case and coming to a conclusion. The conclusion must be decided within 25 business days of the formal charge of the committee. The dean will inform the student, faculty member and faculty member's immediate administrative superior in writing about the committee formation and timeline.

The Ad Hoc Committee will consist of three tenured or tenure-track full-time faculty members whose primary responsibility is teaching and who have no conflicts of interest with the case at hand (at least one member of the committee must be a tenured faculty member). These full-time faculty members need to be within the discipline of the course grade being grieved, or in programs where there are few or no full-time, tenure-track or tenured faculty, the dean will select faculty from within a closely allied field or within the school in which the grade is being grieved. One of the three members must be within the discipline or a closely allied field. The chair of the Ad Hoc Committee must be a tenured faculty member and will be designated as chair by the dean.

**Guidelines for the Ad Hoc Committee**

**Operation of the Ad Hoc Committee**
The Ad Hoc Committee chair will convene the committee as soon as possible after each member receives the charge and grievance file. Committee members will review the file and meet to discuss the merits of the matter. The chair of the committee will appoint someone with the sole responsibility of keeping minutes of meetings, and such minutes will become part of the grievance file. The committee will deliberate and achieve a simple majority decision as to its recommendation regarding the course grade in question.

The Ad Hoc Committee may or may not permit new information from those specifically involved in the grievance. Those specifically involved in the case may also request permission to submit new information pertinent to the case. The Ad Hoc Committee responds to the party as to whether or not the committee will allow the new information to be sent. If allowed, the Ad Hoc Committee may set deadlines for receipt of new information. All communication between the committee and the parties involved will be in writing.

Decisions of the Ad Hoc Committee are to be determined by simple majority.

**Outcome of the Ad Hoc Committee**

**Ad Hoc Committee Confirms Grade**
Within 25 business days of receiving the charge, the chair of the Ad Hoc Committee must submit a letter to the student, faculty member, faculty member's immediate administrative superior and the dean. The letter must include:

- date of the report
- validation of adherence to timeline
- facts of the case as considered
- rationale for keeping the original grade
names of committee members and each member's original signature on the letter

If a simple majority of the Ad Hoc Committee has determined that the grade stands, the process ends.

**Ad Hoc Committee Requests Grade Change**

Within 25 business days of receiving the charge, the chair of the Ad Hoc Committee must submit a letter to the faculty member, faculty member's immediate administrative superior, and the dean. The letter must include:

- date of the report
- validation of adherence to timeline
- facts of the case as considered
- rationale for recommendation for grade change
- names of committee members and each member's original signature on letter
- the recommendation of the committee

If the faculty member agrees with the recommendation of the Ad Hoc Committee to change the grade, the faculty member will communicate in writing his/her agreement to the ad hoc committee chair, his/her immediate administrative superior and the student within five business days of receipt of the letter. Within these same five days, the faculty member will initiate the grade change following the established procedure. The Ad Hoc Committee chair will contact the dean and the Ad Hoc Committee members regarding the grade change.

If the faculty member does not follow the recommendation to change the grade, the instructor's administrative superior and/or the chair of the Ad Hoc Committee will provide the dean with the rationale to change the grade and forward all documents in the grievance file to the dean for the dean's review. After reviewing the file, the dean will notify in writing the student, faculty member, the faculty member's immediate administrative superior, the registrar, the Ad Hoc Committee members and the provost of his/her final and binding decision and rationale for either changing or not changing the grade.

If the dean decides a grade change is warranted, the dean will be noted as the individual assigning the grade. The dean will follow appropriate internal procedures to change the grade.

### Upon conclusion of this process:

- All copies of grievance files should be given to the dean.
- Approved meeting minutes should be included in the file.

**Special Extenuating Circumstances**

**Additional Timeline Guidelines**

If at any point during the process the student does not adhere to the established deadlines, the grievance shall be considered denied.

The mediator, dean or chair of the ad hoc committee can request additional time due to unforeseen circumstances (for example: the chair of the ad hoc committee may encounter difficulty coordinating the schedules of the committee members). The necessity for such flexibility is solely intended for the purpose of providing a fair and equitable process. The dean must approve any deviations in timeline, and those specifically involved in the grievance must be notified in writing of the timeline adjustment and the rationale.

Deviations from policy: special circumstances may require deviations from the provisions and guidelines of the course grade grievance policy. In such cases, the dean should determine adjustments necessary to best ensure a just outcome and one that follows as closely as possible to the spirit of expeditious and thorough implementation of the established policy.

**Glossary of Terms**

A “mediator” can be an administrator or faculty member designated by the dean of each college.

"Business days" shall refer to Monday through Friday, excluding University holidays.

"Term subsequent" refers to fall for spring and summer disputed course grades, and to spring for fall disputed course grades.
Course Waivers

A student requesting a waiver of, or substitution for, a course in his/her program is required to do so in writing to the respective associate dean or program director. It is recommended that you contact the department prior to completion of the paperwork for information regarding required supportive documentation. If approved, the student will be notified and the waiver or substitution will be documented on the student's Program Evaluation.
Drop-Add/Withdrawal Policies

1. A student who wishes to add or drop a class must do so either in the Office of Records and Registration (A-203) or online through Self-Service. Students are directed to retain a copy of all online (Self-Service) transactions for their records. A student may withdraw from a course without academic penalty until the 3/4 point of the semester or term (dates to be determined and published on Self-Service each semester by the Office of Records and Registration). It is the student's responsibility to take all action necessary to withdraw from a class. A grade of W will appear on the record for any withdrawal from a class after the institutional refund date.

The University does not refund tuition for students who have failed to drop courses during the prescribed time period. Students who seek a tuition refund must submit a written request and meet with the Executive Director of Records and Registration Services. Students requesting a refund must be current with financial obligations to the University at the close of the term prior to the refund request. A University committee will review the circumstances surrounding the request and notify the student, in writing, of the result. All decisions are final. For students using U.S. Department of Veterans Affairs educational benefits, if your withdrawal results in an overpayment, you will need to work with the Office of Student Accounts/Office of Financial Aid to pay any outstanding balance for tuition and fees.

2. After the first week of a section, a student must have the instructor's signature to add a class. The last day a student may register for any course that has already begun will coincide with the last day to drop a course and receive a full refund.

3. Resident students must formally withdraw from housing when leaving permanently either in the Office of Residence Life or by completing the Housing Withdrawal Form on Self-Service.
Full-Time Course Load

Six credit hours of coursework per semester (six hours during the summer term) are considered a full graduate course load for all graduate programs. Any graduate student wishing to register for more than 9 credit hours in a given semester or term is required to have the approval and/or signature of the college dean or the appropriate associate dean or division director prior to registration.

300-Level Courses
Considered upper-level undergraduate courses

Graduate students may not apply 300-level courses toward graduate degree requirements.

400 and 999-Level Courses
Considered graduate level course

Undergraduate students may enroll in graduate courses only with the written permission of the dean/division director of the program in which the course is being offered.
Grading Policy

Grade Reports

Students may access term grades as part of the academic record on Self-Service. Students who are not making satisfactory progress are informed periodically by the instructors.

Formal grade reports are available at the end of each grading period and are mailed to the student's home upon request. Please contact the Office of Records and Registration (A-203 or 773-298-3501) if you wish to have a formal grade report sent to your home.

The Grading System

The amount of work accomplished by a student is expressed in credit hours. In general, 1 credit hour represents one hour of class or two to four hours of laboratory work a week for a semester. Variations from this general plan of equivalence are typical in such instructional modes as seminars, independent study and credit-by-examination. The quality of work is indicated by grade points earned per credit hour:

<table>
<thead>

Incomplete Grades

A student may request an incomplete grade from an instructor if there is a legitimate reason acceptable to the instructor and the student is making satisfactory progress at the time. The student and instructor agree on requirements and time limit for completion of the course. The agreed upon date is then entered by the Office of Records and Registration.

Requirements must be completed no later than the tenth week of the following semester (fall or spring). Failure to meet the stated requirements will result in an automatic grade of F. If a student carries more than one incomplete grade into the following semester, his/her course load should be reduced. Evaluation of academic standing is made from the grade reports at the end of each grading period and will not be deferred until work is completed on courses in which there was an incomplete.

Requirements for Master's Degree

In order to be eligible for a master's degree in any graduate program, a student must have completed all required coursework with at least a 3.0 cumulative grade-point average. A course in which a grade of D is earned will not meet degree requirements in any graduate program. Students must fulfill all requirements for graduation as detailed by each school or college.
Registration
Current graduate students may register as soon as the course schedule is posted on Self-Service. Registration is then open until the beginning of the semester.
Repeated Courses

When a course is repeated, only the higher grade is computed in the grade-point average. In most instances, credit may be earned only once for a given course. A repeated course will be designated as such on the transcript. A course may be repeated only once.
Research Guidance

Each graduate program has its own research requirements and students should familiarize themselves with the appropriate requirements. Each graduate student who seeks faculty advisement while developing a research proposal, implementing the proposal design or completing the research requirement must register each semester or term for Research Guidance. A student who is enrolled in a graduate course at Saint Xavier University is not required to pay a fee for enrolling in Research Guidance. A student who is not enrolled in a graduate course at Saint Xavier University and is in the process of meeting the Research Guidance requirement must pay a fee of $100 each semester or term that Research Guidance is necessary.

Students should consult with their faculty advisor on compliance with the University’s policies on experimentation involving human subjects. Students who are conducting research using data gathered about human subjects must request and receive permission to proceed from the Institutional Review Board (IRB). The IRB reviews in advance all research proposals involving human subject data and monitors the progress of projects that have been reviewed by the IRB. The forms for review of research protocols are available in the Office of Academic Affairs.
Self-Service

Self-Service on mySXU enables students to access student planning, register, make schedule changes, pay tuition bills, search for classes, verify enrollment and petition for graduation. Users are also able to view their financial aid awards, program evaluation, schedules, grades, grade-point average, academic history and test summary. All admitted Saint Xavier University students receive a login and password.
Student Leave of Absence

Admitted graduate students wishing to take a leave of absence must contact their faculty advisor or division director of the program in which they are admitted for policies/procedures. Graduate students wishing to return to their admitted program, and for whom at least one year will have passed between the time of their last class and the time they would potentially begin taking classes again, are required to submit an application. For further information about applying, please contact the Office of Graduate Admission at 773-298-3053 or graduateadmission@sxu.edu.
Time Limit for Graduate Students

A student must complete all degree requirements within five years from the date of admission into any graduate program.

For time extensions beyond the five-year limit, the student must initiate the request for an extension and submit it to the appropriate associate dean or division director for review.
Transcripts

The official permanent academic records for all Saint Xavier University students are in the custody of the Office of Records and Registration. Release of these records is protected by the "Family Education Rights and Privacy Act." A copy of a student's transcript will be sent only upon written request of the student (Pub. Law 93-380). A fee ($10 for electronic copy or $12.50 for a paper copy to be picked-up or sent, plus shipping and handling) will be charged for each transcript copy and the request will be processed within 3-5 business days of receipt. Transcripts cannot be issued until the student or former student has settled all financial obligations to the University. All transcripts from Saint Xavier University must be ordered through our online ordering service Parchment. Directions for requesting a transcript are available on the Office of Records and Registration Transcript Services webpage.
College of Liberal Arts and Education

The College of Liberal Arts and Education offers traditional and alternative graduate programs in Education. Master of Art (M.A.) and Master of Arts in Teaching (MAT) programs provide pre-service educators with in-depth preparation in content and pedagogy, blended with authentic and diverse experiences in real-world educational settings across grade levels. Various certificate and endorsement programs invite licensed educators to earn additional credentials to advance their careers. All graduate programs in Education are aligned with best practices informed by educational research and are approved by the Illinois State Board of Education.
College of Liberal Arts and Education

The College of Liberal Arts and Education offers traditional and alternative graduate programs in Education. Master of Art (M.A.) and Master of Arts in Teaching (MAT) programs provide pre-service educators with in-depth preparation in content and pedagogy, blended with authentic and diverse experiences in real-world educational settings across grade levels. Various certificate and endorsement programs invite licensed educators to earn additional credentials to advance their careers. All graduate programs in Education are aligned with best practices informed by educational research and are approved by the Illinois State Board of Education.
The Saint Xavier University Education Division offers the master of arts (M.A.) or the master of arts in teaching (MAT) degrees with programs of study that prepare candidates to assume responsibilities in teaching. Such preparation integrates theory and clinical experiences in institutions or agencies, enabling graduates to function effectively as humane and liberally educated leaders in a variety of settings.

The conceptual framework of the Education Division provides a structure and process to prepare candidates for the education profession. The Education Division seeks to recruit and support the development of diverse candidates who are dedicated to the pursuit of excellence as scholars, lifelong learners, leaders and reflective professionals.

The logo of the Education Division also incorporates the cross from the shield of Saint Xavier University to acknowledge the mission and strategic directions of the University and the core values from the founding Sisters of Mercy. Caring, capable and highly qualified faculty personifies those attributes in the community of Saint Xavier University and in the profession of education. Additionally, the faculty directs the candidates' progress in the acquisition of the relevant knowledge, skills and dispositions.

The Saint Xavier University Education Division offers a master of arts degree through the following areas of concentration: Multicategorial Special Education; Secondary Education or Special K-12; a Master of Arts in Education Dual Endorsement LBS I and Bilingual/ESL; and a Master of Arts in Teaching (MAT) in Elementary Education, and alternative licensure in early childhood, elementary, middle level, and secondary education.

In addition to degree programs, candidates with a valid Illinois teaching license may pursue coursework leading to an addition to their license. Coursework is available for endorsements in the following areas: Bilingual Education (BE), Technology Specialist, English as a Second Language (ESL), Learning Behavior Specialist I, and Teacher Leader. Coursework is available for certificates in the following areas: Certificate of Advanced Studies in Education, Technology Integration Coach, and Teaching English to Speakers of Other Languages (TESOL). Coursework is available for approval in the following area: Early Childhood Special Education.

The certificate of advanced studies program is available for those candidates who have earned a master's degree and who wish to do further graduate work without commitment to another degree program. A program of studies specific to the needs of a candidate or a group of candidates is developed and leads to a certificate of advanced studies upon completion of the program.

Graduate students who have earned one graduate degree in education from the Education Division and are admitted and enrolled in a second degree need to complete the coursework required for the degree. A minimum of 30 credit hours taken at the graduate level from the coursework offered by the Education Division is required to obtain the second degree.

The delivery model for graduate programs is flexible and responsive to student needs. Completely online delivery is offered in the Elementary Education program, ESL or Bilingual endorsement program, LBS I endorsement only program, and the LBS I and Bilingual/ESL Dual M.A. program.

Individuals seeking admission to the graduate program must complete a graduate student application, which is available from the Office of Graduate Admission. The completed application file is evaluated by a graduate admission counselor and then forwarded to the Education Division. Once received from the Office of Graduate Admission, Education faculty and administration will review the file and make an admission decision. The Office of Graduate Admission will inform the prospective candidate of the decision.

Admitted students will be assigned a program faculty advisor in the Education Division who will review program requirements and offer assistance with registration and academic issues. Graduate students are responsible for monitoring their programs of studies to ensure that requirements for graduation and licensure are met.
Individuals who have not been denied admission to the Education Division and who do not wish to enroll in a program may enroll for graduate courses as students-at-large with the permission of the Education Division director and upon verification of completed undergraduate work by the Office of Graduate Admission. Courses taken in this capacity do not guarantee admission into a graduate program. However, appropriate courses (a maximum of 12 credits) may be applied to a degree program, once admitted.

Requests for transfer of credit must be submitted to the program faculty adviser upon admission to the program, as such transfers are not allowed during the course of study (see policy below). Please see student-at-large designation in Office of Graduate Admission for further information.

Individuals seeking a master's degree with licensure in secondary education must have a degree in the subject area of licensure or must have completed the required course work identified for them in a transcript review completed by the education licensure officer. Graduate students seeking secondary licensure must also pass the Illinois Content Area test prior to student teaching.

All graduate students seeking full admission to the Education Division in elementary, multicategorical special education, secondary education, LBS I endorsement and Bilingual/ESL endorsement; and alternative licensure in early childhood, elementary, middle level, and secondary must meet the following requirements:

A bachelor's degree and a cumulative GPA -- 3.0 or higher.

Please use the matrix entitled "Graduate Admission Requirements" to identify the graduate admission requirements for each of the graduate programs in the Education Division.

**Transfer of Credit**

A maximum of 6 credit hours of graduate credit from other accredited institutions taken prior to admission to graduate work at Saint Xavier University may be considered for acceptance for graduate program requirements. Students may obtain a petition for evaluation and transfer of graduate credit from the Education Division. The request will be evaluated on the following:

- level of the coursework,
- grade in the course,
- course completion date, and/or
- a review of the course description and/or syllabus

If a student has taken a course at the undergraduate level, that course may be considered as fulfilling the requirement for licensure; however, that course will not be accepted as equivalency toward the degree requirement for any 400/500-level course. The student will be required to take a 400/500-level course to replace the credit hours.

Requests for transfer of credit must be submitted to the Education Division advisor upon admission to the program. Once admitted to the Education Division, graduate students may not take any courses required for the program or the degree at another institution.

**Program Completion**

All graduate students in the Education Division in programs that lead to licensure must successfully pass the coursework, tests, core assessments and the benchmarks required by each program.

**Dismissal from the Graduate Programs**

Graduate candidates in Education may be dismissed from a program for the following reasons:

- grade-point average (below 3.0)
- academic dishonesty
- violation of professional dispositions
- failure to successfully complete program benchmarks
- results of the criminal background investigation

Additional reasons not herein described may also result in dismissal. For further details, please refer to the Saint Xavier University Academic Policies and Procedures section of this catalog.
Candidate Disposition Assessment
In an effort to better serve degree candidates, the P-12 school children and the community, the Education Division has implemented a disposition support model. The professional dispositions of candidates are a critical component of development for emerging as well as experienced educators. Candidates are required to maintain appropriate professional dispositions on campus, as well as during the field or practical experiences. Faculty and staff utilize evaluation tools to assess candidate dispositions and develop supportive intervention.

Grievance Policy/Procedures for Disposition Decisions
The Education Division follows the Saint Xavier University Grievance Process and the Disposition Support Model Handbook for Initial Licensure Programs.
Education Division Admission Requirements
Admission to any of the graduate programs within the Education Division requires the following:

1. Bachelor's degree or above in any major from an institution of higher education with regional accreditation.
2. Cumulative undergraduate grade point average of 3.0 or higher. If the undergraduate grade point average is below 3.0, applicants may be considered for probationary admission.
3. Additional program-specific admission requirements can be found at on the Graduate Admission Requirements webpage.
Admission to Teacher Licensure Programs

All graduate students admitted to different programs leading to initial licensure in the Education Division must proceed through a program specific benchmark process, which starts when a student enters Saint Xavier University and continues through admission to clinical practice (student teaching). **Requirements in teacher education are subject to change within the time span of one's university career, due to changing requirements at national, state and local levels.**

Please note: The terminology used and requirements described for earning a Professional Educator License (PEL) in Illinois are accurate as of the preparation of this edition of the catalog. Complete information can be found on the Illinois State Board of Education website.

**Benchmark I: Teacher Education Candidate Status**

Requirements for reaching this benchmark include:

1. Full admission into a graduate program in Education.
2. Completion of a criminal history fingerprint check for non-licensed and licensed teachers seeking subsequent endorsements, or licensed but unemployed teachers. Exceptions will be made for licensed teachers seeking a subsequent endorsement if they are enrolled in a course requiring field experiences AND those field experiences will be completed in the school/school district in which they are currently employed. However, if field experiences are to be completed in a setting other than the current school/district of employment of the licensed teacher, the Accurate Biometrics CPS fingerprinting process must be completed.

**Benchmark II: Admission to Clinical Practice (Student Teaching)**

The process and requirements for reaching this benchmark include:

1. Maintain a minimum cumulative grade point average of 3.0 in professional education courses.
2. Successful completion of all professional education courses except EDGEL/EDGSE/EDGSP 445 (Seminar) and courses in the program that are required for licensure and any required general education courses. A minimum grade of C must be earned in all professional education courses.
3. Proof of passing the appropriate Illinois Licensure Testing System (ILTS) content-area test(s) according to the deadlines established by the director for School Partnerships.
4. Submission of an online application and resume for student teaching placement. Deadline for submission and link to the application will be provided by the director of School Partnerships.
5. Completion of all required school/district health screening requirements.
6. Completion of all required field experience hours.
7. Completion of the CPS fingerprinting/criminal background investigation. A second fingerprinting/background check is required prior to student teaching as per a new State of Illinois law that went into effect January 1, 2016:

PA 99-021 became effective on January 1, 2016. Pursuant to this Public Act, each student teacher (defined to include those completing required internships) is required, prior to starting a student teaching or required internship experience, to authorize and pay for the school or school district where the student teaching is to be completed to conduct a fingerprint-based criminal history records check of that individual. Institutions should verify all student teaching candidates are aware of the background check (and its cost) prior to student teaching, and practice open communication with the school or district regarding the completion of the background check prior to the candidate beginning student teaching.

Reference: Student Teacher Background Checks Went Into Effect January 1

Licensure test dates, registration materials, study guides, and a practice diagnostic basic skills test are available at the Illinois Licensure Testing System website.

**Benchmark III: Exit from Clinical Practice (Student Teaching)**

The process and requirements for reaching this benchmark include:

1. Satisfactory ratings by supervisor and mentor teacher on clinical practice instructional feedback forms.
2. Grade of C or better in clinical practice
3. Successful completion of EDGEL/EDGSE/EDGSP 445 (Seminar) appropriate to elementary education, secondary education, and multicategorical special education programs

**Benchmark IV: Program Completion**
The process and requirements for reaching this benchmark include:

1. Maintain a minimum cumulative grade point average of 3.0 in professional education courses
2. Successful completion of the clinical practice experience EDGEL/EDGSE/EDGSP 445 (when a requirement of the major) with a grade of C or better
3. Completion of minimum number of semester hours required by the program
4. Passing score on the program-specific edTPA
5. Submission of all required documents and fees.

**Appealing Denial to Candidacy in the Education Division and Licensure**
An appeal process has been developed for students who are denied admission to candidacy or student teaching, or whose pursuit of program completion is believed by the student to be compromised in some way. For appealing decisions related to the graduate program, please consult the Academic Dismissal and Appeal Process section of the SXU catalog.
Criminal Background Investigations

State law (Illinois School Code 5/10-21.9) prohibits a school board from employing a person convicted of certain felony, sex, narcotics and drug convictions, and the Education Division has made a commitment to local area schools to require criminal background checks for all candidates in programs with field experiences.

