

CLASSROOM

In the classroom and socially distanced

ONLINE VIRTUAL SYNCHRONOUS

Video class that happens in real time

ONLINE

Entirely online via the internet

ONLINE/CLASSROOM

Some socially distanced classroom classes with online instruction

FOUR WAYS TO ATTEND CLASSES AT SXU SPRING 2021

SELECTING THE RIGHT COURSES FOR YOU

- Talk to your advisor to find out which courses you need to help you make progress toward graduation.
- Select the courses and pay attention to the formats in which they are offered.

WHAT HAPPENS IF I WANT TO CHANGE MY SCHEDULE

- In Week 1 of the term, you can change your classes.
- In Week 2, you will need instructor permission, after first consulting with your advisor about the change, and the help of the Office of Records and Registration.
- Use the Academic Planning module and talk to your Advisor to find out the courses you need to help you make progress toward graduation.
- During the first two weeks, you can make these changes without financial penalty.

WHAT HAPPENS IF . . .

What happens if I get sick, must quarantine or care for someone at home after the second week? Contact your instructor immediately. Your faculty will work with you to help you continue in the course and complete it.