Movement through the program may be suspended for failure to comply with the background check requirements. It is the responsibility of the candidate to refer to the Illinois School Code and/or seek legal counsel if it is suspected that his/her criminal history may bar licensure or employment in a school district or agency.

Education Division Fingerprinting Policy

Field Experience
It is the responsibility of the SXU Education Division to verify to our school partners that teacher candidates assigned to school sites for field experiences and/or clinical practice have not been convicted of any illegal activity. To ensure the accuracy and current nature of this information, all Education candidates must complete the Chicago Public Schools fingerprinting/background investigation process through Accurate Biometrics prior to any course-related field experiences.

Accurate Biometrics is the fingerprinting vendor for the Chicago Public School (CPS) system. If the CPS fingerprinting process is followed and the appropriate CPS fingerprinting form is used at an Accurate Biometrics location, the fingerprinting process produces both an FBI and an Illinois State Police background check report. The fingerprints are checked against the databases of both agencies (FBI and Illinois State Police). Once processed by both agencies, the 3 background check results are generated directly to CPS. If any subsequent convictions occur (HIT) after the initial fingerprinting, CPS would receive the report and notify the SXU Education Division accordingly, if any action is necessary.

Other fingerprinting agencies do not share updated reports with the SXU Education Division. SXU Education Division candidates pursuing licensure in Illinois must complete the Accurate Biometrics CPS fingerprinting process to ensure that all of our candidates are currently free of any convictions each time they enter our partner schools.

Exceptions:

- Students-at-Large (e.g., licensed student teaching mentor teachers taking a free course) if they are enrolled in a course requiring field experiences AND those field experiences will be completed in the school/school district in which they are currently employed. However, if field experiences are to be completed in a setting other than the current school/district of employment of the Student-at-Large, the Accurate Biometrics CPS fingerprinting process must be completed.
- Education candidates seeking LBS I endorsement, currently employed as licensed teachers and planning to complete all required field experiences in the school/school district in which they are currently employed.

Student Teaching
A second fingerprinting/background check is required prior to student teaching as per a new State of Illinois law that went into effect January 1, 2016:

PA 99-021 became effective on January 1, 2016. Pursuant to this Public Act, each student teacher (defined to include those completing required internships) is required, prior to starting a student teaching or required internship experience, to authorize and pay for the school or school district where the student teaching is to be completed to conduct a fingerprint-based criminal history records check of that individual. Institutions should verify all student teaching candidates are aware of the background check (and its cost) prior to student teaching, and practice open communication with the school or district regarding the completion of the background check prior to the candidate beginning student teaching.

Reference: Student Teacher Background Checks Went Into Effect January 1
Master of Arts

A Master of Arts (M.A.) degree with a concentration in education can be earned by completing a program of study in the following programs: Multicategorical Special Education; Secondary Education or Special PK-12. Elementary Education and alternative licensure candidates earn a Master of Arts in Teaching (MAT).

Individual program descriptions and requirements are described below:

- Completion of the number of credit hours of graduate credit as required by each graduate program of study (see specific program requirements)
- Completion and approval of the required research study in EDGCC 514. (Candidates enrolled in the secondary education and the individualized program may, after consultation, elect a two-course option in lieu of EDGCC 514 to complete graduate requirements)
- Completion of specific program requirements, including field or clinical experiences.
- Completion of general education requirements and courses in the teaching field, when applicable.
- Completion of all required coursework with a minimum grade of C and a cumulative grade-point average of 3.0.
- Successful completion of benchmark and program requirements approved by the faculty.

State of Illinois Licensure Requirements

Upon completion of their graduate programs, candidates who wish to apply for a state of Illinois Professional Educator License (PEL) in teaching will communicate with the education licensure officer.

Each person applying for an elementary, secondary, special education, or alternative license programs must meet the following requirements:

1. The Illinois Licensure Testing System's (ILTS) content area test must be taken and passed prior to the start of student teaching.
2. Candidates who are not already licensed teachers who will be applying for a teaching license are required to pass Educative Teaching Performance Assessment (edTPA) before they will be eligible for a professional educator license.

Complete information on the testing program is found on the Illinois Licensure Testing System website.

Field Experiences

Programs offered in Education provide opportunities for candidates to apply the knowledge, skills and dispositions required for effective professional practice through planned, sequenced and assessed field experiences. The transfer of pedagogical knowledge and skill to professional practice is accomplished through pre-student teaching field experiences and student teaching at the initial licensure level, and through internship and practicum experiences at the advanced licensure levels.

Field experiences are intended to provide candidates with opportunities to broaden and deepen their understanding of educational theory and integrate this theory with educational practice. Therefore, these experiences:

- connect candidates with the community and provide them with learning experiences in a variety of educational environments with exposure to diverse cultures, encouraging candidates to embrace and celebrate the diversity of students in American schools;
- are connected with professional courses and are designed to sequentially complement and expand upon University course content;
- are assigned by the coordinator of Field Experiences and take place in selected educational settings that have written contracts with the University, which serve to develop a professional relationship;
- typically take place during daytime school hours;
- recognize professional standards and follow Illinois State Board of Education (ISBE) and the Education Division policies.
The field experiences associated with each program are noted as part of the course descriptions. **Field experiences completed at other institutions cannot be transferred to the professional program of study at Saint Xavier University.** A minimum number of clock hours of field experiences are required of all candidates prior to clinical practice (student teaching).

**Criminal Background Investigations**
State law (Illinois School Code 5/10-21.9) prohibits a school board from employing a person convicted of certain felony, sex, narcotics and drug convictions. The Education Division has made a commitment to local area schools to require fingerprinting/criminal background investigations for all candidates in programs with field experience.

Progression through the program will be suspended for failure to comply with the background check requirements. It is the responsibility of the candidate to refer to the Illinois School Code and/or seek legal counsel if it is suspected that his/her criminal history may bar licensure or employment in a school district or agency.

**Approved Programs Leading to Licensure**
The Education Division offers the following programs approved by the Illinois State Board of Education, through which graduates are licensed in the state of Illinois:

- Elementary Education, 1-6;
- Secondary Education,
  - Art PK-12
  - Biology 9-12
  - English 9-12
  - Mathematics 9-12
  - Social Science 9-12
  - Music PK-12
  - Spanish PK-12
- Multicategorical Special Education; LBS I K-age 22
- Alternative licensure in,
  - Early Childhood Education, Birth to grade 2
  - Elementary Education, 1-6
  - Middle Level Education,
    - Language Arts, 5-8
    - Mathematics, 5-8
    - Sciences, 5-8
    - Social Science, 5-8
  - Secondary Education,
    - Art, PK-12
    - Biology, 9-12
    - Chemistry, 9-12
    - Computer Science, 5-12
    - English/Language Arts, 9-12
    - History, 9-12
    - Mathematics, 9-12
    - Music, PK-12
    - Physics, 9-12
    - Political Science, 9-12
    - Spanish, PK-12

**Approved Non-Licensure Programs**
- Technology Specialist
- English as a Second Language (ESL)
- Bilingual Education (BE)

**Approved Endorsement/Approval Programs**
- Learning Behavior Specialist I
- ESL Education
- Bilingual Education
Early Childhood Special Education (PK)

Please note that some programs not leading to licensure can/do include endorsements for the State of Illinois.

**Change of Program**
Candidates whose professional goals change and who subsequently decide to switch to another program must formally request a change of program. This request must be in written form and be addressed to the director of the Education Division. Upon approval from the director of the Education Division, the candidate may change to a new education program.
Multicategorical Special Education

The multicategorical special education program emphasizes theoretical and practical implications of identification, assessment and instruction of students with disabilities. By observation of and practice with students with disabilities in varied settings and across the age range from kindergarten to age 22, teacher candidates gain the expertise necessary to provide direct instruction to students with disabilities; monitor students' progress; conduct assessments; employ various methods and materials; and collaborate with families, various professionals and paraprofessionals.

Successful completion of this program leads to the Learning Behavior Specialist (LBS) I license. Candidates pursuing the LBS I license may or may not be licensed educators. Requirements for graduate students seeking LBS I licensure vary depending on their previous coursework. Candidates must have coursework in methods of teaching mathematics for elementary school and methods of teaching reading for elementary school. These courses will be included in the program schedule for individuals who need them.

Learning Behavior Specialist I (for non-licensed graduate candidates)

Graduate students who do not hold an Illinois Professional Educator License (PEL) and are seeking to complete the program requirements for Learning Behavior Specialist (LBS) I must successfully complete the following courses as additional program requirements:

- EDGSP 418: Methods of Teaching Reading at the Elementary Level (3)
- EDGSP 421: Methods of Teaching Mathematics at the Elementary Level (3)

Candidates will be exempt from these courses if documentation of previous completion of equivalent coursework is provided.

And the following professional education courses required for licensure and the Master of Arts degree (39 credit hours):

- EDGSP 403: Introduction to the Special Education edTPA (1)
- EDUGL 470: SOE Orientation (0)
- EDGSP 445: Seminar in Teaching and Learning (2)
- EDGTE 480: Methods and Material for Teaching English as a Second Language (3)
- EDGSP 520: Characteristics of Students with Disabilities (3)
- EDGSP 521: Foundations of Special Education (3)
- EDGSP 522: Adaptations and Accommodations for Students with Disabilities (3)
- EDGSP 523: Language Disorders and Instruction in Diverse Classrooms (3)
- EDGSP 524: Diagnostic Assessment for Educational Decision Making (3)
- EDGSP 525: Methods of Teaching Students with Disabilities (6)
- EDGSP 530: Student Teaching: Students with Disabilities (6)

Additionally, one of the following two-course options must be selected:

- EDGSP 531: Behavior Management (3), and
- EDGSP 532: Individualized Positive Behavior Support Plans (3)

OR

- EDGSP 533: Curriculum Development for Special Educators (3), and
- EDGSP 534: Curriculum Evaluation and Collaborative Assessment for Special Educators (3)

Candidates may elect alternative courses for the two-course options by consultation with and approval by the division director.

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.

Non-licensed graduate students in multicategorical special education are required to:
• Pass Content Area Test, LBS I (#290) prior to student teaching.
• Pass the edTPA Special Education licensure exam to obtain the PEL entitlement.

Learning Behavior Specialist I (for licensed graduate candidates)
Graduate students who already hold an Illinois Professional Educator License (PEL) and are seeking to complete the program requirements for Learning Behavior Specialist (LBS) I must successfully complete the following courses or provide documentation of previous completion of equivalent coursework:

• EDGSP 418: Methods of Teaching Reading at the Elementary Level (3)
• EDGSP 421: Methods of Teaching Mathematics at the Elementary Level (3)

And the following professional education courses required for licensure and the Master of Arts degree (34 credit hours):

• EDGSP 403: Introduction to the Special Education edTPA (1)
• EDUGL 470: SOE Orientation (0)
• EDGTE 480: Methods and Material for Teaching English as a Second Language (3)
• EDGSP 520: Characteristics of Students with Disabilities (3)
• EDGSP 521: Foundations of Special Education (3)
• EDGSP 522: Adaptations and Accommodations for Students with Disabilities (3)
• EDGSP 523: Language Disorders and Instruction in Diverse Classrooms (3)
• EDGSP 524: Diagnostic Assessment for Educational Decision Making (3)
• EDGSP 525: Methods of Teaching Students with Disabilities (6)
• EDGSP 526: Practicum: Students with Disabilities (for educators already licensed) (3)

Additionally, one of the following two-course options must be selected:

• EDGSP 531: Behavior Management (3), and
• EDGSP 532: Individualized Positive Behavior Support Plans (3)

OR

• EDGSP 533: Curriculum Development for Special Educators (3), and
• EDGSP 534: Curriculum Evaluation and Collaborative Assessment for Special Educators (3)

Candidates may elect alternative courses for the two-course options by consultation with and approval by the division director.

Successful completion of one of these options satisfies requirements for a Master of Arts degree.

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.

Licensed graduate students in multicategorical special education are required to:

• Pass the Learning Behavior Specialist I (#290) prior to beginning EDGSP 526: Practicum: Students with Disabilities

Learning Behavior Specialist Endorsement
At this time, the Illinois State Board of Education allows teachers who already hold a Professional Educator License (PEL) to earn an endorsement in special education (LBS I) on that license. In order to be eligible for the LBS I endorsement, teachers must earn credit in the courses listed below and pass the Learning Behavior Specialist I (#290) test.

• EDGSP 413: Survey of Students with Exceptionalities (3)
• EDGSP 520: Characteristics of Students with Disabilities (3)
• EDGSP 524: Diagnostic Assessment for Educational Decision Making (3)
• EDGSP 525: Methods of Teaching Students with Disabilities (6)

Completion of the LBS I endorsement courses and passing the LBS I (#290) Illinois Content Licensure exam are required for this K-age 22 endorsement.
Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.

Early Childhood Special Education Approval
The Illinois State Board of Education allows teachers who hold an Illinois license endorsed in early childhood self-contained general education or LBS I (PreK-age 22 or K-age 22) to earn an approval in Early Childhood Special Education. This approval allows teachers to teach PreK special education.

The following courses are required:

- EDGEC 521: Assessment of Typically and Atypically Developing Young Children (2)
- EDGEC 507: Methods of Teaching Young Children with Special Needs (2)
- EDGSP 523: Language Disorders and Instruction in Diverse Classrooms (3) OR EDGEC 554: Emergent Literacy and Language Development (2)
- EDGEC 509: Child, Family and Multicultural Community (2)

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.

Professional Development Program
Individuals who are interested in pursuing a specialized program to fulfill requirements as outlined in their professional development plan or an ISBE deficiency statement may apply to the graduate program in multicategorical special education. Upon admission, an appropriate plan of study will be developed.
Secondary Education (9-12; PK-12)

The secondary education program prepares candidates to teach in grades 9-12 or PK-12. Saint Xavier University is approved to offer secondary education for the following content areas:

- Biology: 9-12
- English: 9-12
- Mathematics: 9-12
- Social Science: 9-12
- Art: PK-12
- Music: PK-12
- Spanish: PK-12

The program requires successful completion of general education courses, professional education courses and core courses, as outlined below:

**Professional Education Course Requirements (30-33 credit hours*)**

- EDUGL 470: Education Orientation (0)
- EDGSE 404: Field Experience for Secondary (1)
- EDGSP 413: Survey of Students with Exceptionalities (3)
- EDGSE 415: Principles and Practices of the Middle and Secondary School (3)***
- EDGSE 463-69: Methods of Teaching (Major) in the Middle and Secondary School (3)**
- EDGSE 497: Literacy Instruction for Secondary Teachers (3)
- EDGSE 507: Advanced Educational Psychology (3)
- EDGSE 508: Advanced Adolescent Development (3)
- EDGCC 512: Assessment of Instruction and Learning (3)
- ELECTIVE -- Professional Education Course (3)
- EDGSE 444: Directed Teaching -- Secondary (6); EDGSE 498 (K-12)
- EDGSE 445: Seminar in Teaching and Learning (2)
- EDGSE 423: Secondary Education Practicum (for Licensed Teachers Only in lieu of Directed Teaching) (3-6)

*Music students must complete an interview and audition; additional music content coursework may be required.

**Music students will be required to take EDGSE 434: PK-12 General Music (3)

***In lieu of this course, music students may be required to take a graduate level MUS 335/EDGSE 435 (3) or MUS 336/EDGSE 436 (3)

**Core Course Requirements (9 to 12 credit hours*)**

- EDGCC 511: Foundations of Education (3)
- EDGCC 513: Educational Research Design and Development (3)
- EDGCC 514: Scholarship of Teaching: Finalizing the Inquiry Process (3)

*33 hours of professional education courses for a license for individuals without prior licensure, plus 9 or 12 credit hours of core courses for degree.

Candidates for a Master of Arts degree in secondary education must complete core courses: EDGCC 511, 513 and 514. In lieu of 514, graduate secondary students may take two additional graduate courses offered by the Education Division, as approved by their advisors.

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Elementary Education MAT

The Education Division offers a Graduate Elementary Education program (Master of Arts in Teaching) that has been designed in response to the revised Illinois licensure laws (ISBE Rules July 1, 2013). The Graduate Program prepares teacher candidates for an Illinois Professional Educators License (PEL) with an endorsement to teach students in Grades 1-6. The Graduate Elementary Education Program can be offered in either the traditional or online delivery formats pending sufficient enrollment. The traditional program will be available for those candidates who prefer the face-to-face classroom setting. The online delivery format offers flexibility for teacher candidates, particularly career changers and paraprofessionals, who must balance their coursework with jobs and family commitments. The online format will be open to teacher candidates across the state of Illinois who otherwise may not be able to attend SXU on-campus classes. Offering the program in either format is dependent on the number of applicants.

General Education Prerequisites

The general education courses, which address requirements for Illinois licensure, may have been met within the candidate’s undergraduate studies. A review of the candidate’s transcript(s) will indicate if any general education deficiencies exist.

The Illinois State Board of Education requires the following subject specific content coursework:

Science (As per Illinois Administrative Code: Section 25.97)

- Physical Science
- Life Science
- Earth and Space

Social Sciences (As per Illinois Administrative Code: Section 25.97)

- History
- Geography
- Civics and Government
- Economics of Illinois, the United States, and the World

Graduate Elementary Education MAT -- Traditional Delivery Sequence of Professional Education Courses

Level I

Semester 1

2 courses, 8 weeks per course, plus orientation

- EDUGL 470: SOE Online Orientation (0)
- EDGEL 401: Introduction to the Profession of Teaching (3)
- EDGEL 425: Child Growth and Development (3)

Semester 2

2 courses, 8 weeks per course

- EDGEL 413: Survey of Students with Exceptionalities (3) -- 5 Field Experience hours
- EDGEL 480: Methods of Teaching English as a Second Language (3) -- 5 Field Experience hours

Level II

Semester 3

2 courses, 8 weeks per course

GATE # 1 - Minimum GPA of 3.0

- EDGEL 483: Reading and Writing in the Content Areas (3) -- 10 Field Experience hours
• EDGEL 439: Managing the Elementary Classroom: Behavior Management and Instructional Planning (3) -- 10 Field Experience hours

Semester 4
2 courses, 8 weeks per course

GATE # 2 Clinical Practice application complete

• EDGEL 418: Foundations and Methods of Literacy and Language Arts (3) -- 10 Field Experience hours
• EDGEL 411: Principles and Methods of Teaching Social Science and the Arts in the Elementary School (3) -- 10 Field Experience hours

Semester 5
2 courses, 8 weeks per course

• EDGEL 412: Principles and Methods of Teaching Science, Health and PE in the Elementary School (3) -- 10 Field Experience hours
• EDGEL 441: Using Student Achievement Data to Support Instructional Decision Making (3) -- 10 Field Experience hours

Semester 6
2 courses, 8 weeks per course

GATE # 3 - Pass Educators Symposium, pass Elementary Grades 1-6 Content Exam (305)

• EDGEL 421: Methods of Teaching Mathematics in the Elementary School (3) -- 15 Field Experience hours
• EDGEL 419: Assessment and Diagnosis of Reading Problems (3) -- 15 Field Experience hours

Level III
Semester 7
2 courses

GATE # 4 - Licensure and Graduation, Pass edTPA and complete all SXU graduation requirements

• EDGEL 445: Seminar in Teaching and Learning (3)
• EDGEL 446: Directed Teaching -- Elementary Education (6)

Graduate Elementary Education MAT -- Online Delivery Sequence of Professional Education Courses

Level I
Semester 1
2 courses, 8 weeks per course, plus orientation

• EDUGL 470: SOE Online Orientation (0)
• EDGEL 401: Introduction to the Profession of Teaching (3)
• EDGEL 425: Child Growth and Development (3)

Semester 2
2 courses, 8 weeks per course

• EDGEL 413: Survey of Students with Exceptionalities (3) -- 5 Field Experience hours
• EDGEL 480: Methods of Teaching English as a Second Language (3) -- 5 Field Experience hours

Level II
Semester 3
2 courses, 8 weeks per course

GATE # 1 - Minimum GPA of 3.0
- EDGEL 483: Reading and Writing in the Content Areas (3) -- 10 Field Experience hours
- EDGEL 439: Managing the Elementary Classroom: Behavior Management and Instructional Planning (3) -- 10 Field Experience hours

**Semester 4**

2 courses, 8 weeks per course

**GATE # 2 Clinical Practice application complete**

- EDGEL 418: Foundations and Methods of Literacy and Language Arts (3) -- 10 Field Experience hours
- EDGEL 411: Principles and Methods of Teaching Social Science and the Arts in the Elementary School (3) -- 10 Field Experience hours

**Semester 5**

2 courses, 8 weeks per course

- EDGEL 412: Principles and Methods of Teaching Science, Health and PE in the Elementary School (3) -- 10 Field Experience hours
- EDGEL 441: Using Student Achievement Data to Support Instructional Decision Making (3) -- 10 Field Experience hours

**Semester 6**

2 courses, 8 weeks per course

**GATE # 3 - Pass Educators Symposium, pass Elementary Grades 1-6 Content Exam (305) (Residency Experience)**

- EDGEL 421: Methods of Teaching Mathematics in the Elementary School (3) -- 15 Field Experience hours
- EDGEL 419: Assessment and Diagnosis of Reading Problems (3) -- 15 Field Experience hours

**Level III**

**Semester 7**

2 courses

**GATE # 4 - Licensure and Graduation, Pass edTPA and complete all SXU graduation requirements**

- EDGEL 445: Seminar in Teaching and Learning (3)
- EDGEL 446: Directed Teaching -- Elementary Education (6)

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Alternative Licensure Early Childhood Education

The alternative licensure path is an option for prospective Early Childhood Education teachers who need to earn a salary while pursuing a teaching license. This Early Childhood Education Alternative Licensure Program enables candidates to hold a paid position as the teacher of record while pursuing an Illinois Professional Educator License (PEL).

The Illinois Administrative Code (23 Illinois Administrative Code 25, Section 25.60) provides an alternate route for non-licensed college graduates to obtain a PEL in Illinois. Similar to any other licensure program, alternative licensure programs follow rigorous guidelines that include accelerated coursework, field experiences, teaching experiences and licensure testing. Candidates enroll in seven semesters of program coursework, including summer sessions as they complete a 42 credit hour program leading to a Master of Arts in Teaching (MAT).

The Early Childhood Education alternative licensure program simultaneously combines accelerated coursework with classroom experiences and one-to-one mentoring. Candidates in this program will have the guidance and support of a mentor teacher, a University coordinator and a site coach throughout the two years of required provisional teaching.

This program requires that applicants have:

- a degree in English/language arts, mathematics, one of the physical sciences, or one of the social sciences, OR
- the equivalent of a degree: 32 credit hours in English/language arts, mathematics, one of the physical sciences, or one of the social sciences, OR
- 32 credit hours in a combination of the four core content areas: English/language arts, mathematics, sciences and social sciences.

Program Admission Requirements

The Illinois State Board of Education and the SXU Education Division require that potential candidates meet the following admission requirements:

- Undergraduate GPA: Minimum 3.0
- Pass Early Childhood Education Content Area Test (206)
- Successful Admission Interview
- Obtain a State of Illinois Provisional Alternative Educator License -- the Educator License with Stipulations for Alternative Provisional Educator
- Complete VIRTUS Training
- Successfully complete a Criminal Background Check/Fingerprinting

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
English as a Second Language (ESL) and Bilingual Education Endorsements

The English as a Second Language (ESL) Endorsement course requirements (18 credit hours) and Bilingual Education Endorsement course requirements (18 credit hours) are:

- EDGTE 479: Theoretical Foundations of Teaching ESL and Bilingual Education (3)
- EDGTE 480: Methods and Materials for Teaching English as a Second Language (3)
- EDGTE 481: Cross-Cultural Studies in a Bilingual Program (3)
- EDGTE 483: Linguistics for Educators (3)
- EDGTE 484: Assessment of Bilingual Students (3)
- EDGTE 485: Methods of Teaching Bilingual Education (3)

The Illinois State Board of Education issues an endorsement for ESL and/or bilingual education upon successful completion of this program. No additional testing is required for ESL endorsement; however, passage of a language proficiency examination in the target language is required for the bilingual education endorsement. The language proficiency test must be passed prior to graduation for bilingual education to be specified in the Dual Endorsement Master's degree. No petition may be filed post-graduation for bilingual education to appear on the transcript notation of the degree.

*Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.*
Master of Arts in Education Dual Endorsement LBS I and Bilingual/ESL

The 30-33 credit hour special education and ESL/bilingual program offers licensed teachers the opportunity to increase their knowledge and skill to serve students with special learning needs. The special education coursework emphasizes theoretical and practical implications of identification, assessment and instruction of students with disabilities. By observation of and practice with students with disabilities in varied settings, teachers gain the expertise necessary to provide direct instruction to students with disabilities; monitor students' progress; conduct assessments; employ various methods and materials; and collaborate with families, various professionals and paraprofessionals.

The ESL/Bilingual program is designed for teachers who wish to enhance their knowledge and expertise in working with linguistically diverse students in school and community settings. Teachers in the program gain expertise necessary to provide direct instruction to students who are speakers of other languages; assess students who are speakers of other languages; employ various methods and materials; and collaborate with school personnel and families to serve students who are speakers of other languages.

Successful completion of this program leads to the Learning Behavior Specialist (LBS) I endorsement and either the ESL or the bilingual endorsement. Candidates pursuing the endorsements must be licensed educators. However, candidates who wish to pursue expertise in special education and ESL/bilingual education for other purposes are welcome.

Dual Endorsement Requirements (30-33 credit hours)

To earn the LBS I endorsement, teachers must earn credit in the courses listed below and pass the Learning Behavior Specialist I (#155) test through the Illinois State Board of Education.

- EDGSP 413: Survey of Students with Exceptionalities (3)*
- EDGSP 520: Characteristics of Students with Disabilities (3)
- EDGSP 524: Diagnostic Assessment for Educational Decision Making (3)
- EDGSP 525: Methods of Teaching Students with Disabilities (6)

*It is common for teachers to have credit for this course from their initial teacher preparation.

The English as a Second Language (ESL) Endorsement course requirements (18 credit hours) and Bilingual Education Endorsement course requirements (18 credit hours) are:

- EDGTE 479: Theoretical Foundations of Teaching ESL and Bilingual Education (3)
- EDGTE 480: Methods and Materials for Teaching English as a Second Language (3)
- EDGTE 481: Cross-Cultural Studies in a Bilingual Program (3)
- EDGTE 483: Linguistics for Educators (3)
- EDGTE 484: Assessment of Bilingual Students (3)
- EDGTE 485: Methods of Teaching Bilingual Education (3)

The Illinois State Board of Education issues an endorsement for ESL and/or bilingual education upon successful completion of this program. No additional testing is required for ESL endorsement; however, passage of a language proficiency examination in the target language is required for the bilingual education endorsement. The language proficiency test must be passed prior to graduation for bilingual education to be specified in the Dual Endorsement Master's degree. No petition may be filed post-graduation for bilingual education to appear on the transcript notation of the degree.

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Technology Specialist Endorsement

The Technology Specialist Endorsement is designed to prepare teachers who aspire to assume expanded technology leadership roles in their schools. At this time, the Illinois State Board of Education (ISBE) allows teachers who already hold a Professional Educator License (PEL) to earn the Technology Specialist endorsement by completing 24 hours of course work as well as passing the Technology Specialist (178) test. The endorsement will be applied to the candidate’s PEL and will qualify the candidate for work in the grades that are included in the candidate’s original PEL.

The following courses will prepare candidates for roles as technology leaders in schools.

Course Requirements (24 credit hours)
- EDGET 531: Foundations of Educational Technology (3)
- EDGET 532: Instructional Design Foundations (3)
- EDGET 533: Computers, Critical Thinking and Problem Solving in the Content Area (3)
- EDGET 534: Emerging Technology Trends in Education (3)
- EDGET 535: Administration and Management of Educational Technology (3)
- EDGET 536: 21st Century Literacies and Professional Development (3)
- EDGET 537: Educational Computers and Network Applications (3)
- EDGCC 514: Scholarship of Teaching and Learning: Finalizing the Inquiry Process (3)

Requirements for this program are subject to change within the time span of one’s University career due to changing requirements at national, state and local levels.
Learning Behavior Specialist I Endorsement

At this time, the Illinois State Board of Education allows teachers who already hold a Professional Educator License (PEL) to earn an endorsement in special education (LBS I) on that license. In order to be eligible for the LBS I endorsement, teachers must earn credit in the courses listed below and pass the Learning Behavior Specialist I (#290) test.

- EDGSP 413: Survey of Students with Exceptionalities (3)
- EDGSP 520: Characteristics of Students with Disabilities (3)
- EDGSP 524: Diagnostic Assessment for Educational Decision Making (3)
- EDGSP 525: Methods of Teaching Students with Disabilities (6)

The Learning Behavior Specialist I endorsement is issued for K to age 22.

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Teacher Leader Endorsement

The Teacher Leader Endorsement (offered only online) is designed to prepare teachers who aspire to assume expanded leadership roles in their schools. The Teacher Leader Endorsement qualifies candidates to assume such roles as department chair, instructional coach, grade-level leader, curriculum specialist and professional development specialist. This 17 credit hour online program is completed in three semesters.

The Teacher Leader Endorsement is designed for teachers who hold a valid teaching license and a master's degree in any area.

Course Requirements (17 credit hours)

- EDGTL 551: E-Learning Design and Technologies (2)
- EDGTL 552: Adult Development and Learning (3)
- EDGTL 553: Professional Development (3)
- EDGTL 554: Models of Teacher Evaluation (3)
- EDGTL 555: School Improvement Processes (3)
- EDGTL 556: Building School, Family and Community Collaborations (3)

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Certificate of Advanced Studies in Education

The program in advanced studies in education is designed for individuals who have earned a master's degree and wish to complete additional graduate work without commitment to a degree program. The program of study is specific to the needs of each student and includes appropriate sequence of academic courses. Completion of the program leads to a certificate of advanced studies. All coursework (18-30 credit hours) to the certificate must be completed at Saint Xavier University. The student needs to meet with the Education Division director to discuss the program of study.
Technology Integration Coach Certificate

The certificate is a cluster of four Educational Technology courses that builds educational technology coaching skills for primary and secondary educators. The certificate will be an internal certificate from Saint Xavier University that is informed by standards set forth by the International Society of Technology Educators. It is not associated with external licenses, endorsements or other professional certificates. Students who complete the following courses will, upon completion have advanced knowledge in coaching peers within K-12 schools in how to integrate technology into their curriculum.

Course Requirements (12 credit hours)

- EDGET 531: Foundations of Educational Technology (3)
- EDGET 533: Computers, Critical Thinking and Problem Solving in the Content Area (3)
- EDGET 534: Emerging Technology Trends in Education (3)
- EDGET 536: 21st Century Literacies and Professional Development (3)

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
Graduate TESOL Certificate

The Teaching English to Speakers of Other Languages (TESOL) Certificate, for graduate students, prepares candidates to teach English to adults and children in informal settings both in the U.S. and abroad. Candidates will gain knowledge and skills in pedagogy, intercultural competencies, language structure and teaching practice in supervised settings. This Certificate will be issued by the University (not the state of Illinois) upon the successful completion of the following courses below.

Course Requirements (12 credit hours)

- EDGTE 450: Methods of Teaching English as a Second/Foreign Language to Adults and Children (3)
- EDGTE 470: Advanced Methods of Teaching English as a Second or Foreign Language to Adults and Children (3)
- EDGTE 481: Cross-cultural Studies in a Bilingual Program (3)
- EDGTE 483: Linguistics for Educators (3)

Requirements in this program are subject to change within the time span of one's University career due to changing requirements at national, state and local levels.
College of Nursing, Health Sciences and Business

Nursing
Saint Xavier University College of Nursing, Health Sciences and Business offers an accredited graduate nursing program leading to a Master of Science in Nursing (MSN) degree.

The goals of the graduate nursing program are to:

1. Prepare registered professional nurses to meet current and future health care needs of populations through advanced nursing practice and transformative leadership, grounded in Mercy values.
2. Provide a foundation for research or practice-focused doctoral study in nursing.

The MSN program outcomes are to:

1. Synthesize knowledge from other disciplines with nursing theory, research and policy to improve health care delivery and outcomes.
2. Assume leadership in designing, providing, and coordinating comprehensive care in complex and varied settings.
3. Lead initiatives to improve quality, safety, and communication in managing and providing health care.
4. Translate evidence into practice to improve patient and population outcomes.
5. Evaluate care outcomes through aggregate data analysis and appropriate application of informatics and health care technologies.
6. Advocate for patients/populations, the professional, and health-promoting policies across the health care continuum.
7. Apply professional standards within a framework of ethical decision-making and an awareness of personal and professional values and beliefs.
8. Practice in collaborative and interdependent relationships with diverse patients, populations, and colleagues across a variety of health care settings.
10. Engage in professional behaviors that promote lifelong learning and accountability for practice while serving as a role model.

The graduate program offers tracks in:

- Clinical Leadership
- Family Nurse Practitioner
- Nurse Educator

Three Post-Master’s Certificates are available:

1. Clinical Leader: This certificate enables a nurse who already has earned a master’s degree in nursing to become prepared as a clinical nurse leader and sit for the national CNL certification.
2. Family Nurse Practitioner: This certificate enables a nurse who already has earned a master’s degree in nursing to become prepared as a family nurse practitioner and sit for the national FNP certification exam.
3. Nurse Educator: This certificate provides an opportunity for a nurse with a master’s degree to specialize in nursing education and sit for the CNE exam.

All graduate nursing tracks are offered in an online format.

The master’s degree program in nursing at Saint Xavier University is accredited by the Commission on Collegiate Nursing Education (CCNE).
Speech-Language Pathology
The Communication Sciences and Disorders (CSD) program provides a Master of Science degree in Speech-Language Pathology. The program includes academic and clinical preparation that meets the requirements of the American Speech-Language Hearing Association (ASHA) for the Certificate of Clinical Competence in Speech-Language Pathology, the requirements for Illinois State Licensure to practice as a speech-language pathologist, and the requirements for a Professional Educator License endorsed in Speech-Language Pathology Non-Teaching to work as a speech-language pathologist in Illinois public schools.

Exercise Science
The College of Nursing, Health Sciences and Business also offers a Master of Science in Exercise Science (MSES). The Master of Science in Exercise Science with a concentration in Strength and Conditioning is designed for individuals with a bachelor’s degree in science or a health care-related field interested in advancing their knowledge within their discipline. The program is grounded in evidence-based practice, decision-making, and leadership across health care and wellness settings; the curriculum is designed to increase and expand the knowledge needed for 21st-century health care.

Goals and objectives of the graduate exercise science program are:

Goal 1: Engage in a transformative leadership practice to promote health and wellness across the lifespan.
  • Objective 1: Effectively design programs for athletes, the general population, the military, and post-rehabilitation using current research and evidence-based techniques.
  • Objective 2: Demonstrate appropriate evaluation methods for program design of strength and conditioning protocols.

Goal 2: Utilize critical appraisal techniques to develop an evidence-based practice approach in decision-making.
  • Objective 1: Use critical thinking skills to identify and prescribe recovery and regeneration techniques for both the athlete and non-athlete.
  • Objective 2: Demonstrate an evidence-based approach to practice, using both quantitative and qualitative research.
  • Objective 3: Appraise current literature and apply evidence in the health and science fields to selected practice settings.
  • Objective 4: Apply ethical principles in decision-making in health science practice.

The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Master of Science in Nursing (MSN)

Requirements for Program Completion

The Master of Science in Nursing degree requires completion of a minimum of 35 to 47 credit hours, depending on the track selected, exclusive of pre-requisites or electives. Required coursework includes core courses, courses that support the development of the selected track and specialty courses. Students are required to maintain a cumulative grade-point average (GPA) of 3.0 or better and achieve a grade of B or better in all required nursing courses throughout their program in order to remain in good academic standing. A student whose GPA is less than 3.0 or who receives a C in a required nursing course will be placed on academic probation. One semester of probation is allowed and only one course may be repeated in the graduate nursing program.

While enrolled in clinical nursing courses, all students must carry professional liability insurance through Saint Xavier University, provide evidence of current licensure as a registered nurse, current health insurance coverage and current CPR certification, and meet nursing program health and background check requirements. Additional requirements may be specified by clinical agencies in which the students practice. Students are responsible for complying with the policies and procedures as stated in the current edition of the Graduate Nursing Student Handbook on Canvas.

The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Clinical Leadership (CL) Track

The CL track prepares students for leadership at the point of care in any health care setting. The Clinical Leader assumes responsibility for health care outcomes of a specific group of clients at the microsystem (i.e., unit-based) level, using research-based evidence to design, implement and evaluate plans of care. Major areas of focus within the specialty courses of the CL track include quality and safety improvement, care coordination during transitions of care, risk assessment, outcomes measurement and evaluation, and interprofessional communication and team leadership.

In addition to the 27 credit hours of core and supportive courses, students complete 11 credit hours in specialty courses that provide the foundation for implementation of CL role functions. The curriculum is based on the competencies of the CNL role, as outlined in "Competencies and Curricular Expectations for Clinical Nurse Leader Education and Practice" (AACN, 2013). Students complete 450 practicum hours in this specialty track. Upon completion of the CL track, the graduate will be eligible to sit for the Clinical Nurse Leader (CNL) certification examination administered by the Commission on Nurse Certification (CNC).

Program of Study for the Clinical Leadership Track

I. Core Courses (18 credit hours)
   - NURSG 504: Philosophical and Theoretical Foundations of Advanced Nursing Practice (3)
   - NURSG 553: Culture, Communication and Conflict Resolution in Interprofessional Practice (3)
   - NURSG 509: Nursing Inquiry (3)
   - NURSG 517: Health Care Systems and Financing (3)
   - NURSG 544: Epidemiology and Population-Based Health Care (3)
   - NURSG 557: Information Technology and Health Care Outcomes Evaluation (3)

II. Supportive Courses (9 credit hours)
   - NURSG 502: Advanced Health Assessment (3)
   - NURSG 503: Advanced Pathophysiology (3)
   - NURSG 512: Advanced Pharmacology (3)

III. Specialty Courses (11 credit hours)
   - NURSG 523: Clinical Leader Role I (2)
   - NURSG 524: Clinical Leader Role II (2)
   - NURGP 524: Clinical Leader Role II Practicum (1)
   - NURSG 612: Clinical Leader Immersion I (1)
   - NURGP 612: Clinical Leader Immersion I Practicum (2)
   - NURSG 614: Clinical Leader Immersion II (1)
   - NURGP 614: Clinical Leader Immersion II Practicum (2)

The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Family Nurse Practitioner (FNP) Track

The Family Nurse Practitioner serves as a specialist in the delivery of primary care services to individuals and families in a wide variety of settings. The program emphasizes health promotion and wellness as well as the management of common and complex health problems. Graduates are eligible to take the FNP certification exams administered by the American Nurses Credentialing Center (ANCC) or American Association of Nurse Practitioners (AANP).

In addition to the 27 credit hours of core and supportive courses, FNP students complete 20 credit hours in specialty courses that provide the scientific foundation and clinical base for advanced nursing practice as an FNP. Clinical practice experiences (600 hours) focus on the development of competencies required for the management of individuals and families in primary care settings.

Program of Study for the Family Nurse Practitioner Track

I. Core Courses (18 credit hours)
   - NURSG 504: Philosophical and Theoretical Foundations of Advanced Nursing Practice (3)
   - NURSG 557: Information Technology and Health Care Outcomes Evaluation (3)
   - NURSG 509: Nursing Inquiry (3)
   - NURSG 544: Epidemiology and Population Based Health Care (3)
   - NURSG 517: Health Care Systems and Financing (3)
   - NURSG 553: Culture, Communication and Conflict Resolution in Interprofessional Practice (3)

II. Supportive Courses (9 credit hours)
   - NURSG 503: Advanced Pathophysiology (3)
   - NURSG 505: Advanced Health Assessment and Clinical Reasoning (3)
   - NURSG 552: Advanced Pharmacology for FNPs (3)

III. Specialty Courses (20 credit hours)
   - NURSG 519: Primary Care of Women and Children (3)
   - NURGP 519: Primary Care of Women and Children Practicum (2)
   - NURSG 525: Pharmacology for Advanced Practice Nursing (1)
   - NURSG 535: Management of Common Problems in Primary Care (3)
   - NURGP 535: Management of Common Problems in Primary Care Practicum (3)
   - NURSG 536: Management of Complex Problems in Primary Care (3)
   - NURGP 536: Management of Complex Problems in Primary Care Practicum (3)
   - NURSG 537: FNP Role Synthesis (2)

The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Nurse Educator (NE) Track

The Nurse Educator serves as faculty or in other educator roles teaching students, nurses, patients and caregivers across the continuum of care in a variety of settings. The NE meets the National League for Nursing (NLN) Core Competencies for the Academic Nurse Educator. The NE utilizes in-depth knowledge in an identified area of advanced nursing practice and health assessment, pathophysiology and pharmacology to design, implement and evaluate activities. Upon completion of the program, this individual is eligible to sit for the Certified Nurse Educator (CNE) certification exam offered by the NLN.

In addition to the 27 credit hours of core and supportive courses, students complete 11 credit hours in specialty courses that provide the foundation for educator role functions. Students complete 225 practicum hours in this specialty track.

Program of Study for the Nurse Educator Track

I. Core Courses (18 credit hours)
   - NURSG 517: Health Care Systems and Financing (3)
   - NURSG 504: Philosophical and Theoretical Foundations of Advanced Nursing Practice (3)
   - NURSG 509: Nursing Inquiry (3)
   - NURSG 544: Epidemiology and Population Based Health Care (3)
   - NURSG 557: Information Technology and Health Care Outcomes (3)
   - NURSG 553: Culture, Communication and Conflict Resolution in Interprofessional Practice (3)

II. Supportive Courses (9 credit hours)
   - NURSG 502: Advanced Health Assessment (3)
   - NURSG 503: Advanced Pathophysiology (3)
   - NURSG 512: Advanced Pharmacology (3)

III. Specialty Courses (11 credit hours)
   - NURSG 608: Nurse Educator Role (2)
   - NURSG 609: Clinical Practice Specialty (2)
   - NURGP 609: Clinical Practice Specialty Practicum (1)
   - NURSG 610: Learning Principles and Instructional Methods for the Adult Learner (2)
   - NURGP 610: Learning Principles and Instructional Methods for the Adult Learner Practicum (1)
   - NURSG 611: Nurse Educator Capstone (2)
   - NURGP 611: Nurse Educator Capstone Practicum (1)

The College Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Master of Science in Exercise Science

The Master of Science in Exercise Science (MSES) with a concentration in Strength and Conditioning is designed for individuals with a bachelor's degree in science or a healthcare-related field interested in advancing their knowledge within their discipline. The program is grounded in evidence-based practice, decision-making and leadership across healthcare and wellness settings; the curriculum is designed to increase and expand the knowledge needed for 21st-century healthcare.

The MSES is a degree that was created by practitioners for practitioners looking to enter a career in allied health. Students who enroll in the MSES will have access to our state-of-the-art Human Performance Lab during their tenure in the program. Furthermore, courses are taught by current practitioners and content experts within the field of Exercise Science. The MSES program adheres to the National Strength and Conditioning principles and prepares to take the NSCA-CSCS, NSCA-CPSS and the FMS Level 1 certification post-graduation. The 36-39 credit program is delivered online in a 12 or 24-month option with an 8-week schedule.

There are three program options to obtain your MSES.

1. 4+1 - Currently enrolled students in their senior year at SXU can apply and begin their MSES in their final semester. You will finish your MSES in 10.5 months.
2. Accelerated - This program will allow you to finish your MSES in a year. You will take 6 credits every 8 weeks for one year to complete your degree.
3. Traditional Track - This is a two-year track where the student will take 3 credit hours each semester and complete the degree in 24 months.

Learning Objectives

In the MSES program, students will:

- Effectively design programs for athletes, the general population, the military and post-rehabilitation using current research and evidence-based techniques.
- Demonstrate appropriate evaluation methods for program design of strength and conditioning protocols.
- Use critical thinking skills to identify and prescribe recovery and regeneration techniques for both the athlete and non-athlete.
- Demonstrate an evidence-based approach to practice, using both quantitative and qualitative research.
- Appraise current literature and apply evidence in the health and science fields to selected practice settings.
- Apply ethical principles in decision-making in health science practice.

Degree Requirements (36-39 credit hours)

I. Core Courses (18 credit hours)

- EXSCG 400: Leadership and Ethics (3)
- EXSCG 405: Psychology of Health-Related Behavior (3)
- EXSCG 425: Research Methods (3)
- EXSCG 415: Application of Educational Practices (3)
- NURSG 553: Culture, Communication and Conflict Resolution in Interprofessional Practice (3)
- NURSG 557: Information Technology and Health Care Outcomes Evaluation (3)

II. Concentration Courses (15 credit hours)

- EXSCG 515: Advanced Strength and Conditioning (3)
- EXSCG 550: Advanced Recovery and Regeneration (3)
- EXSCG 580: Advanced Motor Control and Assessment (3)
- EXSCG 600: Scholarly Project or Thesis Option (6-9)

III. Elective Courses (3 credit hours)

Choose one of the following elective courses:

- EXSCG 505: Advanced Concepts in Applied Physiology (3)
The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.
Post-Master's Certificate Programs

Three programs are available through Saint Xavier University's graduate nursing program: the Family Nurse Practitioner (FNP) post-master's certificate program, the Clinical Leader (CL) post-master's certificate program, and the Nurse Educator (NE) post-master's certificate program. Students interested in applying for a post-master's certificate program will be assessed on an individual basis.

The **Family Nurse Practitioner (FNP) post-master's certificate program** enables a nurse who already holds a master's degree in nursing to be prepared as a family nurse practitioner. The post-master's FNP certificate plan of study is planned individually with each student, based upon previous course work and a thorough gap analysis with the MSN-FNP track. Upon successful completion of the FNP course requirements, students will be eligible to sit for the FNP certification examinations offered by the American Nurses Credentialing Center and the American Academy of Nurse Practitioners.

The **Clinical Leader (CL) post-master's certificate program** enables a nurse who already holds a master's degree in nursing to be prepared as a clinical leader. The post-master's CL certificate plan of study is planned individually with each student, based upon previous course work and a thorough gap analysis with the MSN-CL track. Upon successful completion of the CL course requirements, students will be eligible to sit for the Clinical Nurse Leader (CNL) certification examination offered by the Commission on Nurse Certification (CNC), an arm of the American Association of Colleges of Nursing (AACN).

The **Nurse Educator (NE) post-master's certificate program** assists a nurse who already holds a master's degree in nursing or is currently enrolled in the graduate nursing program at Saint Xavier University to acquire the necessary competencies to practice as a nurse educator. Course content and activities reflect best practices in nursing education. The curriculum incorporates the Core Competencies of Nurse Educators as defined by the National League for Nursing (NLN). The post-master's NE Certificate plan of study is developed individually with each student based upon previous course work and a thorough gap analysis with the MSN-NE Track.

*The College of Nursing, Health Sciences and Business reserves the right to amend policies, procedures and other program information as necessary. All changes will be communicated promptly.*
Master of Science in Speech-Language Pathology

Mission
The mission of the Master of Science Degree program in speech-language pathology is to educate competent speech-language pathologists who are dedicated to serving persons with communication disorders throughout the lifespan, and who are capable of providing these services in a variety of employment settings.

The following goals address the program’s mission:

- Graduates will demonstrate a wide theoretical base for understanding normal development of basic human communication processes, as well as the nature, causes, evaluation and treatment of disorders of communication and swallowing, including issues related to culturally diverse populations.
- Graduates will demonstrate competence in management of clinical subjects across the life cycle who are delayed or disordered in the development or use of effective communication and/or who exhibit disorders of swallowing.
- Graduates will demonstrate competence with skills in clinical diagnosis and intervention, interaction with families of individuals with communicative impairments, and collaboration with other professionals for efficient and effective management of persons having varied needs.
- Graduates will develop a value for scientific rigor and a spirit of inquiry for entry into their professional careers.
- Graduates will function independently as lifelong learners.

These program goals reflect those of the University. The Master of Science Degree program in Speech-Language Pathology responds to the call for high quality graduate academic programs firmly rooted within the traditions of American higher education and academic freedom, and strongly based upon the heritage of the liberal arts, the Catholic faith and the Sisters of Mercy.

The academic curriculum provides a rigorous educational challenge. It provides experiences across the broad spectrum reflected in the varied workplaces and activities of contemporary speech-language pathologists. These experiences have been developed to foster the knowledge and skill outcomes expected of programs accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association (ASHA). The curricular offerings are continuously evaluated for their content and timeliness.

Clinical education is a major component of the graduate experience. This education occurs on campus and in over 250 schools, hospitals and rehabilitation facilities with whom the program has active affiliation. All clinical practica are provided under the supervision of faculty and external clinical educators who hold the Certificate of Clinical Competence from the American Speech-Language-Hearing Association and a professional license to practice speech-language pathology from the State of Illinois.

The campus-based Ludden Speech and Language Clinic is an integral component of the program. It provides opportunities for beginning clinical education and clinical services to persons of all ages who have disorders of speech and/or language.

Admission Requirements
In addition to the general requirements for admission to graduate study at Saint Xavier University, applicants to the master's degree program in Speech-Language Pathology must meet the following specific requirements:

- Completion of an undergraduate major, or equivalent undergraduate course sequence in speech-language pathology. Applicants with deficiencies in undergraduate courses are required to complete pre-professional coursework.
- A grade-point average of 3.0 during undergraduate study.
- A personal statement regarding interest in the field.
- Three letters of recommendation from individuals able to comment on the applicant's academic and clinical achievements and potential for successful graduate study.
Course Requirements (51 credit hours)

A total of 51 credit hours is required for completion of the Master of Science in Speech-Language Pathology. Credits are obtained in three interdependent categories: speech-language pathology content, clinical education and research. Students successfully completing the graduate degree are eligible for clinical certification in speech-language pathology through the American Speech-Language-Hearing Association as a function of meeting extensive knowledge and skill expectations associated with curricular offerings. Detailed formative activities regarding specific curricular requirements occur following acceptance into the graduate program.

Core Courses
- CSDIG 500: Clinical Problem Solving: Assessment (4)
- CSDIG 501: Clinical Problem Solving: Management (2)
- CSDIG 502: Developmental Disorders of Speech (3)
- CSDIG 503: Developmental Disorders of Language (4)
- CSDIG 505: Aural Rehabilitation (3)
- CSDIG 512: Advanced Practicum: School (2)
- CSDIG 513: Advanced Practicum: Clinic (2)
- CSDIG 514: Practicum in Prevention (1)
- CSDIG 515: Practicum in Speech-Language Pathology I (3)
- CSDIG 516: Practicum in Speech-Language Pathology II (3)
- CSDIG 517: Practicum in Speech-Language Pathology III (3)
- CSDIG 521: Acquired Disorders of Speech (2)
- CSDIG 522: Acquired Disorders of Language (3)
- CSDIG 525: Acquired Cognitive Communication Disorders (3)
- CSDIG 551: Assessment and Management of Dysphagia (3)
- CSDIG 594: Foundations of Research in Communication Sciences and Disorders (3)

Elective Courses
- CSDIG 507: Advanced Practicum in SLP - Campus (1)
- CSDIG 523: Assessment II (1)
- CSDIG 530: Seminar: Fluency Disorders (2)
- CSDIG 531: Seminar: Voice Disorders (2)
- CSDIG 535: Literacy and Speech-Language Pathology (1)
- CSDIG 540: Seminar: Augmentative and Alternative Communication (2)
- CSDIG 554: Seminar: Dysphagia II (1)
- CSDIG 581: Seminar: Multicultural Issues (1)
- CSDIG 582: Seminar: Counseling (2)
- CSDIG 595: Special Topics (1-3)
- CSDIG 596: Independent Study (1-3)
- CSDIG 599: Research Requirement (3)

Typical Course Sequence (51 credit hours)
- Fall I (12 credit hours)
  - CSDIG 502: Developmental Disorders of Speech
  - CSDIG 503: Developmental Disorders of Language
  - CSDIG 515: Practicum in Speech-Language Pathology I
  - CSDIG 522: Acquired Disorders of Language
- Spring I (12 credit hours)
  - CSDIG 500: Clinical Problem Solving: Assessment
  - CSDIG 516: Practicum in Speech-Language Pathology II
  - CSDIG 551: Assessment and Management of Dysphagia
  - CSDIG 594: Foundations of Research in Communication Sciences and Disorders
  - Possibly:
    - CSDIG 514: Practicum in Prevention
- Summer (6-12 credit hours)
  - CSDIG 521: Acquired Disorders of Speech
  - Possibly:
    - Elective Courses
• Fall II (6-12 credit hours)
  • CSDIG 505: Aural Rehabilitation
  • CSDIG 517: Practicum in Speech-Language Pathology III
  • CSDIG 525: Acquired Cognitive Communication Disorders
  • Elective Seminars
  • Possibly:
    • CSDIG 514: Practicum in Prevention

• Spring II (6-9 credit hours)
  • CSDIG 501: Clinical Problem Solving: Management
  • CSDIG 512: Advanced Practicum: School
  • CSDIG 513: Advanced Practicum: Clinic
  • CSDIG 599: Research Requirement
  • Comprehensive Exams

Clinical Education
Students must complete a minimum of 400 clock hours of supervised clinical practicum.

Knowledge and Skills
Students must successfully meet the knowledge and skill requirements (KASA) for clinical certification in speech-language pathology from the American Speech-Language-Hearing Association.

Thesis/Comprehensive Examinations
Satisfactory completion of either a research project, which is detailed in the Graduate Student Handbook, or successful completion of comprehensive examinations.

Essential Functions
Essential functions include the knowledge and skills required to function in the many and varied clinical situations and with the diversity of clients served in the practice of speech-language pathology. These functions include five areas: sensory-observational, communication, motor, intellectual-cognitive and behavioral-social. These areas are detailed in the Graduate Student Handbook.

Transfer Policy
A maximum of six hours of graduate credit from another regionally accredited institution may be transferred toward a master's degree in speech-language pathology.

Program Accreditation
The Master of Science (M.S.) education program in Speech-Language Pathology (residential) at Saint Xavier University is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association, 2200 Research Boulevard #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700. Students who complete the program and meet certification standards are eligible to apply for the Certificate of Clinical Competence in speech-language pathology from ASHA.

State of Illinois Educator Licensure
Students who wish to satisfy Illinois State Board of Education requirements for a Professional Educator License with an Endorsement in Speech-Language Pathology: Non-Teaching must complete the approved program of general and professional education requirements and pass the appropriate test of content knowledge.

State of Illinois Licensure
Students must show evidence of successful completion of the program requirements and a passing score on the Praxis Exam (National Examination in Speech-Language Pathology and Audiology) in order to apply for a license to practice speech-language pathology in the State of Illinois. Applications must be made to the Illinois Department of Financial and Professional Regulation.

Detailed information concerning ASHA membership, certification requirements, accreditation status, state of Illinois licensure and/or school certification is available in the office of the program director.

Course Availability
Required courses are offered on a regular basis. Elective offerings are provided on a periodic basis. Clinical practicum is available every semester. Credit hour values are noted parenthetically.
ACCOUNTING

ACCT 401
Accounting Foundations
1 Credit Hour
This course covers basic concepts underlying published financial statements, including the balance sheet, income statement and cash flow statement.

ACCT 513
Identity Theft and Computer Related Fraud
3 Credit Hours
The course introduces students to cyber security and cybercrime. This course examines the relevant threats faced by businesses at all levels with regards to information management and security. Topics covered include Internet and e-commerce fraud, money laundering, assessing risk and detecting computer-related fraud, detecting and deterring identity theft, as well as management, legal, ethical and privacy issues related to technological advances. The course also covers how cybercrime has evolved, and continues to evolve in the contemporary environment and how investigations, detection and protection have attempted to keep pace with fraudulent activity.

ACCT 514
Financial Statement Fraud
3 Credit Hours
This course explores the motivations, opportunities, and rationalizations management uses in perpetrating financial statement fraud. Students will learn to detect fraud by studying fraudulent financial reporting (intentional misstatements or omissions in financial statements) with emphasis on detection techniques. Students learn the tools that fraud auditors/examiners use to detect the warning signs of fraud and methodologies to proactively uncover and discourage such activities.

ACCT 515
Fraud Examination
3 Credit Hours
This course provides students with a knowledge and understanding for the fundamental of fraud examination. Students learn about the causes of fraud and white-collar crime in our society and the circumstances in which it arises. The nature of fraud, elements of fraud, fraud prevention detection, investigation, design and use of controls to minimize fraud, and methods of fraud resolution are examined in this course.

ACCT 516
Ethical Issues in Financial Fraud Examination and Management
3 Credit Hours
Pre/Corequisite: P (RQ) ACCT-515
This course explores the areas of organizational ethics and the connections among detecting and preventing fraud and understanding the corporate ethical environment. Additionally, this course examines the motivation of fraud perpetrators and the different theories as to who commits fraud and why. Topics include personal and organizational responsibility, competence, confidentiality, professional relationships, certification, licensing and other regulatory programs, and research.

ACCT 517
Financial Fraud Capstone Course
3 Credit Hours
This course integrates the knowledge gained in earlier Financial Fraud Examination and Management courses to assist students towards achieving the Certified Fraud Examiner (CFE) credential. Through the use of lectures, videos, and the Association of Certified Fraud Examiners CFE Exam Prep Course, students will synthesize the body of knowledge of the Fraud Examination discipline, apply Fraud Examination fundamentals to a hypothetical case, write a professional fraud incident report, and be prepared to successfully pass the CFE Examination.

ACCT 520
Accounting for Management Decisions
3 Credit Hours
Pre/Corequisite: P (RQ) ACCT-401
Managerial accounting is the study of accounting as it relates to the use of cost management information to assist in realizing an organization’s strategy. This course emphasizes the importance of critical strategic analysis in the decision-making process through the use of readings and cases in the areas of financial reporting, budgeting and cost control.

ACCT 521
Accounting Analytics and Revenue
3 Credit Hours
This course focuses on key financial measurements and the meaningful, timely reporting necessary for data-driven management decision-making.

ACCT 550
Cost and Profitability Management
3 Credit Hours
Pre/Corequisite: P (RQ) ACCT-520
This course requires students to analyze complex case studies. Topics include Profitability by Product Line, Service and Customer; Activity Based Costing and Management; Balanced Scorecard; Strategic Budgeting and Profiting Planning; Management Control; Performance Measurement; and Multinational Issues.

ACCT 561
Forensic and Investigative Accounting
3 Credit Hours
This course is designed to provide students with methodologies for resolving fraud allegations, from inception to disposition. This course addresses important topics associated with modern forensic and investigative accounting, including fraud auditing, investigation methods, courtroom procedure and litigation support, valuation, cybercrime and other key forensic accounting topics. This course covers selected areas of the law and investigative skills for the collection, analysis and evaluation of evidential matter. Additionally, students will learn how to interpret and communicate findings.
ACCT 562  
**Information System Security**  
3 Credit Hours  
This course provides students with an understanding of how electronic files are vulnerable to attacks from both employees and outsiders from around the world, how computer fraud and manipulation is accomplished, and what security measures should be instituted to prevent it. The course covers risk and compensating security technologies by considering the requirements of cyber and information system security with a systemic view of the development process from the ‘acquisition’ through to the ‘disposal’ stages.

ACCT 563  
**Advanced Topics in Taxation and Regulation**  
3 Credit Hours  
This course is a study of the rules, concepts, and applications of several topics. These topics include federal income tax issues, multistate taxation, tax practice, ethics, accounts' liability, and gift and estate taxation.

ACCT 564  
**Accounting Information System**  
3 Credit Hours  
This course is a study of the concepts, nature and objectives of accounting information systems. AIS integrates the students' knowledge of accounting with computer technology, management concerns, and quantitative reasoning. Systems applications through the business cycle will be explored.
APPLIED COMPUTER SCIENCES GR

ACSG 405  
Project Management for Information Technology  
3 Credit Hours  
In this course, students develop an understanding of project management and how it improves the success of information technology projects. Project management terms and techniques such as the triple constraint of project management, knowledge areas, process groups and the life cycle are illustrated. The course provides coverage of tools and techniques of project management such as selection methods, work breakdown structures, network diagrams, critical path analysis, critical chain scheduling, cost estimates and earned value management. Motivation theory and team building as part of the information systems organization structure is considered. A small project described from some case examples and solved using Microsoft Project integrates topics from the course.

ACSG 425  
Data Communications and Wireless Networking  
3 Credit Hours  
This course provides an overview for the fundamentals of data communications for wired and wireless networking. Topics include analog and digital transmission, transmission media, encoding techniques, multiplexing, flow control, error control, packet switching, circuit switching, wireless LANs, cellular wireless networking and emerging wireless technologies.

ACSG 430  
Mobile Applications  
3 Credit Hours  
Currently, there is rapid growth in the number of mobile devices being used with correspondingly high demand for good apps for phones and tablets on all platforms. In this course students will research the characteristics of a good app, then learn how to create one. As a culminating project, students will plan, design and build a fully functional app.

ACSG 435  
Cloud Computing  
3 Credit Hours  
This course provides an overview for the fundamentals of cloud computing. It describes the delivery model of how IT resources including applications, computing and storage are provided as services, releasing consumers from owning the physical resources and paying for unused services. It describes the concepts of Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Topics include cloud computing architecture, design, use cases, deployment and management.

ACSG 440  
Networking Fundamentals  
3 Credit Hours  
This course introduces students to the computer networking, local area network configuration and management, network hardware, network topologies and technologies, network media, network protocol, IP addressing, and Wide Area Network. *This is a prerequisite course for the Graduate program, which may be waived if the student has sufficient experience or has completed a course in programming. As such, it does not count toward the 36-credit hour program requirement.

ACSG 441  
Relational Database Theory  
3 Credit Hours  
This course introduces the student to the theory and implementation of relational databases. Topics include the relational model, foreign keys, joins, basic SQL including joins and group aggregates, and normalization. *This is a prerequisite course for the Graduate program, which may be waived if the student has sufficient experience or has completed a course in programming. As such, it does not count toward the 36-credit hour program requirement.

ACSG 442  
Introduction to Computer Programming  
3 Credit Hours  
This course introduces the students to computer programming. Students create programs that use the basic elements of programming: control structures, logical expressions, variables, arrays and file input and output. Students are evaluated on their ability to read and write programs. The course will use Python 3, a contemporary programming language that is used in data science, web development, artificial intelligence, and business applications. *This is a prerequisite course for the Graduate program, which may be waived if the student has sufficient experience or has completed a course in programming. As such, it does not count toward the 36-credit hour program requirement.

ACSG 450  
Digital Forensics  
3 Credit Hours  
This course introduces students to the techniques and tools of computer forensics investigations. Students will receive step-by-step explanations of how to use the most popular forensic tools. Topics include coverage of the latest technology, including PDAs, cell phones and thumb drives. Many hands-on activities are included which allow students to practice skills as they are learned.

ACSG 452  
Advanced Database Topics  
3 Credit Hours  
As a second course in database theory and design, it begins with a quick review of database fundamentals, including ER modeling techniques, normalization, SQL and implementation issues. Course topics include data storage techniques, indexing, query processing and optimization, transaction processing, concurrency control, administration, security, data mining, data warehousing, distributed databases, internet databases and XML.

ACSG 455  
Open Source Software  
3 Credit Hours  
This course covers the installation, configuration and basic operation of the LAMP (Linux-Apache-MySQL-PHP).
environment and other open source software. LAMP has become a common environment in business. Instructional modules in this course serve as a necessary introduction to the use of the Linux operating system and provide basic functional familiarity with software used in other courses for database, web service and scripting.

ACSG 465
Usability and Design
3 Credit Hours
In this course, students learn the principles of user-centered design and how they can be effectively applied to building usable websites and intranets. Topics covered are user profiling, data gathering, scenarios and transitioning to final design.

ACSG 515
Next-Generation Software Architectures
3 Credit Hours
This course explores new paradigms in software engineering and computer systems architecture, including approaches to storing data across complex mobile networks. Students will study modern approaches to software architecture that build on powerful next-generation hardware and software technology.

ACSG 520
TCP/IP Architecture and Protocols
3 Credit Hours
This course provides a solid foundation for understanding the communication process of the Internet. Topics include TCP/IP protocol suite, TCP/IP layered architecture, classful and classless addressing, IPv6, ARP, RARP, UDP, TCP, SCTP, unicast and multicast routing protocols, TELNET, FTP, TFTP, HTTP, SMTP, POP, IMAP, WAN technologies, mobile IP, multimedia over IP, compression, congestion control, flow control, and security issues.

ACSG 532
Fund Big Data Analytics
3 Credit Hours
Front-end, back-end and everything in-between, this course will broaden students’ understanding of programming and will challenge their knowledge of computer science. This is a resume-worthy course that gives students a taste of a programming career that encompasses every level. This course will utilize the latest web programming technologies, including Node.js, MongoDB and Angular.

ACSG 535
Software Requirements
3 Credit Hours
This course focuses on the software requirement gathering, software requirement specification, functional and non-functional requirements, use case scenario development, and UML, and software verification and validations.

ACSG 540
Web Development
3 Credit Hours
This course will enable students to create dynamic web applications using both client-side and server-side scripting technologies. Client-side technologies are necessary for validation of form data and interaction with visitors to the website. Server-side scripting enables the website to interact with other computer application systems such as email and databases. Topics include HTML, Cascading Style Sheets, PHP and database access through the web.

ACSG 542
Full-Stack Development
3 Credit Hours
Front-end, back-end and everything in-between, this course will broaden students’ understanding of programming and will challenge their knowledge of computer science. This is a resume-worthy course that gives students a taste of a programming career that encompasses every level. This course will utilize the latest web programming technologies, including Node.js, MongoDB and Angular. Students should have some knowledge of programming and some knowledge of HTML before taking this course.

ACSG 544
Software Engineering
3 Credit Hours
This course addresses the foundations, methodologies, and tools for developing high-quality large-scale software systems, with an emphasis on the technical issues of software development. Students in this course will work in groups through all stages of the design process (requirements, specification, design, code, and test) as they design and implement large-scale projects.

ACSG 547
Software Design
3 Credit Hours
This course focuses on transforming the software requirements into a design form, which helps the programmer in software implementation.

ACSG 549
Software Processes
3 Credit Hours
This course focuses on the industry standards for software process such as ISO 12207 and SEI's CMMI models.

ACSG 555
Data Mining and Warehousing
3 Credit Hours
This course focuses on the design and implementation of data mining systems and introduces the student to all aspects of the data mining process, from preprocessing to information retrieval. Current algorithms and OLAP technologies are covered. Applications in a variety of settings and industries are introduced and discussed.

ACSG 556
Data Visualization
3 Credit Hours
This hands-on course is an introduction to the principles and techniques of data visualization, and will include the identification of patterns, trends and differences from data sets across categories, space, and time. Students will learn
appropriate visual representation methods and techniques that increase an audience’s understanding of complex data and models and enhance human comprehension, communication, and decision-making. Graphical methods for specialized data types will be presented.

ACSG 561
**Systems Analysis and Design**
3 Credit Hours
The course material encompasses the concepts, tools and techniques required to analyze and design business information systems. It includes structured development approaches and the system development life cycle, as well as rapid application development through alternative approaches. Emphasis will be given to the role of information systems in organizations and how they relate to organizational objectives and structure. Students will be introduced to modeling tools such as data flow diagrams, entity-relationship diagrams, data dictionaries, decision tables, decision trees, structured English, use cases and structure charts.

ACSG 570
**Computer Systems Security**
3 Credit Hours
This course is concerned with the planning, deployment and security of Web services. Topics include hardware and software selection, fundamentals of secure configuration and maintenance, site organization, intrusion detection, hardening of systems, hacking, the nature of malicious attacks, resources for improving computer security, backup procedures, and documentation techniques.

ACSG 572
**Modern Operating Systems and Security**
3 Credit Hours
This course explains the security implementation for various operating systems. It focuses on security risk identification, security configuration and implementation, and tools availability for Windows operating systems and applications.

ACSG 575
**Information Ethics**
3 Credit Hours
An introduction to ethical theories and the tools of ethical analysis is followed by the study of ethics issues in privacy, security and intellectual property. Topics include database and Internet ethics, electronic surveillance, plagiarism and electronic voting. Readings will be drawn from classical computer ethics literature, journals, news media and contemporary books that address these topics.

ACSG 578
**Network Security**
3 Credit Hours
This course discusses various technical issues involved in security threats and protection of computer networks.

ACSG 585
**Network Administration**
3 Credit Hours
This course explains how to manage, install, and configure IP, IP Routing, DHCP, Access control, and DNS of wire and wireless networks.

ACSG 591
**Special Topics**
3 Credit Hours
Special topics are offerings developed to examine emerging issues of significance in the field. This course may be proposed and organized from within the University or by outside-recognized professionals who wish to contribute to the program and its studies.

ACSG 592
**Independent Study**
1 to 4 Credit Hours
Independent study is an intensive individualized study related to a topic in the field. Study goals are outlined, reviewed and agreed upon by the student and faculty member. A written contract is developed. A final report or project is mandatory from the student to the faculty member. Pass/Fail grade option only.

ACSG 593
**Directed Study**
1 to 4 Credit Hours
Directed study is a course offered by a non-traditional method or a non-traditional educational institution that does not offer university credit or employer related training. The student is responsible for putting sufficient documentation on file with the advisor to receive credit. Pass/Fail grade option only.

ACSG 594
**Internship**
1 to 4 Credit Hours
Students will work for a semester in an agreed upon career position. The employer will be expected to put a letter on file with the program advisor documenting the proposed professional contribution the student is making to the organization. The employer must supply an evaluation at the end of the internship period. The student must apply for the academic credit at the time the internship takes place. See department chairperson for internship guidelines. Pass/Fail grade option only.

ACSG 599
**Graduate Capstone Course**
1 to 4 Credit Hours
*Pre/Corequisite: P (RQ) Admission to the program department approval*
This course covers the formal development of a thesis, project, directed study, or internship. Before registering, the student must submit a proposal for an intensive individualized study related to a topic in the field. Study goals are outlined, reviewed and agreed upon by the student and faculty. The student must submit and present a final thesis or culmination report for final evaluation and approval by the department.
BUSINESS ANALYTICS

BANA 501
Business Intelligence and Decision Making
3 Credit Hours
Pre/Corequisite: P (RQ) ECON-402, ECON-406
This course is devoted to introduce decision support systems and business intelligence and covers the technologies available to support individual and group decision making in organizations. This course covers the following topics: overview of decision support systems, group decision support systems, data warehousing and mining, data visualization, business intelligence, expert systems, and state of the art technologies in the field.

BANA 530
Operations and Technology Management
3 Credit Hours
Pre/Corequisite: P (RQ) ECON-406
The course covers in-depth topics of how technology changes business, mechanics of disruption, digital trends past and future, and developing digital transformation strategies. Topics include fundamental laws of digital transformation, rate of technological change, economics of innovation, digital transformation trends and technologies, and practical strategies for moving towards digital transformation. Students will be able to explain and apply frameworks underlying the transformation that is happening today and in the future of business. After completing the course, students will have the opportunity to the PRINCE2 Foundational Project Management Exam.

BANA 541
Project Management Overview
3 Credit Hours
This course introduces the student to the functions necessary for all project managers. Covering the entire project life cycle, students gain experience in the processes and phases of project management. Project phases such as selection, planning, organizing, execution, monitoring, control and closure will be reviewed. Project processes such as scope, risk, communications, quality and procurement management will be addressed.

BANA 543
Project Management Tools and Systems
3 Credit Hours
The primary focus in this course is on the quantitative tools used in project management. The course will focus on project feasibility, justification, and detail scheduling using work breakdown structures (WBS), critical path methods (CPM) and project budgeting/costing and performance evaluation (PERT). Students will use contemporary tools and techniques for planning, executing, monitoring and controlling projects.
COMM. SCI/DISORDERS - GRADUATE

CSDIG 500
Clinical Problem Solving: Assessment
4 Credit Hours
This course involves principles of measurement concepts and qualitative and quantitative assessment in speech-language pathology. Offered spring.

CSDIG 501
Clinical Problem Solving: Management
2 Credit Hours
Pre/Corequisite: P (RQ) CSDIG-500 CSDIG-510
This course is a professional issues seminar, designed to challenge decision making among developing clinicians. Examines important dimensions of development, including ethical conduct and the profession's Scope of Practice, workplace characteristics and demands, the role of professional organizations, and requisite skills for lifelong learning. Offered spring.

CSDIG 502
Developmental Disorders of Speech
3 Credit Hours
Detailed study of phonological and articulatory speech sound disorders in children. Discussion of strategies and techniques for assessment and management among a variety of clinical populations. Offered fall.

CSDIG 503
Developmental Disorders of Language
4 Credit Hours
This course is a study of infants, children and adolescents with language disorders. Discussion of strategies and techniques for assessment and management with a variety of clinical populations. Offered fall.

CSDIG 505
Aural Rehabilitation
3 Credit Hours
This course is an overview of amplification and (re)habilitative needs identified among hard-of-hearing individuals of all ages. Strategies for management developed from the perspective of the speech-language pathologist. Offered fall.

CSDIG 510
Practicum in Diagnostics
1 Credit Hour
Pre/Corequisite: P (RQ) CSDI-307 or equivalent
This course is a clinical practicum involving prevention of speech, language and hearing disorders via community-based screenings. Offered fall.

CSDIG 512
Advanced Practicum: School-Based Speech-Language Pathology
2 Credit Hours
Pre/Corequisite: E (RM) CSDIG-500 CSDIG-502 CSDIG-503 CSDIG-510 CSDIG-515 CSDIG-516 CSDIG-517
Performance of a minimum of 100 clinical hours of supervised practicum in speech-language pathology in a public school setting. Offered spring.

CSDIG 513
Advanced Practicum: Medical Speech-Language Pathology
2 Credit Hours
This course is a clinical practicum with a variety of communication disorders in off-campus medical sites such as hospitals, clinics and rehabilitation facilities. Offered spring.

CSDIG 514
Practicum in Prevention
1 Credit Hour
Pre/Corequisite: P (RQ) CSDI-307 or equivalent
This course is a clinical practicum involving prevention of speech, language and hearing disorders via community-based screenings. Offered fall.

CSDIG 515
Practicum in Speech-Language Pathology I
2 Credit Hours
This course involves on-campus clinical practice with clients across the life span, who have a variety of communication disorders, overseen by University clinical educators. Offered fall.

CSDIG 516
Practicum in Speech-Language Pathology II
1 to 2 Credit Hours
Pre/Corequisite: P (RQ) Successful completion of CSDIG-515
This course involves additional on-campus clinical practice with clients exhibiting a variety of communication disorders, overseen by University clinical educators. Offered fall, spring, and summer.

CSDIG 517
Practicum in Speech-Language Pathology III
1 to 2 Credit Hours
Pre/Corequisite: P (RQ) Successful completion of CSDIG-515 or 515/516 and recommendation of faculty
This course involves clinical activity at off-campus sites, with clients who have a variety of communication disorders. Offered fall and spring.

CSDIG 521
Acquired Disorders of Speech
2 Credit Hours
This course is a study of neurogenic disorders of adult speech, including assessment and management of acquired apraxia of speech and dysarthria. Offered summer.
CSDIG 522
Acquired Disorders of Language
3 Credit Hours
This course is a study of acquired neurogenic disorders of adult language. Topics include assessment and management of aphasia, primary progressive aphasia, and other acquired language disorders. Offered fall.

CSDIG 523
Assessment II
1 Credit Hour
Pre/Corequisite: P (RQ) CSDIG-500
This course offers advanced knowledge and clinical application of assessment concepts through simulation technology. Offered summer.

CSDIG 525
Acquired Cognitive Communication Disorders
3 Credit Hours
This course is a study of acquired neurogenic disorders in cognitive communication. Topics include assessment and management of these disorders due to traumatic brain injury, right hemisphere disorders, and dementia. Offered fall.

CSDIG 530
Seminar: Fluency Disorders
2 Credit Hours
This course is a review and analysis of stuttering research, examination of issues in stuttering modification and fluency shaping. Offered summer.

CSDIG 531
Seminar: Voice Disorders
2 Credit Hours
This course is an examination of issues concerning the clinical assessment/treatment of voice disorders in children and adults. Offered fall.

CSDIG 535
Literacy and Speech Language Pathology
1 Credit Hour
This course focuses on the components of literacy including phonemic awareness, phonics, vocabulary, fluency, and comprehension. The course meets the requirements of the ISBE Professional Educator License endorsed in Speech Language Pathology (Non-Teaching). Offered summer.

CSDIG 540
Seminar: Augmentative and Alternative Communication
2 Credit Hours
This course is an introduction to augmentative and alternative principles and practices. Assessment and management of adults and children with severe communication problems are addressed. Topics include: symbol selection, vocabulary selection, issues of access, sensory impairments, evaluation and treatment. Offered summer.

CSDIG 551
Assessment and Management of Dysphagia
3 Credit Hours
This course is a study of the etiology, assessment, and treatment of swallowing and feeding disorders in adults and children. Offered spring.

CSDIG 554
Seminar: Dysphagia II
1 Credit Hour
Pre/Corequisite: P (RQ) CSDIG-551
This course offers advanced knowledge and clinical application of issues related to swallowing disorders. Offered summer.

CSDIG 581
Seminar: Multicultural Issues
2 to 3 Credit Hours
This course is an organized exploration of issues pertinent to clinical service provision to persons from varying cultural backgrounds. Offered summer.

CSDIG 582
Seminar: Counseling
2 Credit Hours
This course examines the role of speech-language pathologists and audiologists in the provision of informational and personal adjustment counseling to individuals having communication disorders and their families. Offered fall.

CSDIG 594
Foundations of Research in Communication Sciences and Disorders
3 Credit Hours
This course is a detailed study of research design, data collection, analysis, interpretation, and ethical implications of research in communication disorders. Offered spring.

CSDIG 595
Special Topics
1 to 3 Credit Hours
These courses are offerings developed to provide detailed examination of emerging issues of significance in clinical and/or research areas of the discipline.

CSDIG 596
Independent Study
1 to 3 Credit Hours
This course is an Independent, directed study of a specific problem or problems in speech-language pathology. Requires permission of instructor, program director, and dean.

CSDIG 599
Research Requirement
3 Credit Hours
This course involves scholarly activity under the direct supervision of a faculty member. Students will conduct a research study and complete a written thesis.
EARLY CHILDHOOD

EDGEC 503
Foundations, Curriculum and Methods of Teaching Literacy and Social Studies in K-2
3 Credit Hours
Candidates will examine and use a variety of texts that support students' learning of reading, writing, speaking, and listening. The Common Core Standards for English/Language Arts will be explored. In addition, this course examines the content and methods of teaching social science in diverse and inclusive settings. The course explores the core areas of the Illinois Learning Standards for Social Science (2016): Inquiry Skills, Civics Standards, Geography Standards, Economics & Financial Literacy Standards, and History Standards. An emphasis will be placed on holistic learning, the inter-relatedness of these two curricular areas, and the developmental appropriateness of integrating teaching and learning in the primary grades. Candidates will become familiar with various educational technologies that support engaged learning activities.

EDGEC 504
Foundations, Curriculum and Methods of Mathematics and Science in K-2
3 Credit Hours
The course prepares teacher candidates to use their knowledge of mathematics to develop children's ability to approach and solve problems in the various areas of mathematical thinking including number concept, geometry, probability, and measurement. The Common Core Standards for Mathematics will be explored. In addition, this course examines the content and methods of teaching science in diverse and inclusive settings. The course explores the four domains of the Next Generation Science Standards (NGSS): Physical Science, Life Science, Earth and Space Science, and Engineering Design. An emphasis will be placed on holistic learning, the inter-relatedness of these two curricular areas, and the developmental appropriateness of integrating teaching and learning in the primary grades. Candidates will become familiar with various educational technologies that support engaged learning activities.

EDGEC 506
Advanced Child Development
3 Credit Hours
This course focuses on the psychological and social development of the individual from infancy through childhood. Students engage in research-based readings on varied topics of development, including prenatal development, the major goals and theoretical issues in the study of development, major historical influences in the field, and normal and abnormal characteristics of individuals. Graduate students seeking certificate in Early Childhood or Elementary Education may not substitute this course with an undergraduate course. 5 clinical hours.

EDGEC 507
Methods of Teaching Young Children With Special Needs
2 Credit Hours
This course provides an overview of early childhood special education history and philosophy, reflected in current practices, curriculum development, materials selection, assistive technology use, adapted assessment, and intervention planning in the context of collaborative services to young children with disabilities.

EDGEC 509
Child, Family, and Multicultural Community
2 Credit Hours
This course focuses on socializing agents, structural constraints and supports by fundamental American institutions as they affect child development. Legal, commercial, religious, familial, and political institutions are explored for their effects on the development of young children. Family and community contexts in Early Childhood are explored through the lenses of historical and philosophical issues and key early childhood philosophies about the child, family, and community are highlighted. Strategies for developing positive and supportive relationships with families of young children with special needs, including the legal and philosophical basis for family participation; family-centered services; and strategies for working with socially, culturally, and linguistically diverse families are explored. The course examines ethical practices as well as issues in safety and mandatory reporting in early childhood education. Requires participation in community-based activities, some of which may occur off campus.

EDGEC 511
Infant and Toddlers: Environments, Programs, and Activities
2 Credit Hours
This course will focus on the creation of engaging and emotionally responsive environments that support the social, emotional, physical, and cognitive development children age birth to three. Candidates will explore constructivist curriculum designs with an emphasis on the adult's role in supporting play that fosters language and literacy development, creative expression, and mathematical and scientific thinking. Partnerships with families, attachment theory, health, and safety will be discussed as essential aspects of early care and education.

EDGEC 512
Assessment of Instruction and Learning
3 Credit Hours
This course is designed to address the assessment and evaluation of student progress toward meeting targeted standards, learning objectives and competencies. The development of interpretive skills across learning objectives will be stressed. Topics addressed include: standards-based assessment, standardized tests and interpreting their results, performance assessment, portfolio assessment, self-evaluation and dissemination of assessment results. Offered as needed.
EDGEC 513
Educational Research Design and Development
3 Credit Hours
This course initiates the graduate study research requirement. Course content differentiates the foundational assumptions, elements, methods and designs of educational research through both qualitative and quantitative paradigms. A statement of original research inquiry, a literature review, and a plan for investigating a research problem are developed. Offered as needed.

EDGEC 521
Assessment of Typically and Atypically Developing Young Children
2 Credit Hours
This course is designed to introduce students to developmental assessment of typically and atypically developing young children from birth to the age of 8. Candidates focus on the creation and use of assessment information to facilitate children’s learning and development and measure academic achievement. Candidates administer a variety of early childhood assessments and gain insight into the goals and benefits of developmental assessment, along with an understanding of the use of assessment in early childhood education. The ethical and developmentally appropriate practice of assessment in the context of family and community characteristics is explored. Candidates develop an understanding of the IEP processes; an understanding of collaborative processes in assessment and communication of assessment data is also explored. Candidates practice assessment of infant development. Emphasis is placed on the use of assessment data to plan instruction, monitor children’s progress towards developmental and curricular goals, as well as children’s engagement in learning.

EDGEC 551
Physical, Psychosocial, and Cognitive Development in Early Childhood
2 Credit Hours
This course focuses on the cognitive, social, emotional, linguistic, and physical development of children from birth to Grade 2. The role of general health, nutrition, relationships, culture, and play in shaping development will be discussed. Candidates will explore tools for observing and analyzing the development of children from birth to Grade 2.

EDGEC 552
Inquiry and Play: Birth-Kindergarten
2 Credit Hours
This course focuses on the centrality of inquiry and play in children’s learning. The emphasis will be on facilitating integrated and developmentally appropriate experiences that support children’s construction of knowledge and interpersonal relationships. The roles of teacher as observer, collaborator, facilitator, and creator of indoor and outdoor learning environments will be discussed. Candidates will explore multiple ways to observe and document learning experiences to support reflective teaching and the development of children’s critical thinking skills.

EDGEC 553
Integrated Curriculum and Methods in PreK
2 Credit Hours
This course is focused on the curriculum, methods, materials, and technological resources for the integrated teaching of mathematics, science, social studies, and the fine arts to young children in diverse and inclusive settings. Candidates will explore an integrated approach to teaching foundational concepts and will develop learning experiences that develop inquiry, symbolic representation, and problem solving in each domain. The centrality of play, the role of creativity, the integration of technology, and the importance of the physical and interpersonal environment will be discussed. Students will utilize observation strategies and documentation as they plan, assess, adapt, and reflect on learning experiences.

EDGEC 554
Emergent Literacy and Language Development
2 Credit Hours
This course investigates the nature of language and literacy development in the young child. The process of verbal and non-verbal language acquisition in children that incorporates the most recent theories and practices is examined. Emphasis is on phonemic awareness, phonics, fluency, vocabulary, and comprehension. Instructional strategies to promote language and literacy development in inter-disciplinary contexts with attention to the interrelated processes of listening, speaking, reading, writing, and visually representing for children are emphasized. Candidates will become familiar with various educational technologies that support engaged learning activities in literacy.
ECONOMICS

ECON 402
Economic Foundations
1 Credit Hour
This course reviews basic economic principles with a focus on macroeconomics. Issues include aggregate supply and demand, monetary and fiscal policy, consumption, investment, unemployment, inflation and economic growth.

ECON 406
Statistical Foundations
1 Credit Hour
This course provides a review of basic statistics focusing on descriptive statistics with an introduction to basic concepts underlying statistical inference.

ECON 510
Managerial Economics
3 Credit Hours
Prerequisite: P (RQ) ECON-402
This course uses the tools and techniques of economic analysis to solve business problems. Managerial economics bridges the gap between traditional economics and business decision making. The course will include demand theory and estimation, production theory, cost analysis, market structure, pricing policies and business investment decisions.
CORE CURRICULUM

EDGCC 511  
 Foundations of Education  
 3 Credit Hours  
 This course examines the social, historical, and philosophical foundations of American education. It explores the relationship between school and society, the development of the U.S. educational system from its inception to the present, and the philosophical questions that guide educational thought and practice. Students apply these philosophical questions to a variety of contemporary situations, including theories of learning and educational policies.

EDGCC 512  
 Assessment of Instruction and Learning  
 3 Credit Hours  
 This course is designed to address the assessment and evaluation of student progress toward meeting targeted standards, learning objectives and competencies. The development of interpretive skills across learning objectives will be stressed. Topics addressed include: standards-based assessment, standardized tests and interpreting their results, performance assessment, portfolio assessment, self-evaluation, and dissemination of assessment results. Required for licensure.

EDGCC 513  
 Educational Research Design and Development  
 3 Credit Hours  
 This course initiates the graduate study research requirement. Course content differentiates the foundational assumptions, elements, methods and designs of educational research through both qualitative and quantitative paradigms. A statement of original research inquiry, a literature review, and a plan for investigating a research problem are developed. Cross Ref: All sections of 513.

EDGCC 514  
 Scholarship in Teaching: Finalizing the Inquiry Process  
 3 Credit Hours  
 Pre/Corequisite: P (RQ) EDGCC-513  
 This course is designed to guide and assist graduate students in the completion of the graduate research study. Students receive guidance in the collection and interpretation of data. Dissemination of research findings to peers, the educational community, and other relevant audiences is required.

EDGCC 515  
 Methods of Reading and Reading in the Content Area  
 3 Credit Hours  
 This course explores research-based strategies to support students as they engage with reading and reading in the content areas. Topics include, but are not limited to, varied instructional approaches used before, during, and after reading, including those that develop word knowledge, vocabulary, comprehension, and fluency; the construction of meaning through the interactions of reader's background knowledge and experiences, the information in the text, and the purpose of the reading situation; communication theory, language development, and the role of language in learning; the relationship and integration of reading, writing and oral communication; the selection and modification of content area materials to meet the students' needs; varied formal and informal assessments for reading, writing, and oral communication, and building academic vocabulary.

EDGCC 516  
 Cycle of Effective Teaching  
 2 Credit Hours  
 This course provides an overview of the general structure of the edTPA Cycle of Effective Teaching and an examination of the three edTPA tasks - Planning for Instruction, Instructing and Engaging Students in Learning, and Assessment. Topics covered will include: instructional planning, evidence-based instructional strategies, classroom management, formative & summative assessments, and data driven instruction.

EDGCC 517  
 Residency I Fall  
 2 Credit Hours  
 Residency I is comprised of a year of teaching in a classroom setting appropriate to the program/license. A site mentor from the school and Program Coordinator jointly supervise the Residency experience.

EDGCC 518  
 Reading and Writing in the Content Area  
 2 Credit Hours  
 This course explores research-based strategies to support students as they engage with informational text. Topics include, but are not limited to, research-based strategies for reading informational texts, arguments/informative/explanatory writing strategies and frameworks, developing oral communication skills, and building academic vocabulary.

EDGCC 519  
 edTPA Seminar  
 2 Credit Hours  
 Reflective analysis of the directed teaching setting; Analysis and evaluation of the candidate's classroom management, instructional planning, implementation, and assessment strategies; Instructional modifications to address diverse learners; Analysis and evaluation of students' learning.

EDGCC 520  
 Residency I Spring  
 2 Credit Hours  
 Residency I is comprised of a year of teaching in a classroom setting appropriate to the program/license. A site mentor from the school and Program Coordinator jointly supervise the Residency experience.

EDGCC 521  
 Integrating Technology and Instructional Strategies  
 2 Credit Hours  
 Candidates will become familiar with various educational technologies and strategies for effectively integrating them into instructional delivery. This course examines specific examples of how teachers can integrate a variety of technologies to enhance instruction and engage students more fully in learning activities. Educational technology will be addressed as a
fundamental part of teaching and learning that offers students a variety of creative and inquiry-based learning experiences.

EDGCC 522  
Residency II Fall  
2 Credit Hours  
Residency II is comprised of a year of teaching in a classroom setting appropriate to the program/license. A site coach from the school and Program Coordinator jointly supervise the Residency experience.

EDGCC 523  
Capstone Research Seminar  
4 Credit Hours  
This capstone course is designed to prepare elementary teacher candidates for their emerging roles as instructional leaders in their classrooms. Candidates will design and implement an action research project, analyze data, and use data to drive instruction in their classrooms. Candidates will examine contemporary educational issues to inform their professional practice.

EDGCC 524  
Residency II Spring  
2 Credit Hours  
Residency II is comprised of a year of teaching in a classroom setting appropriate to the program/license. A site coach from the school and Program Coordinator jointly supervise the Residency experience.
INDIVIDUALIZED PROGRAM

EDGIP 461
Young Children With Disabilities
3 Credit Hours
*Level 2 education course: Requires admission to the Education Department. This course provides an overview of early childhood special education history and philosophy, reflected in current practices, curriculum development, materials selection, assistive technology use, adapted assessment, intervention planning in the context of collaborative services to young children with disabilities. 10 clinical hours.
EDUCATION GRADUATE

EDUGL 470
Education Orientation
0 Credit Hours
Formerly titled "Orientation to the Profession of Teaching".
"Level 2 -- Professional Education Course. This online course is designed to introduce teacher candidates to a number of important Education Department policies and procedures they will need to know and understand as they prepare to become a professional educator. Each module in this online course will introduce teacher candidates to an important policy/procedure and the related tasks they will need to complete to move forward in educational programs leading to Illinois licensure.

EDUGL 516
Pre-Residency Field Experience Block
1 Credit Hour
Candidates will spend 30 hours in a structured classroom; the experience will include (but is not limited to): observation in a classroom setting, tutoring student(s), working with small groups of students, reading to student(s), interviewing student(s) and teacher(s), and working with ESL students.
ED TECH

EDGET 531
*Foundations of Educational Technology*
3 Credit Hours
This course examines the field of educational technology including the design, development, utilization, management and evaluation of instructional systems. Additionally, the philosophy and principles that influence educational technology is addressed.

EDGET 532
*Instructional Design Foundations*
3 Credit Hours
Application of contemporary instructional design principles and models to real-world learning problems. The systems approach to designing instruction is emphasized.

EDGET 533
*Computers, Critical Thinking and Problem Solving in the Content Area*
3 Credit Hours
This course examines the use of computers for promoting higher order thinking and problem solving in the content areas. Contemporary research and instructional strategies are examined.

EDGET 534
*Emerging Technology Trends in Education*
3 Credit Hours
The course examines the role of technology trends in educational institutions. The course focuses on understanding the life-cycle of technology, change management strategies, and ethical and legal issues associated with adapting and integrating technology into educational institutions.

EDGET 535
*Administration and Management of Educational Technology*
3 Credit Hours
The course examines how to plan and manage successful training, professional development, and technological projects in educational institutions. Topical areas include planning and developing technology projects, evaluating and analyzing school and district capacity and readiness for a new technology project, organizing and managing human resources and support systems, scheduling, budgeting, team structures, defining project requirements and quality assurance.

EDGET 536
*21st Century Literacies and Professional Development*
3 Credit Hours
This course is designed to provide technology educators with the tools for engaging critical, digital literacies in a variety of educational settings, including within digital schools, learning management systems, collaborative content development tools, and multicultural community exchanges.

EDGET 537
*Educational Computers and Network Applications*
3 Credit Hours
The course introduces instructional technology professionals to the fundamentals of computers, including terminology and operations. The course also examines the fundamental concepts of planning, designing, and managing computer networking and knowledge of server-based applications for instructional settings.

EDGET 570
*Program Orientation*
0 Credit Hours
Candidates explore the Education Department’s professional dispositions, which include the values, commitments and professional ethics that influence behaviors toward families, colleagues and communities that affect student learning. In addition, candidates complete the first of two professional dispositions self-assessment surveys. This course also explores key functions of course platforms (Canvas and Live Text) that will be utilized throughout the program.

EDGET 571
*Program Reflection*
0 Credit Hours
In this course the candidates reflect on their experience throughout the program. Candidates complete the final professional dispositions self-assessment survey.
**ELEMENARY EDUCATION**

**EDGEL 401**
*Introduction to the Profession of Teaching*
3 Credit Hours
*Level 1 -- Professional Education Course. This course is an introduction to the professional and moral responsibilities of teachers, and to the teacher education program at Saint Xavier University. Students will be introduced to a variety of professional standards and will focus their attention on the development of their own professional dispositions. Critical issues in education such as diversity, curriculum development, state and federal mandates and legal issues will be addressed.*

**EDGEL 410**
*Elementary Education Practicum*
3 to 6 Credit Hours
*Level 3 -- Professional Education Course. This practicum experience is designed for licensed teachers seeking a subsequent license in elementary education. In lieu of a second student teaching experience, the candidate will enroll in EDGEL 410. This experience will take place at the candidate's classroom if s/he is teaching at elementary level. If the candidate is not teaching at the elementary level the candidate will be placed at an elementary level during summer, fall or spring semester by the Education Department. A faculty member from the Education Department will supervise the practicum.*

**EDGEL 411**
*Principles and Methods of Teaching Social Science and the Arts in the Elementary School*
3 Credit Hours
*Level 2 -- Professional Education Course. This course is designed to introduce content and methods for teaching Social Studies and incorporating the Arts in the elementary classroom. Topics include social science/performing/visual arts theory, lesson planning, interdisciplinary instruction, assessment, and a broad overview of content and standards included in the elementary social studies/arts curriculum. The primary focus is the development of a personal philosophy of teaching elementary social studies, along with the integration of the arts in the classroom. 10 clinical hours (clinical hours pertain only to those graduate candidates enrolled in the traditional Elementary Education MAT program).*

**EDGEL 412**
*Principles and Methods of Teaching Science, Health and PE in the Elementary School*
3 Credit Hours
*Level 2 -- Professional Education Course. This course focuses on developing instructional strategies and assessments for teaching science content, modeling science literacy, and employing inquiry-based, interactive learning in a technology-rich environment. A broad range of science, health and physical education content will be explored based on the Illinois Content Area Standards and Next Generation Science Standards. 10 clinical hours (clinical hours pertain only to those graduate candidates enrolled in the traditional Elementary Education MAT program).*

**EDGEL 418**
*Foundations and Methods of Literacy and Language Arts*
3 Credit Hours
*Level 2 Professional Education Course: Requires Admission to the Education Department. Investigation of theory, research and practice related to the teaching and learning of reading and the language arts. Incorporates the study of language and literacy development; reading and writing processes; principles, methods and materials of literacy instruction including phonemic awareness, phonics, vocabulary, fluency and comprehension. 10 clinical hours.*

**EDGEL 419**
*Assessment and Diagnosis of Reading Problems*
3 Credit Hours
*Level 2 -- Professional Education Course. This course will focus on the study of the combined procedures of assessment, evaluation, and instruction. Topics will target the development and implementation of methods materials, and assessments to enable the classroom teacher to adapt instruction to the needs of small groups and individual students. This course is designed to enable teacher candidates to use sound theoretical, philosophical, and knowledge-based approaches to the diagnosis and instruction for struggling readers, employing the guidelines and standards of the International Literacy Association. 15 clinical hours.*

**EDGEL 421**
*Methods of Teaching Mathematics in the Elementary School*
3 Credit Hours
*Level 2 Professional Education Course. The course focuses on the analysis of children's construction of mathematical knowledge and on mathematics as a meaningful activity. The use of word problems and manipulatives to aid in the understanding of operations on whole numbers, fractions, decimals and percents is stressed. Methods of teaching proportions, ratios, measurement, geometry and statistics are included. 15 clinical hours.*

**EDGEL 425**
*Child Growth and Development*
3 Credit Hours
*Level 1 -- Professional Education Course. This course focuses on the study of theories of development that include the physical, psychosocial, cognitive and moral development of the individual from infancy through childhood. Application of these theories as they relate to the child's formal and informal school experiences is examined.*

**EDGEL 439**
*Managing the Elementary Classroom: Behavior Management and Instructional Planning*
3 Credit Hours
*Level 2 -- Professional Education Course. This course presents best practices in classroom and behavior management - from organizing time, materials, and classroom space to strategies for managing individual and large group student behaviors, transitions, and other arrangements for general education classrooms. In addition, teacher candidates will be introduced to the effective development and design of...*
EDGEL 441
**Using Student Achievement Data to Support Instructional Decision Making**
3 Credit Hours
*Level 2 -- Professional Education Course. This course will provide teacher candidates with an understanding of how to use data to inform instruction and enhance learning for diverse student populations. Teacher candidates will participate in activities that will enhance knowledge of assessment task development, analysis, and interpretation of results. Documenting student performance and progress both for instructional and accountability purposes will be emphasized. Candidates will become familiar with quantitative and qualitative concepts and practices used to evaluate student learning in the classroom. They will learn how to communicate assessment results to their learners. Candidates will also explore established and developing assessment technologies. Topics may include but are not limited to: Multi-tiered systems of support (response to intervention), standardized assessments, benchmark assessments, diagnostic assessments, progress monitoring assessments, formative assessments, performance assessments, teacher-developed assessments, rubrics, checklists, data literacy and assessment-based grading.

EDGEL 445
**Seminar in Teaching and Learning**
3 Credit Hours
Pre/Corequisite: E (RQ) EDGEL-446
*Level 3 -- Professional Education Course. This course for student teachers includes a structured teaching performance assessment (edTPA) in the directed teaching site; an analysis of the contextual factors of the elementary students’ learning environment; alignment of teaching with the state learning standards; an appropriate assessment plan linked to learning goals; instruction designed for engaged, successful learning for all students'; modifications to address diverse learners; analysis and evaluation of students’ learning; and oral and written reflection of all components of the teaching process. Enrollment requires completion of general education prerequisites, all education coursework, and field experiences.

EDGEL 446
**Directed Teaching - Elementary Education**
6 Credit Hours
Pre/Corequisite: E (RQ) EDGEL-445
*Level 3 - Professional Education Course. This student teaching/practica experience is a serious apprenticeship that requires teacher candidates to spend a full semester in a school setting working alongside veteran elementary school teachers. The experience is designed to provide opportunities for candidates to apply course concepts in an authentic classroom environment. This semester includes guided observation, active participation, as well as solo/co-teaching. Throughout this experience a university supervisor and a mentor teacher support the teacher candidate. Enrollment requires successful completion of general education prerequisites, all education coursework and field experiences.

EDGEL 483
**Reading and Writing in the Content Areas**
3 Credit Hours
*Level 2 -- Professional Education Course: This course will explore research-based strategies to support students as they engage with informational text. Topics will include, but are not limited to: research-based strategies for reading expository texts; narrative, opinion/argumentative, and informational/explanatory writing strategies and frameworks; developing oral communication skills; and building academic vocabulary. 10 clinical hours.

EDGEL 506
**Advanced Child Development**
3 Credit Hours
This course focuses on the psychological and social development of the individual from infancy through childhood. Students engage in research-based readings on varied topics of development, including prenatal development, the major goals and theoretical issues in the study of development, major historical influences in the field, and normal and abnormal characteristics of individuals. Graduate students seeking certificate in Early Childhood or Elementary Education may not substitute this course with an undergraduate course. 5 clinical hours.

EDGEL 512
**Assessment of Instruction and Learning**
3 Credit Hours
All sections of 512 are cross-listed. Required for Certification. This course is designed to address the assessment and evaluation of student progress toward meeting targeted standards, learning objectives and competencies. The development of interpretive skills across learning objectives will be stressed. Topics addressed include: standards-based assessment, standardized tests and interpreting their results, performance assessment, portfolio assessment, self-evaluation and dissemination of assessment results. Offered according to the cohort schedule.

EDGEL 519
**Assessment and Diagnosis of Reading Problems**
2 Credit Hours
This course focuses on the study of the combined procedures of literacy assessment, evaluation, and instruction. Topics will target the development and implementation of methods, materials, and assessments to enable the classroom teacher to adapt instruction to the needs of small groups and individual students. This course is designed to enable teacher-candidates to use sound theoretical, philosophical, and knowledge-based approaches to the diagnosis and instruction for struggling readers, employing the guidelines and standards of the International Literacy Association.
EDGEL 521  
Methods of Teaching Mathematics in the Elementary School  
2 Credit Hours  
The course focuses on the analysis of children's construction of mathematical knowledge and on mathematics as a meaningful activity. The use of word problems and manipulatives to aid in the understanding of operations on whole numbers, fractions, decimals, and percents is stressed. Methods of teaching proportions, ratios, measurement, geometry and statistics are included.

EDGEL 525  
Child Growth and Development  
2 Credit Hours  
This course focuses on the study of theories of development that include the physical, psychosocial, cognitive and moral development of the individual from infancy through childhood. Application of these theories as they relate to the child's formal and informal school experiences is examined.
FINANCE

FINC 403
**Financial Foundations**
1 Credit Hour
This course includes basic concepts of the time value of money, discounts cash flows, capital budgeting, debt and equity financing.

FINC 521
**Managerial Finance**
3 Credit Hours
*Pre/Corequisite: P (RQ) FINC-403*
Students develop an understanding of financial theory necessary to implement effective financial strategies. The course reviews fundamental concepts such as time value and the basics of risk and return. The course explores the valuation of bonds and stocks, strategic investments, and financing decisions, including the cost of capital, capital budgeting, and long-term financial planning.

FINC 577
**Special Topics in Finance**
3 Credit Hours
The focus of this course is on special topics in finance. The course will be offered as a seminar on a subject of current interest.
MANAGEMENT

MGMT 404
Management Foundations
1 Credit Hour
This course provides a review of the human aspects of management. The focus is on the impact of human behavior in organizations and the implications they have on managerial decisions and actions.

MGMT 500
The Management Experience
3 Credit Hours
Pre/Corequisite: P (RQ) MGMT-404
This course examines the effective management of people in organizational settings. The course focuses on managerial and leadership function/skills in organizations and the impact on accomplishing the goals of the organization. Critical issues such as self-awareness, interpersonal perception, communication, employee motivation and engagement, diversity in the workplace, high performance work teams, performance management, ethical decision making and change management are explored.

MGMT 501
Strategic Human Resources Management
3 Credit Hours
Pre/Corequisite: P (RQ) MGMT-500
This course helps students manage a workforce using data visualization tools such as Salesforce and Tableau. Students learn that human resources are an asset that must be managed using business intelligence, data warehousing and mining, data reporting and storytelling, overview of analytic models, data visualization, and digital transformation technologies. Students will follow a prescribed learning methodology culminating in a Salesforce Certification Badge in Tableau.

MGMT 502
Training and Workplace Learning
3 Credit Hours
In this course students will learn methodologies for anticipating the future and developing the tools needed to always be ready for changes in the work environment. Students learn adaptive learning methodologies. They also learn how to anticipate the skills a workforce needs in the future. This course offers students certification from Salesforce.

MGMT 505
Employee Benefits
3 Credit Hours
This course considers how organizations plan and design health benefits as well as their fiscal control and administration. Topics include, the purchase of plans, determination of plan quality, legal mandates, employee satisfaction and morale issues.

MGMT 507
Leadership and Managing Change
3 Credit Hours
This course examines the effective management of people in organizational settings. The areas of individual behavior, informal and formal organization structure, and group dynamics will be related to leadership style and effectiveness in managing change. Students will critically examine and creatively solve problems of managing individuals and teams within organizations.

MGMT 540
The Global Environment of Business
3 Credit Hours
This course takes a management perspective to examine the impact of various external and internal environments (e.g., technological, legal, political, socio-cultural, economic) on national and international business organizations. Case studies, articles in business management journals, and current events will be used to understand and apply international business frameworks. Specific topics covered include globalization, culture, political economy, international business strategy, international human resources management, and international finance.

MGMT 545
Managing High Performance Teams
3 Credit Hours
This course helps students understand team dynamics, to become better team members through experience, to be better able to manage teams, whether local or virtual, and to apply team theory to actual practice in their personal and professional lives. This course accomplishes these goals through a combination of exercises supplemented by lecture, discussion, video cases, and role-play.

MGMT 570
Ethics Governance and Business
3 Credit Hours
This course examines the major social, political and economic forces impacting business organizations. Topics include social accounting, labor relations, technological change, consumerism, pollution, government regulation, ethics and morality and equal opportunity. An emphasis will be placed on management's response to societal issues as the corporation attains its mission and goals. This course is designed to increase the students' awareness of ethical problems and how these problems affect managerial and corporate responsibility to individuals and to society.

MGMT 574
Diversity and Inclusion in Organizations
3 Credit Hours
This course focuses on building a case for diversity as a competitive advantage in today's organizations. Students learn to understand, value, and respect individual differences in the context of workplace diversity. Through readings, cases, and identity group discussion and presentations, the application and implications as well as opportunities and challenges of diversity are explored.
MGMT 585  
**Health Care System Organization**  
3 Credit Hours  
The primary focus of this course is on the development and organization of the various elements of health care in the United States. The continuing impact of the Accountable Care Act is studied. The course considers the growth of the third-party payer system, the impact of employer-based health insurance and the role of government programs. Also, the changing world of doctors, other providers, and provider organizations are discussed.

MGMT 587  
**Health Care Financing and Managed Care**  
3 Credit Hours  
This course looks in detail at the societal and management issues precipitated by the financing of the U.S. health care system. The course considers types of managed care arrangements, the impact of managed care on service provision, risk arrangements, capitation, disease and demand management principles, cost-effectiveness and quality issues and the changing relationships between patients, payers, providers and employers.

MGMT 588  
**Legal and Regulatory Issues in Health Administration**  
3 Credit Hours  
*Pre/Corequisite: P (RQ) MGMT-585*  
This course considers legal obligations and responsibilities of health care providers and organizations in administration. Elements of corporation, agency, administrative and common law are covered. Landmark cases are used to study legal issues faced by providers and health care organizations.

MGMT 590  
**Strategic Management and Policy**  
3 Credit Hours  
*Pre/Corequisite: P (RQ) FINC-521, MKTG-560*  
Strategic Management and Policy is a capstone course that builds on and integrates key concepts and ideas learned in core courses. Case studies provide the context for applying a strategic management framework to create effective strategic alternatives in a business setting. Emphasis is placed on how these issues affect a manager and an organization.
MARKETING

MKTG 405
Marketing Foundations
1 Credit Hour
This course serves as an overview of critical aspects of marketing management. The four major areas of product, price, promotion and distribution are the main subjects of case study and situational analysis.

MKTG 560
Marketing Management
3 Credit Hours
Pre/Corequisite: P (RQ) MKTG-405
Marketing management is a study of the various phases of marketing activity and an analysis of the concepts on which sound marketing practices are based. Consideration is given to product planning, distribution channels, promotional methods, sales programs, pricing policy, market research and the problems of the administration of marketing programs.
MEDICAL SCIENCES

MSMS 501
Medical Ethics
1 Credit Hour
This course will attempt to provide didactic experiences for medical students in specific areas within the field of medical ethics. The need for these experiences stems from the recognition that ethical dilemmas are inherent in medical care. Although dramatic issues such as cloning, abortion, and organ donation have strong ethical implications, it is important to realize that the practicing doctor will face ethical decisions every day while solving more commonplace problems. Most everyday ethical questions have well-accepted answers; only the most difficult ethical questions seem to defy resolution. Even so, it is important for physicians to develop an understanding of the principles of medical ethics and a system of ethical reasoning that will result in consistent decisions.

MSMS 502
Interprofessional Perspectives in Health Disparities
1 Credit Hour
This course is designed to provide a general overview of gaps in health outcomes associated with health disparities. A special emphasis will be given to the social determinants of health such as race/ethnicity, social class, socioeconomic status, sex, sexuality, nationality, and migration status. The course will focus on the impact of health disparities' impact at multiple system's levels (e.g. Individual, patient-clinician, health care system, etc.).

MSMS 504
Gross Anatomy, Embryology, and Imaging
9 Credit Hours
The Human Gross Anatomy, Embryology & Imaging course consists of a detailed study of the normal structure, development, and organization of the human body. This course undertakes a regional approach rather than a systemic approach to Human Gross Anatomy. Embryology & Imaging is distributed into three block contents. Gross structures are studied in the laboratory by software modeling. The radiology component of Gross Anatomy serves as the introduction to radiology and prepares the student for further development. Lectures stress the contribution of developmental events to gross anatomical organization and the correlation of this organization with clinically relevant conditions.

MSMS 505
Histology and Cell Biology
4 Credit Hours
Study of the many different aspects of the internal structure of cells, tissues and organs in the human body, presenting a comprehensive survey of many of their complex interrelationships. The course begins with the study of the cell, then types of tissue and finally normal tissues as found in every organ. Clinical correlations related to symptoms, photomicrographs of diseased tissues or organs, short histopathological descriptions, and diagnostics labs of specific diseases are presented. Another objective is to describe the most common conditions related to each topic.

MSMS 506
Physiology I
4 Credit Hours
Physiology is the comprehensive study of the function of the human body on an organ system basis. Emphasis is on the integration of functions from the cellular level to that of the total organism and the application of physiology concepts to problem solving. The following units will be covered in the Physiology I course: Membrane and Action Potentials, Cellular and Systemic Physiology of the Cardiovascular and Respiratory Systems.

MSMS 508
Medical Biochemistry I
5 Credit Hours
Provides students with a complete understanding at the molecular level of all the chemical processes associated with living cells. Focused on understanding the basic biochemical concepts that deal with life processes, through a cellular, tissue, organ, and system approach. Biochemistry I course covers the following topics: Biological Molecule structure and function, Cell cycle regulation, Genetic inheritance, Gene-gene interactions, Gene environmental interactions, and Medical genetics. Topics are presented through case studies or in relevance to health and disease.
Physiology II course: Gastrointestinal, Renal and Endocrine Physiology Systems.

MSMS 606
Medical Biochemistry II
5 Credit Hours
Provides students with a complete understanding at the molecular level, of all the chemical processes associated with living cells. Focused on understanding the basic biochemical concepts that deal with life processes, through a cellular, tissue, organ, and system approach. Biochemistry II course covers the following topic: Metabolic variations of molecules, Metabolic pathways integration, Metabolic variation among different tissues. Topics are presented through case studies or in relevance to health and disease.
NURSING - GRADUATE

NURSG 409
Graduate Nursing Stats Module
0 Credit Hours
This self-paced, ten-module tutorial is an option to meet the statistics prerequisite for NURSG 509. Basic statistical information will be reviewed consisting of descriptive statistics and confidence intervals, measures of relative standing, variability in sample results, probability, hypothesis testing, inferential statistics, common non-parametric testing, simple and multiple regression and odds ratio along with relative risk. Upon completion of each module a 4- question practice quiz will be taken. Upon completion of the ten modules, a competency exam will be taken with a score of 85% or greater to be achieved in order to successfully pass the course. Students are allowed a total of 2 attempts to pass the competency exam.

NURSG 502
Advanced Health Assessment
3 Credit Hours
This course assists students to develop effective clinical interviewing, focused history-taking, and advanced physical assessment skills. Course content builds upon the student's foundational knowledge of pathophysiology, microbiology and anatomy. The underlying approach to assessment stresses a holistic view of clients as complex beings possessing physical, emotional, social and spiritual health needs and resources.

NURSG 503
Advanced Pathophysiology
3 Credit Hours
In this course students will acquire a deeper understanding of some of the mechanisms of disordered physiology that underlie the disease conditions commonly encountered in practice settings. Students will apply the knowledge of pathophysiological processes to the clinical manifestations of diseases. It will ultimately form the basis for clinical diagnosis and decision-making regarding therapeutic interventions in future courses.

NURSG 504
Philosophical and Theoretical Foundations of Advanced Nursing
3 Credit Hours
This course focuses on the ethical and theoretical foundations of advanced nursing. Personal narratives from clinical practice are analyzed from the perspectives of several ways of knowing. Selected ethical and aesthetic theories as well as theories from nursing, physical sciences, social and behavioral sciences, and organizational management are analyzed and applied. Reflexive practice, scholarly writing, and transformational learning in graduate education are emphasized.

NURSG 505
Advanced Health Assessment and Clinical Reasoning
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-503
This advanced health assessment course builds upon baccalaureate and professional practice physical assessment and history-taking knowledge and skills. It focuses on the skills of assessment necessary in advanced nursing practice. Content in this course builds upon and integrates the student's foundational knowledge of anatomy, physiology, and pathophysiology. Emphasis will be placed on applying theoretical foundations as well as the development of advanced assessment skills in order for the student to perform a comprehensive health assessment across the lifespan. This course will also allow students to further develop skills such as: effective clinical interviewing; comprehensive and focused history-taking, clinical reasoning and differential diagnosis, disease risk factors, and health promotion strategies. The underlying approach to advanced health assessment utilizes a holistic view of clients as complex beings possessing physical, emotional, social, cultural, and spiritual health needs, living as individuals within families and communities.

NURSG 509
Nursing Inquiry
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-504 NURSG-517 Basic statistics course or passing score on statistics competency exam
This course focuses on methods of inquiry as a basis for the expansion of knowledge in nursing. Philosophical foundations of qualitative and quantitative methods are explored. Methodological approaches that use qualitative analysis are compared with those that require quantification and statistical analysis of data. Emphasis is placed on the congruence between the research problem and the research design. Analysis of research studies and the ability to develop a research proposal are expected outcomes of this course. Current issues in nursing research, including those of critique, collaboration and publication are discussed.

NURSG 512
Advanced Pharmacology
3 Credit Hours
This course focuses on the pharmacologic effects and clinical uses of selected drug groups. Principles of pharmacodynamics and pharmacokinetics will be reviewed. The issues of altered pharmacotherapeutic response relative to physiologic and psychosocial variables will be included. Pharmacologic mechanisms of action in association with side effects, drug interactions, contraindications and patient education will be addressed.

NURSG 517
Health Care Systems and Financing
3 Credit Hours
This course focuses on the transformation of the American health care system. The corporatization of health care and the complexities of health care delivery and related financing of that care are addressed. Efforts on quality care, now linked to reimbursement for that care, are the emphasis for health care
systems' policies today. Included are the basic concepts of quality, safety, improving health outcomes and related policy analysis. The course also provides an opportunity for practical application of budgeting through cost analysis, and the use of financial information for decision and policy making in providing quality health care.

NURSG 519
Primary Care of Women and Children
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-505, C: NURGP-519 (RQ)
This is the first of three primary care delivery courses for Family Nurse Practitioner students. With an emphasis on women's and children's health, assessment and management strategies for problems commonly encountered in primary care are introduced. Students work closely with primary care providers in clinical settings in developing clinical decision-making skills integral to the role of the Family Nurse Practitioner.

NURSG 523
Clinical Leader Role I
2 Credit Hours
This is the first of four courses specific to the Clinical Leader (CL) role. The course provides a foundation for implementation of the role. Students focus on the CL role and its contribution to improve patient outcomes, ensure quality care and reduce health care costs. Concepts, theories and issues related to nursing leadership and care environment management are investigated in depth. End of program competencies for the Clinical Nurse Leader role will be discussed. The practicum facilitates role clarification and application of microsystem analysis.

NURSG 524
Clinical Leader Role II
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-502 NURSG-503
NURSG-512 NURSG-523, C: NURGP-524 (RQ)
This is the first of three didactic-practicum dyads in the Clinical Leadership track. Students apply elements of the CL curriculum with a selected cohort of clients in a practice setting. Periodic seminars provide opportunities for CL students, faculty and mentors to discuss issues and assess experiences related to implementation of this role. NOTE: Students registered for NURSG 524 must also register for NURGP 524 in order to complete the course requirements and receive credit for this course.

NURSG 525
Pharmacology for Advanced Practice Nursing
1 Credit Hour
Pre/Corequisite: P (RQ) NURSG-552, C: NURSG-535 (RQ)
The student will focus on the application of pharmacologic and pharmacotherapeutic principles in primary care throughout the lifespan. Students will address varying prescribing regulations within the United States as well as prescriptive authority, controlled substance and substance abuse. All course objectives will be considered from the perspective of the Family Nurse Practitioner as a licensed prescriber of medications.

NURSG 526
Management of Common Problems in Primary Care
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-519 NURGP-519, C: NURGP-535 (RQ)
This is the second of three primary care delivery courses for Family Nurse Practitioner students. Assessment and management strategies for problems commonly encountered in primary care are introduced. Students work closely with primary care providers in clinical settings in developing clinical decision-making skills integral to the role of the family nurse practitioner.

NURSG 527
Management of Complex Problems in Primary Care
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-535 NURGP-535, C: NURGP-536 (RQ)
This is the final course of three primary care delivery courses for Family Nurse Practitioner students. This course is the mandatory practicum section for NURSG 536, Complex Problems in Primary Care. Assessment and management strategies for complex problems in primary care are introduced. A minimum of 225 hours of clinical practicum is required for this course. Students work closely with primary care providers in clinical settings to develop clinical decision-making skills integral to the role of the family nurse practitioner. The student will synthesize elements of clinical management skills and knowledge and analyze, apply and evaluate diverse aspects of patient assessment and health care interventions.

NURSG 537
Family Nurse Practitioner Role Synthesis
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-535
Current concepts, theories, and issues relevant to the family nurse practitioner role are analyzed. The multifaceted role of the family nurse practitioner as primary care provider, educator, researcher, manager, and consultant is examined. Focus will be placed on how the evolution of these roles has influenced the development, transition, and implementation of today’s advanced nursing practice. Professional competencies, educational requirements, and regulatory controls will be discussed.

NURSG 538
Clinical Nurse Leader Role
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-535
This course emphasizes the use of epidemiological research in population based health care. The essential elements of the community health/needs assessment method are applied to assess health needs and/or problems of a population/community or an aggregate in the community. Students have opportunities to apply principles of epidemiology including analysis of occurrence, distribution, determinants, and consequences of health-related states and diseases. Analysis of aggregate data from public domain websites is also included to evaluate the effectiveness of interventions to improve population health care outcomes. Students have opportunities to study disease(s) and apply strategies that promote health...
in diverse population groups. Students will design population centered and culturally responsive strategies to promote health and health related interventions for populations, communities and aggregates in a community.

NURSG 545
Executive Leader Role I
2 Credit Hours
This is the first of four courses specific to the Executive Leader (EL) role. Students focus on the EL role and its contribution to executive practice which sets the vision for nursing practice in the delivery of safe, timely, efficient, equitable and patient-centered care. Working within a collaborative and interprofessional environment, the nurse in administrative practice is influential in improving the patient experience of care (including quality and satisfaction), improving the health of populations and reducing the per capita cost of health care. Concepts, theories, and issues related to nursing administrative leadership are investigated in depth. The AONL, Nurse Executive Competencies that identify the common core set of competency domains for health care leadership - communication and relationship management; knowledge of the health care environment; leadership; professionalism; business skills and principles - will be discussed. The practicum facilitates role clarification and application of organizational analysis.

NURSG 552
Advanced Pharmacology for FNP’s
3 Credit Hours
This course focuses on the pharmacologic effects, and clinical uses of selected drug groups. Principles of pharmacodynamics and, pharmacokinetics will be reviewed. The process of rational drug selection and issues of altered pharmacotherapeutic response relative to physiologic and psychosocial variables and special populations will be included. Pharmacologic mechanisms of action in, association with side effects, drug interactions, contraindications and patient education will be addressed. All course objectives will be considered from the perspective of the Family Nurse Practitioner as a licensed prescriber of medications.

NURSG 553
Culture, Communication, and Conflict Resolution in InterProfessional Practice
3 Credit Hours
This course addresses expressions of health, illness, caring and healing from trans-cultural and communication-focused perspectives. Understanding and developing professional competence in caring for and working with individuals, families, groups, and communities with diverse cultural backgrounds is emphasized. Patterns of human communication and interaction with health care clients and professional colleagues are considered in terms of theories and practical skills of communication, conflict resolution and professional collaboration. The impact of negative patterns of interaction (e.g., stereotyping, discrimination, workplace incivility and marginalization) on health care disparities is considered.

NURSG 557
Information Technology in Health Care and Outcomes
3 Credit Hours
This course provides an overview of the various ways in which information technology is used in health care and education. Following an introduction to the principles of information science and information systems, students explore the practical applications and strengths and limitations of myriad information technologies. Applications of technology in the care of individuals, populations and communities are addressed, including aspects of tele-health. Students gain experience using and interpreting data from administrative and clinical health information databases in order to develop plans for quality assurance and outcomes evaluation. Students will interact with information management applications related to administration, clinical practice, education and research.

NURSG 558
Advanced Health Care Finance
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-517
This course examines financial and economic concepts and techniques of managing a health care agency or organization in a variety of settings. The focus is on financial knowledge and information as applied to health care agencies or integrated health care delivery systems, including budget concepts, financial analysis, and the integration of strategic goals and objectives with financial planning. Current issues related to the economics of health care, including the political and ethical issues involved in containing health care costs, are explored.

NURSG 568
Advanced Health and Social Policy
3 Credit Hours
Pre/Corequisite: P (RQ) NURSG-517
This course focuses on health policy analysis and utilizes various methods of critique to analyze health and social policy development. Organizational, local government, state and national policies will be discussed and examined. Use of health data and information related to policy available from the public domain is highly encouraged. Students will analyze and propose solutions to issues of policy related to their own professional interests.

NURSG 589
Individualized Study
1 to 6 Credit Hours
This course is an intensive individual study of a topic related to the nursing profession. Specific goals are reviewed and agreed upon by the student, the student's advisor, and the instructor involved. A written contract is developed. A final written report of the study is required.

NURSG 605
Administrative Leadership I
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-545, C: NURGP-605 (RQ)
This is the second of four didactic-practicum dyads specific to the Executive Leader Role. This course emphasizes leadership and managerial skills as the foundation for Executive Leadership practice in complex or integrated...
healthcare systems. Content includes theories of leadership, motivation, and change. Students enhance their leadership and managerial skills that are applied in subsequent practicum courses. Learning experiences derived from this course serve as the basis for in-depth organizational assessment and development of a project proposal based on interventions intended to promote quality patient care and the functions of the organization. Students will work alongside a preceptor and under the supervision of faculty.

NURSG 606
Administrative Leadership II
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-605 NURGP-605, C: NURGP-606 (RQ)
This is a second theory/practicum course in the administrative leadership in nursing option at the advanced level. Course content focuses on the leadership role of advanced nursing administrative practice in developing, implementing, and evaluating initiatives to manage and improve organizational practices and outcomes. Students acquire skills in program implementation for health improvement and outcomes research, especially quality improvement, change management, human resources management and communication. Practicum experiences provide opportunities for students to apply content in an advanced nursing practice setting. Working with the site preceptor and practicum faculty, student conducts leadership project focusing on an issue related to healthcare delivery to fulfill the course objectives.

NURSG 607
Administrative Leadership Capstone
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-606 NURGP-606, C: NURGP-607 (RQ)
This is the final sequential theory/practicum course in the administrative leadership in nursing course. This course is an applied capstone experience at the end of each student's program of study and provides an opportunity for the student to gain experience in a particular area of administrative leadership interest. The clinical practicum component of the course is designed to be an evaluation of a project conducted independently by the student at an advanced practice setting. The student works with a preceptor and faculty to develop specific evaluation goals and objectives, and submits an evaluation report and presentation of the project evaluation at the completion of the course.

NURSG 608
Nurse Educator Role
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-610 NURGP-610, C: NURGP-611 (RQ)
This is the first of four courses specific to the Nurse Educator role. The course provides a foundation for the implementation of the role. Field experience enables students to explore the NLN Competencies for the Academic Nurse Educator to understand the impact of the faculty role in the advancement of the nursing profession. Students will examine learning theory and conceptual frameworks. Foundational principles of the scholarship of teaching, and roles and realities for the nurse educator across settings are explored. Students will analyze the political, institutional, social, and economic forces that impact the Nurse Educator role in the educational environment.

NURSG 609
Clinical Practice Specialty
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-502 NURSG-503 NURSG-512 NURSG-608, C: NURGP-609 (RQ)
This is the first of three didactic-practicum dyads in the Nurse Educator Track. The didactic course focuses on roles and responsibilities that are applicable to advanced clinical practice in any setting, for example, evidenced based practice, consultation for complex patients, Clinical education and inter-professional collaboration. Online discussion seminars provide opportunities for Nurse Educator students, faculty and clinical preceptors to discuss issues and assess experiences related to implementation of this role. NOTE: Students registered for NURSG 609 must also register for NURGP 609 in order to complete the course requirements and receive credit for this course.

NURSG 610
Learning Principles and Instructional Methods for the Adult Learner
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-502 NURSG-503 NURSG-512 NURSG-608, C: NURGP-610 (RQ)
This is one of three didactic-practicum dyads specific to the Nurse Educator (NE) role. Basic principles of curriculum design and formulation of program outcomes are introduced. The focus is on course planning, with emphasis on evidence-based educational strategies and learning activities that facilitate learning in a variety of settings. Online seminar activities assist the NE student to apply theoretical principles and specific teaching-learning strategies in clinical, simulation, online and classroom instructional situations. A particular focus is effective communication between teacher and learner and sensitivity to varying needs of learners based on culture, disabilities, and educational background. Integration of core professional nursing values and the core concepts of clinical decision making, communication, and cultural competence into the curricular plan are discussed. NOTE: Students registered for NURSG 610 must also register for NURGP 610 in order to complete the course requirements and receive credit for this course.

NURSG 611
Nurse Educator Capstone
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-610 NURGP-610, C: NURGP-611 (RQ)
This is one of three didactic-practicum dyads specific to the Nurse Educator role. This course focuses on the development of skills in assessment and evaluation strategies as applied to course and program learning outcomes. Evidence-based practices for evaluation of learning in both classroom and clinical settings are analyzed and applied. Ethical and legal implications of classroom and clinical evaluation are explored. NOTE: Students registered for NURSG 611 must also register for NURGP 611 in order to complete the course requirements and receive credit for this course.
NURSG 612
Clinical Leader Immersion I
1 Credit Hour
Pre/Corequisite: P (RQ) NURSG-524 NURGP-524, C: NURGP-612 (RQ)
This course is the mandatory practicum section for NURSG 612. The practicum facilitates development of a project to promote positive change in the microsystem. In this course, students work closely with the preceptor in clinical settings in developing leadership skills integral to the role of the clinical nurse leader. A minimum of 150 hours of clinical practicum is required for this course. NOTE: Students registered for NURGP 612 must also register for NURSG 612 in order to complete the course requirements and receive credit for this course.

NURSG 614
Clinical Leader Immersion II
1 Credit Hour
Pre/Corequisite: P (RQ) NURSG-612 NURGP-612, C: NURGP-614 (RQ)
This is the third didactic-practicum dyad in the Clinical Leader track. Students refine the skills necessary to implement roles of the clinical leader in a specific health care delivery system. Periodic seminars provide opportunities for CL students, faculty and mentors to discuss issues and assess experiences related to implementation of this role. NOTE: Students registered for NURSG 614 must also register for NURGP 614 in order to complete the course requirements and receive credit for this course.
### NURSING - GRADUATE PRACTICUM

**NURGP 519**  
**Primary Care of Women and Children Practicum**  
2 Credit Hours  
*Pre/Corequisite: P (RQ) NURSG-505, C: NURSG-519 (RQ)*  
This course is the mandatory practicum section for NURSG 519 Primary Care of Women and Children. A minimum of 150 hours of clinical practicum is required for this course. Students work closely with primary care providers in clinical settings in developing clinical decision making skills integral to the role of the family nurse practitioner.

**NURGP 524**  
**Clinical Leader Role II Practicum**  
1 Credit Hour  
*Pre/Corequisite: P (RQ) NURSG-502 NURSG-503 NURSG-512 NURSG-523, C: NURSG-524 (RQ)*  
This course is the mandatory practicum section for NURSG 524. The practicum facilitates development of skills for advocacy and leadership in a microsystem as a means to promote positive change in a health care delivery system while putting best practices into action. Students work closely with the preceptor in clinical settings in developing leadership skills integral to the role of the clinical nurse leader. A minimum of 75 hours of clinical practicum is required for this course. **NOTE:** Students registered for NURGP 524 must also register for NURSG 524 in order to complete the course requirements and receive credit for this course.

**NURGP 535**  
**Management of Common Problems in Primary Care Practicum**  
3 Credit Hours  
*Pre/Corequisite: P (RQ) NURSG-519, NURGP-519, C: NURSG-535 (RQ)*  
This is the second of three primary care delivery courses for Family Nurse Practitioner students. Assessment and management strategies for problems commonly encountered in primary care are introduced. Students work closely with primary care providers in clinical settings in developing clinical decision-making skills integral to the role of the family nurse practitioner.

**NURGP 536**  
**Management of Complex Problems in Primary Care Practicum**  
3 Credit Hours  
*Pre/Corequisite: P (RQ) NURSG-535, NURGP-535, C: NURSG-536 (RQ)*  
This is the final course of three primary care delivery courses for Family Nurse Practitioner students. This course is the mandatory practicum section for NURSG 536 Complex Problems in Primary Care. Assessment and management strategies for complex problems in primary care are introduced. A minimum of 225 hours of clinical practicum is required for this course. Students work closely with primary care providers in clinical settings to develop clinical decision-making skills integral to the role of the family nurse practitioner. The student will synthesize elements of clinical management skills and knowledge and analyze, apply and evaluate diverse aspects of patient assessment and healthcare interventions.

**NURGP 605**  
**Administrative Leadership I Practicum**  
1 Credit Hour  
*Pre/Corequisite: P (RQ) NURSG-545, C: NURSG-605 (RQ)*  
This course is the first of three practicum dyads specific to the Executive Leader Role. Practicum experiences provide opportunities for students to apply content to an advanced nursing practice setting. Working with the preceptor and the practicum faculty, the student builds on the organizational assessment from NURSG 545 and develops a project proposal focusing on a specific population or an aggregate served by the practicum agency. This practicum course requires 75 hours of preceptored practicum work. **NOTE:** Students registered for NURGP 605 must also register for NURSG 605 in order to complete the course requirements and receive credit for this course.

**NURGP 606**  
**Administrative Leadership II Practicum**  
1 Credit Hour  
*Pre/Corequisite: P (RQ) NURSG-605 NURGP-605, C: NURSG-606 (RQ)*  
This course is the mandatory practicum section for NURSG 606. Practicum experiences provide opportunities for students to apply content in an advanced nursing practice setting. Working with the site preceptor and practicum faculty, student conducts leadership project focusing on an issue related to healthcare delivery to fulfill the course objectives. A minimum of 75 hours of clinical practicum is required for this course. **Note:** Students registered for NURGP 606 must also register for NURSG 606 in order to complete the course requirements and receive credit for this course.

**NURGP 607**  
**Administrative Leadership Capstone Practicum**  
1 Credit Hour  
*Pre/Corequisite: P (RQ) NURSG-606 NURGP-606, C: NURSG-607 (RQ)*  
This is the final sequential didactic practicum dyad in the administrative leadership in nursing. This course is an applied capstone experience at the end of each student’s program of study and provides an opportunity for the student to gain experience in a particular area of administrative leadership interest. The clinical practicum component of the course is designed to be an evaluation of a project conducted independently by the student at an advanced practice setting. The student works with a preceptor and faculty to develop specific evaluation goals and objectives, and submits an evaluation report and presentation of the project evaluation at the completion of the course.

**NURGP 609**  
**Clinical Practice Specialty Practicum**  
1 Credit Hour  
*Pre/Corequisite: P (RQ) NURSG-502 NURSG-503 NURSG-512 NURSG-608, C: NURSG-609 (RQ)*  
This course is the mandatory practicum section for NURSG 609. Practicum experiences provide the opportunity to expand
A minimum of 75 hours of clinical practicum is required for this course. Note: Students registered for NURSG must also register for NURSG 609 in order to complete the course requirements and receive credit for this course.

NURGP 610
Learning Principles and Instructional Methods for the Adult Learner Practicum
1 Credit Hour
Pre/Corequisite: P (RQ) NURSG-502 NURSG-503 NURSG-512 NURSG-608, C: NURSG-610 (RQ)
This course is the mandatory practicum section for NURSG 610. Practicum activities assist the NE student to demonstrate application of theoretical principles and specific teaching-learning strategies in clinical, simulation, online and classroom instructional situations. A minimum of 75 hours of clinical practicum is required for this course. NOTE: Students registered for NURGP 610 must also register for NURSG 610 in order to complete the course requirements and receive credit for this course.

NURGP 611
Nurse Educator Capstone Practicum
1 Credit Hour
Pre/Corequisite: P (RQ) NURSG-610 NURGP-610, C: NURSG-611 (RQ)
This course is the mandatory practicum section of NURSG 611. Students will collaborate with a faculty mentor to create teaching-learning activities that include preparing and delivering didactic lectures in face-to-face and online environments, providing feedback to learner assignments, designing and conducting simulation activities, choosing clinical assignments, supervising learners in the clinical setting, leading pre- and post clinical conferences and evaluating learners in the clinical setting. A minimum of 75 hours of clinical practicum is required for this course. NOTE: Students registered for NURGP 611 must also register for NURSG 611 in order to complete the course requirements and receive credit for this course.

NURGP 612
Clinical Leader Immersion I Practicum
2 Credit Hours
Pre/Corequisite: C (RQ) NURSG-524 NURGP-524, C: NURSG-612 (RQ)
This course is the mandatory practicum section for NURSG 612. The practicum facilitates development of a project to promote positive change in the microsystem. In this course, students work closely with the preceptor in clinical settings in developing leadership skills integral to the role of the clinical nurse leader. A minimum of 150 hours of clinical practicum is required for this course. NOTE: Students registered for NURGP 612 must also register for NURSG 612 in order to complete the course requirements and receive credit for this course.

NURGP 614
Clinical Leader Immersion II Practicum
2 Credit Hours
Pre/Corequisite: P (RQ) NURSG-612 NURGP-612, C: NURSG-614 (RQ)
This course is the mandatory practicum section for NURSG 614. The practicum facilitates implementation, measurement of outcomes and dissemination of a project that promotes positive change in the microsystem. In this course, students work closely with the preceptor in clinical settings in developing leadership skills integral to the role of the clinical nurse leader. A minimum of 150 hours of clinical practicum is required for this course. NOTE: Students registered for NURGP 614 must also register for NURSG 614 in order to complete the course requirements and receive credit for this course.
SECONDARY EDUCATION

EDGSE 404
Field Experience for Secondary
1 Credit Hour
Candidates will enroll in a one-credit course prior to students teaching and observe classes in their major for two weeks. Field experience will take place at a high school selected by the Education Department. Arrangements will be made for licensed teachers pursuing subsequent licensure in secondary or candidates in their own classroom.

EDGSE 415
Principles and Practices of the Middle and Secondary School
3 Credit Hours
This course focuses on establishing a learning environment in the classroom. It examines methods of establishing objectives and developing learning experiences, the setting of limits on behavior, group dynamics, research-based instructional methods and the use of community resources. Study and application of classroom interaction models, use of applied research techniques and use of computer databases are included in this course. Strategies for educational leadership are also examined.

EDGSE 423
Secondary Education Practicum
3 to 6 Credit Hours
This practicum experience is designed for licensed teachers seeking a subsequent Secondary license. In lieu of a second student teaching experience, graduate students enroll in EDGSE 423, Practicum in Secondary Education. A faculty member from the Education Department will supervise the practicum.

EDGSE 434
K-12 General Music
3 Credit Hours
This course teaches students how to plan, implement, and evaluate a comprehensive general music program. Students will acquire a varied pedagogical skill set; develop a working knowledge of practices in current use, as well as national and state standards; develop a working knowledge of educational materials; and be acquainted with the theoretical constructs on which music education is based. 15 clinical hours.

EDGSE 435
Teaching Choral Music in the Senior High School
3 Credit Hours
This course prepares students to teach in middle and high school choral programs. The course focuses on choral rehearsal techniques and pedagogies, choral program administration, and the completion of a job application portfolio and mock interview. Subject-specific content for the edTPA is also addressed. 15 clinical hours required.

EDGSE 436
Teaching Instrumental Music in the Senior High School
3 Credit Hours
This course focuses on the skills necessary to successfully operate a secondary instrumental music program (including proper programming for and instruction of concert bands, jazz bands, marching bands, orchestras, chamber music, and other ensembles). Rehearsal technique, instrumental pedagogy, philosophies of teaching, and subject-specific content related to the edTPA are also addressed. 15 clinical hours.

EDGSE 444
Directed Teaching - Middle and Secondary
6 Credit Hours
Pre/Co-requisite: C (RQ) EDGSE-445
Must have completed a minimum of 100-clock hours of supervised field experiences in education; the required in sequence education courses. Program of guided observation, participation, and teaching in classroom, jointly supervised by a teacher from the University and one from the field. Normally, the student teacher spends the whole school day in the field for 16 weeks.

EDGSE 445
Seminar in Teaching and Learning
2 Credit Hours
Pre/Co-requisite: C (RQ) EDGSE-444
This course provides a reflective analysis of the directed-teaching setting; analysis and evaluation of the candidate’s classroom management, instructional planning, implementation and assessment strategies; instructional modifications to address diverse learners; analysis and evaluation of students’ learning.

EDGSE 463
Methods of Teaching Art in the K-12 Schools
3 Credit Hours
Pre/Co-requisite: E (RQ) EDGSE-415
Level 2 Professional Education Course: Requires Admission to the Education Department. Formerly Methods of Teaching Art in the Middle and Secondary School. This course focuses on theoretical and applied investigation of practical and creative aspects of teaching art. Through classroom and field experiences, students will explore and discuss major visual art educational concepts and techniques including curriculum development and presentation of visual art lessons. Course also includes field trips to a variety of schools where different teaching modes can be examined. 30 hours field experience. Offered fall.

EDGSE 464
Methods of Teaching Biology and Science in the Middle and Secondary School
3 Credit Hours
Pre/Co-requisite: E (RQ) EDGSE-415
*Level 2 Professional Education Course: Requires Admission to the Education Department. Formerly Methods of Teaching Biology in the Middle and Secondary School. This course covers the principles, methods and materials of teaching biology at the middle school and secondary level. Additionally,
this course covers general science methods for middle level teaching. 30 field experience hours. Offered fall.

EDGSE 465
Methods of Teaching English in Middle and Secondary Schools
3 Credit Hours
Pre/Corequisite: E (RQ) EDGSE-415
*Formerly Methods of Teaching English in Secondary School. *Level 2 education course: requires admission to the Education Department. This course builds on and expands the material covered in ENGL 356 and ENGL 371. This course covers the theories and practices of teaching English in secondary school English language arts classrooms, in addition to an emphasis on integrating reading, writing, speaking, listening and technology skills into effective lessons and units. 30 clinical hours. Offered fall.

EDGSE 466
Methods of Teaching Foreign Language in K12 Schools
3 Credit Hours
Pre/Corequisite: E (RQ) EDGSE-415
*Formerly Methods of Teaching Foreign Language in Secondary Schools. *Level 2 education course: requires admission to the Education Department. This course examines the trends in methodology of foreign language teaching in the United States. Course includes the development of ability in determining, stating and evaluating objectives. Emphasis on individualized instruction. Class demonstration of teaching techniques with the use of audio-visual equipment. 30 clinical hours. Offered fall.

EDGSE 467
Methods of Teaching Math in Middle and Secondary Schools
1 to 3 Credit Hours
Pre/Corequisite: E (RQ) EDGSE-415
*Formerly Methods of Teaching Math in Secondary School. Level 2 Professional Education course: Requires admission to the Education Department. This course exposes both pre-service and in-service school teachers to principles, current issues, materials and methods of teaching mathematics in secondary school. Strong mathematical background expected. 30 clinical hours. Offered Fall term.

EDGSE 469
Methods of Teaching History and Social Science in Middle and Secondary Schools
3 Credit Hours
Pre/Corequisite: E (RQ) EDGSE-415
*Formerly Methods of Teaching History and Social Science in Science in Secondary School. This course covers the principles, methods and materials of teaching history and social studies at the middle school and secondary level. 30 clinical hours. Offered fall.

EDGSE 497
Literacy Instruction for Diverse Learners
3 Credit Hours
This course addresses the responsibility and challenge secondary teachers must undertake as they strive to meet the needs of diverse learners in their content areas. Teacher candidates will explore teaching and learning strategies that support the development of a wide range of literacy skills in order to create challenging learning opportunities for all students. 10 clinical hours.

EDGSE 498
Student Teaching K-12
6 Credit Hours
Program of guided observation, participation and teaching of students in K-12 settings. Jointly supervised by an instructor from the University and a teacher from the field. The student teacher spends 16 weeks in a 6-12 setting.

EDGSE 507
Advanced Educational Psychology
3 Credit Hours
This course examines the psychological theories and principles of learning as they apply to the teaching-learning process. A constructive analysis of the principle areas, theories, experimentation and conclusions in psychology with attention focused on such topics as motivation, intelligence, learning, cognition and emotions. Graduate students seeking licensure in Early Childhood or Elementary Education may not substitute this course with an undergraduate course. 10 clinical hours.

EDGSE 508
Advanced Adolescent Development
3 Credit Hours
This course will investigate the research concerning the transition from adolescence to young adulthood. It is designed to address decision making curriculum that would include the emotional, sexual, spiritual, physical, moral and intellectual development of the adolescent in special and regular educational settings. This course may not be substituted by an undergraduate course for licensure. 10 clinical hours.

EDGSE 570
Secondary Classroom Environment: Supporting College Career Readiness
2 Credit Hours
This course prepares candidates to support secondary students with preparing for college and career.

EDGSE 571
Methods of Teaching Mathematics in the Secondary School
2 Credit Hours
This course exposes both candidates to the principles, methods and materials teaching mathematics in the secondary school.

EDGSE 572
Methods of Teaching English Language Arts in the Secondary School
2 Credit Hours
This course covers the theories and practices of teaching English in secondary school English language arts secondary classrooms. Areas of focus are on integrating reading, writing, speaking, listening and technology skills into effective secondary education lessons and units.
EDGSE 573  
**Methods of Teaching History and Social Studies in the Secondary School**  
2 Credit Hours  
This course covers the principles, methods and materials of teaching social studies with a focus on history at the secondary level.

EDGSE 574  
**Methods of Teaching Biology in the Secondary School**  
2 Credit Hours  
This course covers the principles, methods and materials of teaching biology at the secondary level.

EDGSE 575  
**Methods of Teaching Chemistry in the Secondary School**  
2 Credit Hours  
This course covers the principles, methods and materials of teaching chemistry at the secondary level.

EDGSE 576  
**Methods of Teaching Physics in the Secondary School**  
2 Credit Hours  
This course covers the principles, methods and materials of teaching physics at the secondary level.

EDGSE 577  
**Methods of Teaching Political Science and Social Studies in the Secondary School**  
2 Credit Hours  
This course covers the principles, methods and materials of teaching social studies with a focus on political science at the secondary level.

EDGSE 578  
**Methods of Teaching Computer Science in the Secondary School**  
2 Credit Hours  
This course is designed to introduce students to the pedagogical approaches & practices associated with teaching computer science at the secondary level. Students will learn methods of teaching secondary CS. Topics include developing learning objectives, theories of learning in CS & computational thinking, instructional approaches, lesson design & implementation, & assessment.

EDGSE 579  
**Methods of Teaching Music in the Secondary School**  
2 Credit Hours  
This course teaches candidates the principles, methods and materials necessary for teaching in a general music program.

EDGSE 580  
**Visual Arts: Methods of Teaching**  
2 Credit Hours  
Formerly Methods of Teaching Visual Arts in the Secondary School. This course provides teachers with the major educational concepts, methods, techniques and materials of applicational, functional and expressional aspects of teaching art.
SPECIAL EDUCATION

EDGSP 403
Introduction to the Special Education edTPA
1 Credit Hour
Pre/Corequisite: P (RQ) EDGSP-520, EDGSP-521, EDGSP-522, EDGSP-523, and EDGSP-524
Candidates will complete practice exercises for Task 1, Planning for Instruction; Task 2, Instructing and Engaging the Focus Learner; and Task 3, Assessing Learning. Practice activities will include responding to prompts that use key edTPA vocabulary and reflecting on edTPA requirements and rubrics. *This course will be delivered online via CANVAS.

EDGSP 413
Survey of Students with Exceptionalities
3 Credit Hours
This course explores the characteristics and learning needs as well as effective methods for teaching, assessing, and accommodating students with disabilities and other learning differences. The responsibilities of teachers and related service providers under federal legislation are emphasized. Learners with disabilities include learners with intellectual, sensory, health, and physical disabilities; learning and emotional disabilities; and communication and behavioral disabilities. Learners with learning differences include those who are English Language Learners or dialectical English speakers, those who are gifted, and those with specific risk factors. This course meets the requirement for Illinois House Bill 150. 5 clinical hours.

EDGSP 418
Methods of Teaching Reading at the Elementary School
3 Credit Hours
This course provides an investigation of theory, research and practice related to the teaching of reading, language arts and children's literature. It includes the study of language development; principles, methods and materials of literacy instruction including basal reader, constructivist, literature-based learning; selection and use of children's literature.

EDGSP 421
Methods of Teaching Mathematics at the Elementary School
3 Credit Hours
The course focuses on the analysis of children's construction of mathematical knowledge and on mathematics as a meaningful activity. The use of word problems and manipulatives to aid in the understanding of operations on whole numbers, fractions, decimals and percents is stressed. Methods of teaching proportions, ratios, measurement, geometry and statistics are included. Offered according to cohort schedule.

EDGSP 445
Seminar in Teaching and Learning
2 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520, EDGSP-521, EDGSP-522, EDGSP-523, and EDGSP-524, E: EDGSP-530 (RQ)
This course for student teachers includes a structured teaching performance assessment in the directed teaching site: an analysis of the contextual factors of the special education students' learning environment; alignment of teaching with the state learning standards; an appropriate assessment plan linked to learning goals; instruction designed for engaged, successful learning for all students' accommodations and modifications to address learning needs; analysis and evaluation of students' learning; and oral and written reflection on all components of the teaching process.

EDGSP 520
Characteristics of Students with Disabilities
3 Credit Hours
This course provides a study of cognitive, motor, behavioral and physical development, as well as etiologies and medical conditions related to a wide range of disabilities. Experiences with students with disabilities regarding their characteristics, learning needs, family needs, adaptive equipment, assistive technology, community integration, and vocational options are provided. 15 clinical hours.

EDGSP 521
Foundations of Special Education
3 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520
This course provides a study of philosophical, historical and legal foundations of special education. Candidates investigate the progression of service delivery models from segregation to inclusive settings and the self-determination of persons with disabilities across the life span. 5 clinical hours.

EDGSP 522
Adaptations and Accommodations for Students With Disabilities
3 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520
This course provides investigation and development of adaptations for instruction, communication and assessment for students with disabilities, and interaction with their families, paraprofessionals, colleagues, community members, and other service agencies. Candidates develop accommodations of multiple curriculum areas across the age range from preschool to 21. 15 clinical hours.

EDGSP 523
Language Disorders and Instruction in Diverse Classrooms
3 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520
This course provides a study of typical and atypical language development, including cultural influences, second-language acquisition, and the effects of sensory impairment. Included is the exploration of research-based language-intervention strategies and devices/systems across age and skill levels. 10 clinical hours.

EDGSP 524
Diagnostic Assessment for Educational Decision-Making
3 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520
This course includes intensive theoretical and practical study of the instruments and processes used for nondiscriminatory
evaluation of students with disabilities in the areas of academic, social and vocational function. Analysis of test construction, considerations of legal and ethical issues in the administration of specified tests and the interpretation of various scores, and Illinois Alternative Assessment are also discussed in this course. 20 clinical hours.

EDGSP 525
Methods of Teaching Students with Disabilities
6 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520, EDGSP-524
This course provides an examination and implementation of research-based effective strategies and materials for teaching students with disabilities in the areas of academic, social and vocational function. Emphasis is on transfer and generalization in inclusive settings, including physical and academic prompts and adaptations. Focus is also on IEP development, responsive to Illinois learning standards and aligned with assessments, and inclusive of progress monitoring. 25 clinical hours.

EDGSP 526
Practicum: Students With Disabilities
3 Credit Hours
Pre/Corequisite: P (RQ) EDGSP-520, EDGSP-521, EDGSP-522, EDGSP-523, EDGSP-524, and EDGSP-525
This course includes observation of, participation with, and teaching of students with disabilities. Other activities include fulfilling responsibilities of practicing special educators, such as planning for instruction; using IEPs; implementing adaptations and accommodations of instruction aligned to Illinois learning standards and general education curriculum in academic, social and vocational areas; assessing student progress employing alternative assessment as appropriate; employing community resources and technology; and collaborating with parents and other professionals.

EDGSP 530
Student Teaching: Students with Disabilities
6 Credit Hours
This course includes observation of, participation with, and teaching of students with disabilities. Other activities include fulfilling responsibilities of practicing special educators, such as planning for instruction; developing IEPs; implementing accommodations and modifications of instruction aligned to Illinois learning standards and general education curriculum in academic, social and vocational areas; assessing student progress employing alternative assessment as appropriate; employing community resources and technology; and collaborating with parents and other professionals.

EDGSP 531
Behavior Management
3 Credit Hours
This course explores the research relevant to the behavior management of classrooms as a three-dimensional construct, including prevention of misbehavior through effective instructional design, addressing misbehavior through effective management techniques, and decreasing misbehavior through effective positive-behavior support plans. Recognition of age-appropriate and developmental needs of typical and atypical learners serves as a foundation. 10 clinical hours.

EDGSP 532
Individualized Positive Behavior Support Plans
3 Credit Hours
This course includes investigation of relevant legal and ethical issues regarding discipline of students with disabilities. Collaborative models of design and implementation and evaluation of positive-support behavior support plans based on functional analysis of behavior is explored. 10 clinical hours.

EDGSP 533
Curriculum Development for Special Educators
3 Credit Hours
This course includes investigation of state and federal legislation, Illinois learning standards, general curriculum and curriculum materials from varied sources. Other course topics include development of curricula, employing learning styles research, bodies of knowledge from professional organizations of the disciplines, curriculum adaptation, collaboration models, instructional delivery, student advocacy, matching curricula to individual learners, technology, and case-by-case problem solving. 10 clinical hours.

EDGSP 534
Curriculum Evaluation and Collaborative Assessment for Special Educators
3 Credit Hours
This course provides an exploration of assessment strategies for systematic monitoring of student progress, curriculum appropriateness, alternative communication modes, alternative assessment use in the general education classroom, grading, error analysis, and instructional planning. The course also provides experience in peer coaching, team teaching, team assessing, and models for collaboration. 10 clinical hours.
EDGTE 450
Methods of Teaching English as a Second Foreign Language to Adults and Children
3 Credit Hours
This course focuses on teaching English to adults and children in formal and/or informal school settings. This course will develop candidates' understandings of and skills in the method and materials of Teaching English to Speakers of Other Languages, intercultural competencies, language structure and teaching practice in supervised settings. 40 field hours. Offered spring.

EDGTE 470
Advanced Methods of Teaching English as Second/Foreign Language to Adults and Children
3 Credit Hours
Pre/Corequisite: P (RQ) EDGTE-450
This course is designed to develop advanced candidate theory, knowledge and skills, including advanced grammar, for teaching English in community settings, e.g., community centers, adult education, and after-school programs, both in the U.S. and abroad. 40 field hours. Offered spring.

EDGTE 479
Theoretical Foundations of Teaching ESL and Bilingual Education
3 Credit Hours
This course is designed to introduce students to an understanding of the historical, philosophical, socioeconomic and educational issues that have led to the formation of ESL and bilingual education programs, services and for culturally diverse populations. An examination of the research concerning theories of language learning and acquisition as they pertain to ESL and bilingual education is included. 0-25 field experience hours. Variable field hours requirement depending on student program and teaching experience. Offered fall.

EDGTE 480
Methods of Teaching English as a Second Language
3 Credit Hours
Relevant topics concerning English as a second language are included in this course, as well as the nature and function of language. Methods of teaching, listening, speaking, reading and writing are presented. Students select and critically analyze ESL materials and are placed in supervised ESL classrooms for clinical experience. Research on methodologies in ESL instruction is developed. 0-25 field experience hours. Variable field hours requirement depending on student program and teaching experience. Offered spring.

EDGTE 481
Cross Cultural Studies in a Bilingual Program
3 Credit Hours
This course focuses on teaching children from diverse linguistic, cultural and racial backgrounds within the context of societal issues related to poverty, discrimination, racism and sexism. Learning and communication styles and the impact of teacher expectations on student achievement are examined.

EDGTE 482
Methods and Materials of Teaching English in a Bilingual Program
3 Credit Hours
A variety of program models, methodologies and strategies that are effective and appropriate for teaching the bilingual student are presented in this course. Methods and materials for integrating the English language arts into the teaching of mathematics, science and social studies are reviewed and employed. The course introduces techniques for managing a multi-level class and presents curricular development techniques for programs that assist students who are learning English in a bilingual educational setting. A supervised clinical experience in a bilingual classroom is provided. An overview of the research associated with teaching methodologies and bilingual education is included. 0-25 field experience hours. Variable field hours requirement depending on student program and teaching experience. Offered spring.

EDGTE 483
Linguistics for Educators
3 Credit Hours
This course provides an introduction to contemporary theories of language structure, phonology, morphology, syntax and semantics. Concentrates on applied linguistics relevant to the PreK-12 classroom and includes a review of pertinent professional literature. 0-25 field experience hours. Variable field hours requirement depending on student program and teaching experience. Offered summer.

EDGTE 484
Assessment of Bilingual Students
3 Credit Hours
This course provides a theoretical and practical study of instruments and procedures for testing bilingual students. Formal and informal methods used to evaluate and assess language skills and academic proficiency are examined. Issues of non-discriminatory testing are addressed and the professional literature on assessment and bilingual education is reviewed. 0-25 field experience hours. Variable field hours requirement depending on student program and teaching experience. Offered summer.

EDGTE 485
Methods of Teaching Bilingual Education
3 Credit Hours
Program models, methodologies, and strategies that are effective and appropriate for designing, implementing, and assessing teaching and learning for emergent bilinguals are presented in this course. The course presents curricular development for students who are learning in a bilingual education setting. A supervised clinical experience in a bilingual classroom is provided. An overview of the research associated with teaching methodologies and bilingual education is included. Successful completion of the Illinois
State Language Proficiency Examination in target language or other certification approved by the Department. 0-25 Field Hours. Variable field hours requirement depending on student program and teaching experience. Offered spring.

EDGTE 486
**ESL Bilingual Education Observation**
1 Credit Hour
This course is the field experience component of your ESL or Bilingual Education endorsement. Topics include observation, analysis of interactions and instruction of students in ESL and Bilingual Education classroom settings to support theory presented in university classroom component.

EDGTE 570
**Program Orientation**
0 Credit Hours
Candidates explore the Education Department's professional dispositions, which include the values, commitments and professional ethics that influence behaviors toward families, colleagues and communities that affect student learning. In addition, candidates complete the first of two professional dispositions self-assessment surveys. This course also explores key functions of course platforms (Canvas and Live Text) that will be utilized throughout the program.

EDGTE 571
**Program Reflection**
0 Credit Hours
In this course the candidates reflect on their experience throughout the program. Candidates complete the final professional dispositions self-assessment survey.
